**Improvement/Rehabilitation of Remaining Portion of Road
from Sujawal to Badin (52 Km) Near Khore Wah to Start
of Badin Bypass (Km 27+750 to Km 79+750), Scheme
No. I, (ADP # 2227/2016-17).**

CONTRACT PACKAGE # SCA/EA/CP-X

ADDENDA TO BID DOCUMENT

ADDENDUM # 1

NOTICE TO ALL BIDDERS

The Bidding Documents for the above-referenced Project are modified as set forth in this Addendum. The original Bidding Documents issued remain in full force and effect, except as modified by this Addendum, which is hereby made part of the Bidding Documents. Bidder shall take this Addendum into consideration when preparing and submitting a bid, and shall acknowledge receipt of this Addendum in the space provided on the Bid Form.

In accordance with Clause 9 of Instructions to Bidders following texts of the bid documents are deleted / amended in Part-II Special Condition of Contract and replaced with new text.

Sindh Coal Authority

B When Escalation is allowed on the materials only.

Price adjustment on following items shall be allowed:

Cost Element	Description	Base price	Applicable index
1	2	3	4
(i)	Cement – in bags (50kg bag)	540.50	Government of Pakistan (GP) Federal Bureau of Statistics (FBS) Monthly Statistical Bulletin for Karachi (Lucky Cement)
(ii)	Reinforcing Steel Steel	73,000	Amreli Steel
(iii)	Bitumen 60/70 in Bulk 80/100 in drums	47,151 58,575	Attock Petroleum Karachi
	Total Three items.		

Notes:

1. The base prices shall be those as provided in above table. Current indices or prices shall be those applying last 28 days prior to the last day of the billing period.
2. Any fluctuation in the prices of materials other than those given above shall not be subject to adjustment of the Contract Price.

SPECIAL PROVISION

SPECIAL PROVISIONS

SP-1 NOT USED

SP-2 ENGINEER'S FACILITIES

2.1 SCOPE

- a) The Contractor shall provide, properly maintained and serviced, facilities for the Engineer (the "Engineer's Facilities") comprising of an office, (the "Engineer's Office"), a laboratory (the "Engineer's Laboratory"), housing (the "Engineer's Housing"), survey equipment (the Engineer's Survey Equipment") and vehicles (the "Engineer's Vehicles") as specified hereinafter for the exclusive use of the Engineer during the whole Contract period.
- b) The Contractor shall provide and pay for all consumables, the consumption of electricity, gas and water, the installation and the use of telephones, and provide and pay for all other incidental and running costs related to the Engineer's Facilities.
- c) The Engineer's Facilities shall be available and ready for use within 30 (Thirty) days of the Commencement Date during this period of (30) thirty days the contractor shall make an interim arrangement at his own cost by hiring suitable and acceptable hotel/office/vehicles to serve the purpose to the satisfaction of Engineer.
- d) The Contractor shall be responsible for and take all necessary measures to ensure the security of the Engineer's Office, Laboratory and Housing and their contents at all times and shall employ watchmen for this purpose.
- e) The Engineer's Housing, Office and Laboratory shall be provided as per the requirements set forth in relevant SPs., under the pay item on the respective BOQ.
- f) The Engineer's Facilities, including all vehicles, equipment, furniture, fixtures fittings laboratory & survey equipment shall become the property of the Contractor as stated in relevant SPs.

2.2 SITE LAYOUT

- a) The layouts of the sites for the Engineer's Office and Laboratory are to be agreed by the Engineer and should take into account the following general requirements:
- b) Safe access from the public road.
- c) Paved areas for vehicle movement.
- d) Covered areas for vehicle parking.
- e) Dust suppression in unpaved areas.
- f) Grading of the site to provide drainage.
- g) Separate foul and surface water drainage system, with outfall and treatment as appropriate. Septic tanks being suitably distanced from and down-wind of occupied buildings.
- h) Standby electrical generating capacity located and protected to avoid noise nuisance.
- i) Suitable and convenient covered areas for storage of materials samples.
- j) Ducts, cables, pipes and sewers for services and drainage.
- k) A car washing area with a water source and proper drainage.
- l) Areas of visual amenity having trees, flower beds, shrubs and so forth, with a water source nearby.

- m) Security measures comprising perimeter fencing or walls, gates and guardhouses.

