Summary No. 282 & Dated 4-11-2015

SUMMARY FOR CHIEF MINISTER, SINDH

SUBJECT: OUTSIDE BUDGET GRANT FOR EMERGENCY CAMPAIGN FOR CLEARANCE OF GARBAGE BACKLOG IN KARACHI.

The Sindh Solid Waste Management Board has been created under an Act of Sindh Assembly to establish Integrated Solid Waste Management Projects in all cities of the Province.

2. Karachi is the largest mega polis of Pakistan with a population surpassing 22 million, generating around 12000 tons of garbage on daily basis. More than 19 agencies are engaged in solid waste management in Karachi with no mutual coordination. The maximum lifting capacity of all these agencies is not more than 50 percent.
3. Resultantly, there is a huge backlog of old garbage that keep piling up throughout the city in illegal dump sites, nallahs, depressions, spaces along roads and vacant plots and especially at the rudimentary garbage transfer stations in the middle of the city. This has turned the city literally in a mega dustbin with huge adverse impacts on health, city planning and foreign investment in the city besides fatal consequences in cases of floods and rain emergencies.
4. The Managing Director, Sindh Solid Waste Management Board has informed vide his Note bearing No.SSWMB/MD/735/2015 dated 04-11-2015 the Honorable Minister Local Government has directed Sindh Solid Waste Management Board to initiate an urgent campaign to clear garbage backlog in a way that it should dovetail with the Karachi Integrated Municipal Solid Waste Management Project due to come on ground in January/ February 2016.
5. Accordingly, the entire Karachi city was surveyed and photographed in connection with the backlog by the SSWMB. A report was also called from KMC and all DMCs who reported on 1st October'15 a total garbage backlog of 126,716 tons in the entire city (**Annexure-A**). The Sindh Solid Waste Management Board conducted its own survey and prepared a backlog situation report that can be perused at **Annexure-B**. Afterwards, a third survey was conducted by the DMCs in the backdrop of the meeting held at Commissioner office, Karachi that reported a highly inflated backlog situation (**Annexure C**).
6. On the basis of all above reports and further ground checks, the SSWMB re-estimated that the maximum backlog throughout the city is around 625,000 tons (**Annexure-B**). But it is also a fact that the exact measure of garbage backlog is difficult to quantify. However, taking all surveys and estimates into consideration, a near approximate figure shall be around 1,000,000 tons.

7. The Managing Director, Sindh Solid Waste Management Board has further conveyed vide his above mentioned note that a meeting to discuss the modalities for clearing the garbage backlog was held in Chief Minister House on 3rd November 2015. The meeting was attended by Minister Finance, Minister Local Government, Secretary Finance, Secretary Local Government, Commissioner Karachi, Managing Director SSWMB and Sr. Director, Municipal Services, KMC.

8. The Minister Local Government apprised the forum that the existing arrangement and capacity of DMCs does not match with the requirement. Approximately 40% garbage is lifted by DMCs while remaining 60% is left un-attended. Resultantly huge dumps of garbage have accumulated on many spots, roads and informal dumpsites within city areas over a period of time. These garbage dumps, besides creating ugly look, are also posing serious threat to the environment in general and public health in particular.

9. In order to provide relief to the citizens, save the environment from further degradation and prevent any outbreak of disease or creation of public health problem, the forum unanimously decided to launch an emergency campaign to get rid of the backlog and clear the city so that a new start could be launched once 'Integrated Solid Waste Management Plan' by Sindh Solid Waste Management Board comes on ground in January / February 2016.

10. The backlog can be immediately removed, lifted and transported to landfill sites within a span of one month if the same is out sourced. Approximate cost for the job i.e. lifting and transportation of backlog garbage from different parts of the city to Jam Chakro and Gond Pass landfill site is approximately Rs. 1,000 per ton, however exact cost shall be worked out once the tenders are invited and opened. The SSWMB has already prepared a **Multi-pronged Strategy** to remove the backlog from the city. Kindly peruse **Annexure D**.

11. SSWMB shall invite the separate tenders for each district as per SPPRA Rules 2010 (amended 2013). The contractor shall quote the rates, on per ton basis, for lifting and transportation of the backlog garbage from different parts of the district to the landfill site. The contractor shall be paid on the basis of the weight slip of the weighbridge.

12. Approximate time required for carrying out the task from publication of NIT, 15 days response time, opening of bids, evaluation of bids, 7 days hoisting of results of the bids on SPPRA (and SSWMB) websites and award of work is normally one month under SPPRA Rules 2010 (amended 2013). However this time can be curtailed by 10 days if response time is reduced from 15 to 7 days (Rule 18 and 19 of SPPRA Rules 2010) and hoisting time is reduced from 7 to 3 days (Rule 45 of SPPRA Rules 2010).

13. The forum discussed all options available under SPPRA Rules 2010 (amended 2013) and unanimously agreed that the garbage dumps (backlog) are posing serious threats to the environment and health of the citizens thus an state of emergency has emerged and there is danger of outbreak of diseases if these dumps are not removed and disposed of on emergency basis by launching a special drive.

Contd...P/3...

14. The Managing Director, Sindh Solid Waste Management Board has proposed that the Honorable Chief Minister may kindly approve the following:

- a) Approve launching of the emergency Campaign for Removal of Garbage Backlog from Karachi City,
- b) i. Allow procurement by following Routine time frame prescribed under SPPRA Rules 2010 (amended 2013).
OR
ii. Allow emergency procurement under SPPRA Rules 2010 to the extent of Response time to seven days (Sec: 18 & 19) and three days for Section 45,
- c) Approve outside budget a grant of 1,000 M (Rupees One thousand million) to Sindh Solid Waste Management Board for the campaign,
- d) Approve Monitoring Committees to ensure transparency as given at Annexure D.

15. Honorable Chief Minister may like to pass orders as deemed appropriate in the matter, please.
