Article I. DEFINITIONS

In this Contract, the following terms shall be interpreted as indicated:

"Commencement Date of the Contract" means the date of signing of the Contract between the Purchaser and the Contractor.

"Contract" means the agreement entered into between the Purchaser and the Contractor, as recorded in the Contract Form signed by the parties, including all Schedules and Attachments thereto and all documents incorporated by reference therein.

"Contract Price" means the price payable to the Contractor under the Contract for the full and proper performance of its contractual obligations.

"Contractor" means the individual or firm whose bid has been accepted by the Purchaser and the legal successors, in title to the Contractor.

"Contract Value" means that portion of the Contract Price adjusted to give effect to such additions or deductions as are provided for in the Contract, which is properly apportionable to the Software or Services in question.

"Purchaser" means the Information, Science & Technology Department, Government of the Sindh, Karachi - Pakistan.

"Services" means services, such as testing, training and other such obligations of the Contractor covered under the Contract.

"Works" means all Software / Hardware to be provided and services to be rendered & work to be done by the Contractor under the Contract.

"SPPR 2010" means Sindh Public Procurement Rules 2010 (Amended 2013)

"SPPRA" means Sindh Public Procurement Regulatory Authority established under Section 3 of Sindh Public Procurement Act, 2009.

Article II. INVITATION TO BID

Information, Science & Technology Department Government of the Sindh (hereinafter referred to as Purchaser), invites sealed bids from eligible bidders for **“Barani Area Water Availability Study / Pilot Water Supply Project District Malir”**.

1. Tender Bids in sealed envelopes as per information are required. Proponents applying for bids should submit duplicate Financial Proposal and Technical Proposal in two separate envelopes with clear marking of “Technical Proposal” and “Financial Proposal” as per Single Stage - Two Envelope process as per SPPR Rules 2010 (Amended 2013). The interested bidder must have valid NTN also. Only Income Tax and Sales Tax registered firms are eligible to participate.
2. The bidder must quote for the complete scope of work. The bid offering partial scope of work shall be rejected as non-responsive.
3. The Technical Proposal should contain all the bid items without quoting the price and must list firm’s clientele, resumes / CV’s of the team. Financial bids of Firms not obtaining minimum passing criteria on Technical basis will not be opened.
4. Interested eligible bidders may obtain further information on the bid and inspect the bidding documents at the office of Section Officer (General), Information, Science & Technology Department, Government of Sindh, 1st Floor, Building No. 6, Sindh Secretariat, Shahra-e-Kamal Ataturk, Karachi, Tel: +92-21-9921-3841 Fax: +92-21-9921-1414.
5. All bids must be accompanied by an earnest money 2.5% of total bid amount, and must be accompanied with the financial offer. Bid without bid security of required amount and prescribed form shall be rejected.
6. Information, Science & Technology Department Government of the Sindh will not be responsible for any costs or expenses incurred by bidders in connection with the preparation or delivery of bids.
7. The Bid prices and rates are fixed during currency of contract and under no circumstance shall any contractor be entitled to claim enhanced rates for any item in this contract.
8. Bidders shall submit Bids, which comply with the Bidding Documents. Alternative Bids will not be considered. The attention of bidders is drawn to the provisions of Clause on “Determination of Responsiveness of Bid” regarding the rejection of Bids, which are not substantially responsive to the requirements of the Bidding Documents.
9. The Information, Science & Technology Department, (Procurement Agency) Government of Sindh may reject any tender as per provision of SPP Rules 2010 (Amended 2013).
10. All prices quoted must include any Taxes applicable, such as Income Tax, etc. If not specifically mentioned in the quotation, then it will be presumed that the prices include all the taxes.
11. Failure to Complete the Task within the stipulated time period will invoke penalty of 0.025% of the total cost per day. In addition to that, Security Deposit (CDR) amount will be forfeited and the company will not be allowed to participate in future tenders as well.

- 9 Contacting the Purchaser
 - a. Any effort by a bidder to influence the Purchaser in the Purchaser's decisions in respect of bid evaluation, or Contract award will result in the rejection of the bidder's bid.

Article X. SCOPE OF WORK

The pilot project titled “**Barani Area Water Availability Study / Pilot Water Supply Project District Malir**” has been conceived under “Science Technology”, since I.T department has been re-structured as Information, Science & Technology Department. Project’s location is District Malir, a sub-urban traditional agro growing area suffering water shortage or brackish under ground water. Hence agriculture activities have become limited despite being conveniently located. Such a situation has also resulted in an un-employment besides general deprivation. If working is done on underground water through this project then economic prosperity and general well being is expected when agro, dairy and poultry etc products are sold in adjoining Karachi costing less fuel expenditure, time besides convenience and economic benefits to consumers & famers. Project includes Resistivity Survey, Boring, Solar/RSO system alongwith Solar bulb component etc to be deployed in various Barani areas of District Malir on need basis.