2.3 UTILITIES

- a) Back-up electrical power supply by diesel generator shall be provided. The generator shall have an automatic cut-in in case of failure of the main supply. The power circuit shall be equipped with voltage regulation to protect electrical equipment from overload and to ensure proper operation of computers and the like.
- b) A continuous water supply shall be available for normal use. All kitchens shall be provided with potable water and the source shall be tested and certified by the Contractor at least monthly or at shorter intervals as directed by the Engineer.
- c) Continuous supplies of water, gas, electricity and fuel for the stand-by generator shall be provided by the Contractor who shall be responsible for and pay all costs of installation, connection, maintenance and use.
- d) The Contractor shall take appropriate measures to discourage the presence or entry of termites, cockroaches, vermin and the like. Such measures may include chemical treatment of foundations, sealing of joints in construction and periodic fumigation.
- e) Contractor shall be responsible to do all the formalities in acquiring and installing the Gas, Telephone, Water and Electricity connection for the respective building required under this SP.

2.4 COMMUNICATIONS

1. The Contractor shall arrange for, provide and install in the Engineer's Office. Housing and Laboratory, communication facilities comprising a total of one (01) subscriber trunk dialing (STD) and one (01) (NSTD) telephone lines and eight (08) mobile (cellular) telephone sets with all appurtenances.
2. The Contractor will be required to pay for the cost of telephone calls including calls from mobile phones made by the Engineer, his staff and their dependents up to a total cost of Rs.25,000/= (Twenty five Thousand Rupees) per calendar month.
3. After Completion of the project (cellular) telephones will be the Property of Contractor.

2.5 ESTABLISHMENT

1. Within 7 (Seven) days of the Commencement Date the Contractor shall submit to the Engineer the details of furniture and equipment for the Engineer's Office and Laboratory. The rental housing/office/laboratory shall also be arranged within this period.
2. Within 7 (Seven) days of receiving the Contractor's proposals the Engineer will approve them with any necessary modifications and will instruct the Contractor to proceed with the procurement of the furnishings and equipment.
3. The Engineer's Facilities shall be available and ready for use within 30 (Thirty) days of the Commencement Date.
4. Till such time that the Engineer's facilities are provided the contractor shall made an interim arrangement and shall bear all expenses, such as rent, transport, communications, utilities etc. required to be provided under the provision of the relevant SPs.

SP-3 ENGINEER'S CENTRAL OFFICE

3.1 SCOPE

The contractor shall provide the Engineer's office building on rental basis.

- a) The office shall comprising six offices, a conference room, four lavatories with washing facilities, a kitchen and a tea room.
- b) The Contractor's Office will be situated adjacent to but at a reasonable distance from the Engineer's Office.
- c) The Contractor shall maintain the Engineer's Office in good condition to the satisfaction of the Engineer for as long as required for the purposes of the Contract.
- d) The office building shall be provided with underground and overhead water reservoirs of adequate capacity.
- e) The building shall be provided with all facilities in accordance with SP-2.
- f) The Engineer's office will be handed over to the Contractor six months after the date of issue of the Taking Over Certificate.
- g) The Engineer's Office fittings, equipment and furnishings shall become the property of the Contractor, six months after the date of issue of the Taking-Over Certificate.

3.2 FURNITURE AND EQUIPMENT

In addition to normal stationery requirements, the Contractor shall provide for the Engineer's Office, furnishings and equipment complying at least to the following list, all to the approval of the Engineer and all for the exclusive use of the Engineer.

No. ITEM

OFFICE FURNITURE

- | | |
|----|---------------------------------------------------------------------------------------|
| 5 | Standard office desks with lockable drawers and glass top |
| 4 | Small tables |
| 5 | Swivel type padded desk chairs with arms and castors |
| 1 | Executive desk with lockable drawers and glass top with computer table |
| 1 | Executive type upholstered desk chair |
| 1 | Secretary's desk with chair and matching computer table |
| 1 | Conference table for twelve persons with padded swivel chairs |
| 16 | Standard office chairs |
| 8 | Lockable metal filing cabinets for drawings (1.0 x 0.80 x 0.75) m with 4 No. Drawers |
| 6 | Metal cabinets with two lockable doors and five shelves 0.95m x 0.50m x 1.85m high |
| 2 | Metal filing cabinets with four lockable drawers |
| 4 | Metal filing cabinets with two lockable drawers |
| 4 | Book cases with two shelves |
| 1 | Executive sofa set comprising one sofa, two armchairs and coffee table with glass top |
| 6 | Display boards |
| 6 | Metal waste baskets |
| 7 | Office clock, battery powered |
| 6 | Plastic trash containers, 500 mm diameter minimum by 750 mm high. |
| 1 | Electric water coolers |
| 6 | Desk lamps, fluorescent, 20 watts |
| 1 | Desk lamp, executive type |
| 1 | Photocopier with enlarging and reduction capability with 55-65 copies/minute speed |
| 1 | Automatic voltage stabilizer for Xerox photocopier |
| 5 | Air conditioners (cooling and heating) 18,000 BTU or as required |

