Since the amount so incurred would be recovered from the client of KW&SB, therefore the accounts will be submitted consumer wise and this was the reason tenders were called repeatedly for separate consumer numbers. This also facilitates the recovery and subsequent adjustment of accounts against each consumer number.

More over we have been sending bid invitation to SPPRA Web site which appeared several time for transparent bidding. In this connection the SPPRA has already issued I.D of tender to proceed accordingly.

We hope that our explanation will provide full satisfaction to you after explaining the technicalities as mentioned above.