Moreover, being nearer to Karachi, less time consumption to occur, therefore people of Karachi to get fresh products at cheap rates due to direct farm to market access and to ensure quick returns to the farmers. The farmer / grower will also get better prices due to elimination of middle man who takes away major profits.

Its to promote agriculture, agro profits, employment, better market mechanism for Karachi, socio-economic upliftment of sub-urban areas, crime control etc. such satellite adjoining agro growing areas are must for an ever spreading and growing Karachi specially in case of crises.

The project distinguishes itself from other alike or similar projects in many ways as its deployment is not necessary in the form of a package. It’s to be either severally or jointly on need basis. Moreover Resistivity Survey, Crop Advise and Solar/RSO system alongwith Solar bulb component etc are other distinctive features.

Project’s success will encourage other farmers and to pave way for further agro economic development, reduction of poverty and to improve Law & Order situation and sustainability. Such a pilot project’s success is quite positively expected and would serve as role model for the stakeholders for conceiving bigger projects in public interest specially in other Barani areas where underground water is also brackish and resultantly causing un-employment coupled with other socio-economic distresses.

Following facilities to be provided to cultivator of District Malir (Taluka Malir & Taluka Gadap) on need basis:

- i) Boring (Water lifting system, fittings and restivity)
- ii) RO System (2200LPH)/RO Solar System
- iii) Submersible Pump (200 ft) approx.
- iv) Solar Electric Generation System for submersible pump (12000 Watt)
- v) Water Storage Tank 25x25x1.5(m)
- vi) Solar Light Bulb

Methodology to be implemented of the project:

All facilitation mentioned as above will be provided to recipients jointly as a package incase cultivator is without all such facilities or severely (component wise) on case to case basis. This will make the project more implementable and versatile and to register more beneficiaries. It is to avoid duplicity also. For example, incase already a cultivator has a bore but has electricity problems then he will be provided Solar System only and also no need of Restivity survey/ boring. In case cultivator has the facilities of electricity etc but water is brackish making cultivation impossible then he might be provided RO System only and so on and so forth. Complete single package costing has been done inclusive of cost per item.

Available budget to be spent as per ground per item requirements and to vary from case to case basis in sequel to technical selection of pilot sites being in consonance with the aims and objectives of the project to seek /achieve success for Project's mass application in later stages. Documents etc of Zamindar (applicant) & survey / reporting by Field Team and approval of IS&T department accordingly will give finality to site selection, the number and technical requirements effecting the installation of items as per observance of codal formalities.

Note: Complete installation/deployment/transportation on site(s) will be the responsibility of the successful bidder.

Article XI.**FINANCIAL PROPOSAL**

1. The earnest money 2.5% of the Total bid value in the form of bank pay order / demand draft in favor of "Section Officer-General, Government of Sindh" shall be enclosed in the Financial Bid. No bid will be entertained without the earnest money.
2. Financial Bid should comprise of a detailed quotation in the due compliance to following format:

Sr.No.	Description of Items	No. of Quantity	Unit Price including all applicable taxes.
1.	Boring (Water lifting system, fittings and restivity)	01	
2.	RO System (2200 LPH)	01	
3.	Submersible Pump (200 ft)	01	
4.	Solar Electric Generation System for submersible pump (12000 Watt)	01	
5.	Water Storage Tank 25x25x1.5 (m)	0	
6.	Solar Light Bulb	01	
7.	Metering/Dosing Pump Diaphragm tpe or Equivalent	01	
8.	Anti Scalent	01	
	Total Price including all applicable taxes.		

Note – Item-wise quantity may increase / decrease as per ground requirements read with Page No.18 within the quoted cost.

Detailed Specification

Note: All specifications hardware items higher and equivalent may also be considered

1. **BOR** :- Restivity Survey /Excavation/ drilling boring for watering in all respect
 - i. Depth <300 feet
 - ii. Depth <400 feet
 - iii. Depth <500 feet
 - iv. Dia 8 inches with casing

2. **SUBMERSIBLE PUMP** :- Providing, fixing and installation submersible pump approved quality with cabling, jointing, riser pipe, pressure pipe, nuts and bolts starting complete in all respect.
 - i. Submersible pump/ motor manufactured by GRUNDFOS (ENGLAND) or equivalent.