No. ITEM

- 1 Facsimile machine, Panasonic VF-270 or similar
- 1 Automatic voltage stabilizer for facsimile machine
- 10 Standard size staplers
- 2 Heavy duty staplers
- 3 Paper cutters
- 2 Paper hole punches, heavy duty
- 10 Paper hole punches, light duty
- 2 Pairs of scissors, heavy duty
- 10 Pencil sharpeners
- 2 Pencil sharpeners, desk mounted
- 10 Calculators Scientific
- 1 Binding machine, Model No. 212 PB by General Binding Corp or similar
- 1 Digital Camera, 35 mm single lens reflex Canon/Nikkon or similar, 35-150 mm zoom lens, electronic flash gun, carrying case, filters
- 4 Fire extinguishers (carbon dioxide), wall-hung

COMPUTER EQUIPMENT

- 6 Desktop PC, Intel Core i7 2.4 Ghz 7th Generation, 8 GB RAM, 500 GB hard disk, DVD/RW, LED/LCD 20" PCI Express Graphic Card 2GB, LAN 10/100, Sound Card.
- 2 Laser Printer (A3 + A4 paper size),
- 3 Uninterruptible Power supplies, 1 KVA.
- 1 Copies of the latest versions of the following PC software
Windows 7 32Bit or MS Office 2010
- Autocad (latest version)

MISCELLANEOUS

- 2 Oxford Shorter English Dictionary (Soft/Hard copy)
- 2 English – Urdu and Urdu – English dictionaries
- 20 Construction hard hats
- 1 Set of relevant AASHTO specifications
- 1 Set of relevant Asphalt Institute manuals
- 1 Set of relevant British Standard specifications
- 1 Set of relevant ASTM standards
- Consumables including camera film, batteries for clocks and calculators, paper, cartages and all other office supplies as required.
- Venetian blinds and cotton curtains on all windows

KITCHEN

- 1 Double stainless steel sink with drain board
- 1 Electric refrigerator, 0.50 cu.m capacity with separate freezer compartment, self defrost type
- 1 Gas stove with oven, four burners, and gas bottles as required.
- 1 Set of kitchen cabinets, lockable, with formica top
- 1 Electric kettle
- 1 Electric coffee maker
- 1 Water heater, 60 liters per minutes
- 6 Tea towels
- 2 Towel racks
- 1 Exhaust fan
- Tea pot, coffee pot, cups, saucers, glasses, spoons and serving trays for 24 persons

No. ITEM

LAVATORIES

- 4 Hot water heaters, 6 liters per minute
- 4 Water closets, pedestal style
- 4 Wash basins with hot and cold water
- 4 Stainless steel lavatory paper holders
- 4 Paper towel dispensers
- 4 Mirrors, 400 mm x 500 mm
- 4 Ceramic urinals
- 4 Exhaust fan, ½ HP, 220 Volt
- 4 Towel holder

3.3 MEASUREMENT AND PAYMENT

The cost of providing, furnishing and equipping the Engineer's office shall be measured and paid for at the contract unit price quoted in the Bill of Quantities, which price and payment shall be full compensation for all costs of providing building, painting furnishing and providing all services, equipment, utilities, installations and access/service roads and for all materials, labour, equipment and incidentals for the proper completion of the work prescribed in these Specifications or as directed by the Engineer.

The office equipment and furnishing are not payable and shall be considered as incidental to other pay items.

PAY ITEM NO.	DESCRIPTION	UNIT OF MEASUREMENT
SP-3	a) Provide Engineer's Central Office (Rental) b) Equip and Furnish Engineer's Office	Per month Lum Sum

SP-4 ENGINEER'S HOUSING (SENIOR & JUNIOR STAFF)**4.1 SCOPE**

The contractor shall provide the building for Engineer's housing on rental basis. The Contractor shall also provide equipment and furniture for the Engineer's Housing as described in 4.2.

Engineer's Housing shall constitute of the following Buildings:

1. Residential accommodation for Senior staff, 6 bed rooms, drawing dinning and Servant Room with attached bathrooms
2. Residential accommodation for Junior staff, 3 bed rooms with attached bathrooms
3. Provision of Furnishing of Engineer's Housing as listed but not limited to as stated in SP-4.2.

4.2 FURNITURE AND EQUIPMENT

1. The Engineer's Housing shall be fully furnished and equipped to the satisfaction of the Engineer, including curtains, linen, blankets, glassware, cutlery, crockery and kitchen utensils as indicated below, which list is intended only as a guide to indicate the minimum requirements that will be acceptable.
2. The Engineer's Housing shall be provided with efficient drainage and sanitation and shall be provided with potable water, gas and electricity supplies available throughout 24 hours of each day.
3. The Contractor shall maintain the Engineer's Housing in good condition to the satisfaction of the Engineer as long as required for the purposes of the Contract.
4. The buildings shall be provided with all necessary facilities in accordance with SP-2.
5. The buildings provided under this SP for Engineer's Housing shall be provided with underground and overhead water reservoirs of adequate capacity.
6. The Engineer's Housing for Sr. Staff will be handed over to the Contractor six months after the date of issue of the Taking Over Certificate, while Housing for Jr. Staff will be handed over to the Contractor on the date of issue of the Tking Over Certificate.
7. The fittings, equipment and furnishings of Engineer's Housing for Sr. staff shall become the property of the Contractor, six months after the date of issue of the Taking-Over Certificate, while for Jr. Staff will be handed over to the Contractor on the date of issue of the Tking Over Certificate.

4.3 MEASUREMENT AND PAYMENT

The cost of providing, furnishing and equipping the Engineer's Housing under this SP shall be measured and paid for at the contract unit price quoted in the Bill of Quantities for the respective Pay Items listed below, which price and payment shall be full compensation for all costs of providing building, finishing, painting, furnishing and providing all services, equipment, utilities and installation and for all materials, labour, equipment and incidental for the proper completion of the work prescribed in these Specifications or as directed by the Engineer.

PAY ITEM NO.	DESCRIPTION	UNIT OF MEASUREMENT
SP-4	Provide Engineer's Housing	
(a)	Provision of residential accommodation for Senior Staff (Rental)	Per month
(b)	Provision of residential accommodation for Junior Staff (Rental)	Per month
(c)	Provide Furnishing and Equipment for Engineer's Housing for Senior & Junior Staff	Lum Sum

SP-5 ENGINEER'S LABORATORY**5.1 SCOPE**

1. The Contractor for the duration of the Contract shall provide Engineer's Laboratory on rental basis. The laboratory shall be for the exclusive use of the Engineer for testing soils, aggregate, concrete and bituminous materials. The laboratory shall be fully equipped with all utilities, furniture, apparatus and fittings appropriate to such use.
2. The Engineer's Laboratory shall be located adjacent to the Engineer's Office. It shall consist of a hall and two offices with storage, lavatory and washing facilities. The hall shall be divided into bitumen section, a soil and aggregates section, and a concrete section.
3. Outside the laboratory water tanks shall be constructed for curing concrete samples, of a size and location approved by the Engineer.
4. The laboratory shall be provided with electricity and telephone and shall be air-conditioned. It shall have a regular and dependable supply of water, gas and electricity available throughout 24 hours of each day.
5. All rooms shall be provided with exhaust fans, located particularly over fume cupboards and the like.
6. To maintain the water supply the building shall be provided with underground and overhead water reservoirs of adequate capacity.
7. The lavatory shall be connected to a septic tank of adequate capacity with a 200 mm sanitary pipe and ventilation pipe stack.
8. The Contractor shall provide two nos qualified materials technicians and two nos laboratory helpers to assist in operating the laboratory. All costs necessary for the provision and upkeep of these personnel shall be the responsibility of the Contractor and shall be considered included in the payment herein specified for providing and maintaining the Engineer's Laboratory.
9. The building for laboratory shall be provided with all the facilities in accordance with SP-2.
10. The Engineer's Laboratory will be handed over to the Contractor six months after the date of issue of the Taking Over Certificate.
11. The Engineer's Laboratory fittings, furnishings and equipment shall become the property of the Contractor six months after the date of issue of the Taking-Over Certificate.