3. **SOLAR ELECTRIC GENERATION SYSTEM** :-
Providing fixing and installation solar panels approved quality fixing with surface mounted G.I. channels framing (2"x 3/8") with nuts and bolts including D.C. wire with required size and gauge underground PVC pipe covered cabling as per required load jointing with conductors in all respect with complete accessories and pump controller, electric panels, with C.C. foundation complete.
 - i. For Submersible pump 5.5 H.P
 - ii. For Submersible pump 7.5 H.P
 - iii. 12. K.W to 15. K.W
 - iv. Pump controller 11.5 to 15.5 K.V.A
 - v. Framing with G.I. channel (2"x 3/8")
 - vi. C.C. 1:2:4 Foundation
 - vii. D.C. Wiring / with panel ON/OFF

4. **R.O SYSTEM/ SOLAR R.O. SYSTEM**:- Providing fixing and installation reverse osmosis plant for drinking and agriculture purpose approved quality with 10'x10' block mesonary room height 8' precast slab complete in all respect.

SPECIFICATIONS OF DESALINATION R.O. SYSTEM 2200. LPH

PRE-FILTRATION UNIT

Feed Water Pump

Make: Grundfos / Lowara OR Equivalent
Material: Stainless Steel

Multimedia Sand Filter

Make : Wave Cyber / Pentair OR Equivalent
Material : Fiber Reinforced Plastic/ Granule Reinforced Plastic
Media : Gravel, Silica Sand & Activated Carbon

Micron Cartridge Filtration

Make : Big Blue or Equivalent
Particle Cut Off Size: 5 Micron
Housing : PVC

High Pressure Pump

Type : Multistage (Vertical)
Make Grundfos
Material Stainless Steel

Discharge Head

Make : Grundfos
Material : Stainless Steel

Motor Data:

Manufacturer : Grundfos

REVERSE OSMOSIS UNIT

Capacity : 2200 LPH During Day Light
Feed water TDS : Up to 5,000 ppm
Product water TDS : 100 ppm to < 300
R.O. Membrane Make : FLIMTEC DOW - USA or Equivalent
Pressure Vessels Make : Flowmatic - or Equivalent
Skid Mounted Frame : Enamel painted Mild Steel
Control Panel : Semi - Automatic
Inclusive of : Liquid filled pressure gauges, inter-connected piping work & electrical connections.

INSTRUMENTS & CONTROL

Control Panel Relay base 01
Flow Meters Rota 02
TDS Meter 01

Pressure Gauges

Type : Dial Type SS Glycerin Filled
Make : Wika OR Equivalent

Battery Bank 2 hours backup time

5-A. WATER STORAGE TANK(Size 25x25x1.5)

S.No	Item	Unit	Quantity
1	Excavation in foundation of buildings bridges & other structures & as directed by engineer in charge	Cum	15.45
2	C.C Brick or Stone ballast 1-1/2" to 2" gauge Ratio 1:4:8 (for bed) & as directed by engineer in charge	Cum	140.45
3	C.C plain i/c placing compacting finishing & curing complete (i/c screening & washing of stone aggregate without shuttering) ratio 1:2:4(for bed and under wall) & as directed by engineer in charge	Cum	119.11
4	C.C plain i/c placing compacting finishing & curing complete (i/c screening & washing of stone aggregate without shuttering) ratio 1:2:4(for stairs and walls) or as directed by engineer in charge	Cum	59.025
5	Cement plaster 1:6 upto 2.00 m height 0.02m thick or as directed by engineer in charge	Cum	16.947
6	Erection and removal of shuttering for Plain Cement Concrete (vertical) or as directed by engineer in charge	Sft	3314.33
7	Back filling of water storage tank with borrow pit excavated soil including dressing, compaction etc or as directed by engineer in charge	Cum	636
8	Providing and fixing M.S. sliuce valve 8" dia	No	1
9	Providing and fixing G.I. Pipe 8" dia	Rft	20

5-B. WATER STORAGE TANK(Size 12x12x1.5)

S.No	Item	Unit	Quantity
1	Excavation in foundation of buildings bridges & other structures & as directed by engineer in charge	Cum	3.86
2	C.C Brick or Stone ballast 1-1/2" to 2" gauge Ratio 1:4:8 (for bed) & as directed by engineer in charge	Cum	36.45
3	C.C plain i/c placing compacting finishing & curing complete (i/c screening & washing of stone aggregate without shuttering) ratio 1:2:4(for bed and under wall) & as directed by engineer in charge	Cum	34.10

5-C. WATER STORAGE TANK for 50,000 Gallons as per mentioned specifications

5-D. WATER STORAGE TANK for 20,000 Gallons as per mentioned specifications

6. **SOLAR LIGHT**:- Providing mobile solar light with chargeable solar energy battery system.