5.2 SAMPLING

It shall be the responsibility of the Contractor to take samples as required by the Engineer and to provide all necessary transport, labour, tools, containers, wrappings and so forth for uplifting and dispatching samples to the Engineer's Laboratory.

5.3 TESTS

1. The Engineer's Laboratory shall be equipped to perform the following in-house tests:

TEST	AASHTO DESIGNATION
Moisture content test by oven drying	
Atterberg limits	T-89 & T-90
Moisture density relationship of soils (standard method)	T-99
Moisture density relationship of soils (modified method)	T-180, Method B and D
Specific gravity of soils	T-100
CBR test	T-193
Sieve analysis of soils and aggregate and mineral filler	T-88, T-27 and T-37
Specific gravity and water absorption of the fine aggregates	T-84
Specific gravity and water absorption of coarse aggregates	T-85
Unit weight of aggregates	T-19
Los/Angeles abrasion test for aggregates	T-96
Chemical tests:	
- Organic impurities for sand in concrete	T-21
- Chlorides and Sulphates in fine aggregates	ASTM-1411
- Potential alkali reactivity test	ASTM-C 289
Amount of material passing No. 200 sieve	T-11
Soundness of aggregates	T-104
Clay lumps and friable particles in aggregates	T-112
Curing concrete compressive test specimens	T-23
Compressive strength of concrete cylinder specimens	T-22
Quality of water to be used in concrete	T-26
Making and curing concrete test specimens in the laboratory	T-126

TEST	AASHTO DESIGNATION
Plastic fines in graded aggregates and soils by use of sand equivalent test	T-176
Sampling bituminous materials	T-40
Marshall test and loss in stability	T-245
Specific gravity of compacted bituminous mixtures	T-166
Quantitative extraction of bitumen from bituminous paving mixtures	T-164
Viscosity of bitumen	T-20, T-202
Penetration of bitumen	T-49
Flash and fire points	T-48
Solubility of bituminous materials in organic solvents	T-44
Coating and stripping of bitumen-aggregate mixture	T-182
Petrographic analysis	

2. The Engineer's Laboratory shall be equipped to perform the following field tests:

TEST	AASHTO DESIGNATION
In-place density by sand cone method (with 15.25 cms and 30.5 cms cone)	T-191
In-place density of compacted base course containing large sizes of coarse aggregates	T-181
Sampling fresh concrete	T-141
Concrete slump	T-119
Sampling bituminous materials	T-40
Determining the temperature of bituminous paving mixtures	-

Coring and determination of bulk specific gravity of compacted bituminous Mixtures T-230, T-166

FURNISHING

The Contractor shall provide for the Engineer's Laboratory furnishings described in the following list to a quality approved by the Engineer. Substitution of type may be made only upon approval of the Engineer.

NO.	DESCRIPTION
3	Standard office desks
1	Swivel type padded desk chairs
7	Work tables
15	Standard office chairs
6	Small tables
3	Side racks
3	Metal filing cabinets, 4-drawer
6	Electronic calculators
2	Air conditioners (cooling and heating)
1	Electric water coolers
1	Display board
3	Desk lamps, fluorescent, 20 watts
3	Standard size staplers
1	Heavy duty stapler
2	Paper cutters
2	Paper hole punches
2	Pencil sharpeners
4	Fire extinguishers

5.4 EQUIPMENT

1. The Contractor shall provide new laboratory equipment as noted in the list *Equipment for the Engineer's Laboratory* included herein. The equipment shall be purchased from international suppliers, all to the approval of the Engineer.
2. The Contractor shall submit to the Engineer within 7 (seven) days of the Commencement Date a complete list of the equipment, apparatus and supplies he proposes to furnish for the Engineer's Laboratory. The list shall include the manufacturer's name and descriptive literature.
3. Additional equipment and materials shall be supplied by the Contractor at no additional cost as and when required by the Engineer to perform any test relevant to the Works.
4. Any damaged equipment received in the laboratory shall not be accepted by the Engineer and shall have to be replaced with new one of matching quality and other specifications of the equipment. Any equipment got damaged due to the negligence of contractor's staff during the working shall be repaired or replaced as would be convenient to the contractor such that the testing schedule in any way should not be effected. The repaired equipment shall be examined by the Engineer or his representative and approved for the use in the material testing. If repaired equipment does not come up to the satisfaction of the Engineer, the same shall have to be replaced with new one.

5.5 MEASUREMENT AND PAYMENT

1. The cost of providing, furnishing and equipping the Engineer's Laboratory shall be measured and paid for at the contract unit price quoted in the Bill of Quantities for the respective Pay Items listed below, which price and payment shall be full compensation for all costs of providing building, finishing, painting, furnishing and providing all services, equipment, utilities installation and access/service roads and for all materials, labour, equipment and incidentals for the proper completion of the work prescribed in these Specifications, drawings or as directed by the Engineer.

SP-6 MAINTENANCE OF ENGINEER'S CENTRAL OFFICE, SENIOR AND JUNIOR STAFF HOUSING AND CENTRAL LABORATORY

6.1 SCOPE

1. The Contractor shall maintain the Engineer's Office, Housing and Laboratory in all respects, including all repairs and replacements of any item and the supply of all consumables.
2. The Contractor shall provide all necessary janitorial services and supplies for the Engineer's Office, Laboratory and Housing. The services shall include normal domestic servicing and cleaning, including lavatories and bathrooms, washing windows and so forth. Janitorial services shall be performed on a daily basis with personnel and to a programme of work approved by the Engineer.
3. The Contractor shall maintain the Engineer's Office, Laboratory and Housing in a neat, hygienic and attractive manner and provide daily garbage collection and disposal services.
4. The Contractor shall maintain fire extinguishers and air-conditioners as recommended by their manufacturers and shall clean and replace air-conditioner air filters at regular intervals of one month, or more frequently if required by service conditions or as otherwise directed by the Engineer.
5. The Contractor shall provide guard services for the Engineer's Office, Laboratory and Housing on a twenty-four hour basis. The suitability, number and work schedule of all guard personnel shall be approved by the Engineer.
6. The maintenance of Engineer's office housing and laboratory shall also include payment of all utilities bills such as Gas, Telephone (includes Mobile Telephone also) Electricity and water etc. by the contractor which shall not be paid separately and shall be deemed to be included in maintenance per month cost under the respective BOQ items of SP-6.
7. The Contractor shall provide these services from the date of acceptance of the individual facilities by the Engineer until the date of issue of the Taking-Over Certificate plus six months.

6.2 MEASUREMENT AND PAYMENT

The maintenance and servicing of the Engineer's Office, Housing and Laboratory shall be measured and paid for at the contract unit price quoted in the Bill of Quantities for the respective Pay Items listed below, commencing from the date of occupancy of the premises by the Engineer. In case of a Contract Extension, maintenance and servicing will be paid for on the same monthly basis, provided that it has been approved by the Engineer or Employer in accordance with the conditions of contract.

PAY ITEM NO.	DESCRIPTION	UNIT OF MEASUREMENT
SP-6	Maintain Engineer's Office, Housing and Laboratory	
(a)	Maintain Engineer's Central Office	Per month
(b)	Maintain Engineer's Housing for Senior Staff	Per month
(c)	Maintain Engineer's Housing for Junior Staff	Per month
(d)	Maintain Engineer's Laboratory	Per month

SP-7 ENGINEER'S SURVEY EQUIPMENT**7.1 SCOPE**

1. The Contractor shall provide and maintain survey equipment for the use of the Engineer. All the survey equipment shall be new and shall be maintained throughout the Contract and replaced by the Contractor free of charge in case of damage or loss howsoever caused. The Contractor shall also arrange calibration of all surveying equipments after every three months.
2. The Contractor shall provide and pay for experienced survey helpers for the Engineer as required by the Engineer.
3. The survey equipment after the completion of the project plus six months shall become the property of the Contractor.

7.2 EQUIPMENT

The Contractor shall provide and maintain the following survey equipment:

NO. DESCRIPTION

- | | |
|---|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Total Station survey units complete |
| 1 | Total Station accessories complete as under: <ul style="list-style-type: none"> - Interface Cable - Comms Plus Unit - Precision Wooden Tripod |
| 1 | Single Tilting Range Pole Prism complete as under: <ul style="list-style-type: none"> - Prism - Single Tilting Mount with Coaxial Target - Range Pole Telescopic Tripod with Soft Case - 2 m Telescopic Range Pole - Range Pole Level - Soft Case |

| 2 | Aluminium Telescopic Tripod |
| 2 | 1 m Range Pole for Extension |
| 1 | Automatic Level complete |
| 1 | Aluminium Telescopic Tripod |
| 3 | Leveling Staff (local manufacture) |
| 2 | Range Pole Level |
| 6 | Steel measuring tape, 50 m long |

- 6 Steel measuring tape, 20 m long
- 25 Steel measuring tape, 3 m long
- 12 Measuring rod (4 m)
- 18 Ranging rod with tripod

7.3 CONSUMABLES

The Contractor shall provide adequate supplies of expendable materials, such as pencils, rubbers, inks, notebooks, drawing paper, survey pegs, brushes, paints etc. as required by the Engineer.

7.4 MEASUREMENT AND PAYMENT

1. The cost of providing and maintenance of surveying equipment for the exclusive use of the Engineer, including survey helpers for the duration of the contract, shall be paid for at the contract unit price quoted in the Bill of Quantities for the respective Pay Items listed below, which price and payment shall be full compensation for all costs of providing survey equipments, survey helpers, materials and its maintenance and incidentals for the proper completion of the work prescribed in these Specifications or as directed by the Engineer.

PAY ITEM NO.	DESCRIPTION	UNIT OF MEASUREMENT
SP-7		
(a)	Provide New Survey Equipment	Lum Sum
(b)	Maintain Survey Equipment	Per month

SP-8 ENGINEER'S VEHICLES**8.1 SCOPE**

1. The Contractor shall provide, maintain and make available at all times for the exclusive use of the Engineer the following new vehicles (on rental basis), the number and type of each being as specified below:

Toyota Corolla with A/C -----1 no.

Suzuki Cultus with A/C and CNG----- 3 nos

Suzuki Bolan A/C and CNG----- 3 no

All vehicles shall be air-conditioned.

2. All vehicles shall be fitted with 3-point inertia-reel seat belts for all occupants.
3. All the vehicles shall be provided for the Engineer's use within 28 (twenty eight) days from the Start Date.
4. If the Contractor fails to provide the vehicles within the time specified the cost incurred by the Engineer in renting similar replacement vehicles plus a 20% (twenty percent) overhead charge shall be payable by the Contractor.
5. The vehicles shall be registered, taxed, comprehensively insured, fuelled, repaired, serviced, cleaned and maintained by the Contractor for the duration of the Contract and temporarily replaced if, in the Engineer's opinion, any vehicle is not in a roadworthy condition.
6. The Contractor shall provide safe, experienced and competent drivers for all the vehicles, to the approval of the Engineer. Each driver shall be responsible for the vehicle allocated to him for the duration of the Contract. The Contractor shall promptly replace any driver who, in the Engineer's opinion, is not satisfactory.
7. The Engineer's vehicles shall become the property of the Contractor six months after the issuance of Taking Over Certificate.

8.2 MEASUREMENT AND PAYMENT

The cost of providing and maintenance of Engineer's Vehicles for the duration of the Contract, shall be paid for at the contract unit price quoted in the Bill of Quantities for the respective Pay Items listed below, which price and payment shall be full compensation for all costs of providing, maintaining including drivers, fuel, lubricants, repairs, all insurances, taxes and everything necessary for the completion of the work prescribed in these Specifications or as directed by the Engineer.

PAY ITEM NO.	DESCRIPTION	UNIT OF MEASUREMENT
SP-8	(a) Providing Engineer's Vehicles	Per month
	(b) Maintain Engineer's Vehicles	Per month

SP-9 ENGINEER'S SITE OFFICE,
9.1 OFFICE BUILDING

The contractor shall provide the Engineer's office on rental basis.

- a) The building office shall comprising Three (03) room, with lavatories and washing facilities, a kitchen and a tea room.
- b) The Contractor shall maintain the Engineer's Office in good condition to the satisfaction of the Engineer for as long as required for the purposes of the Contract.
- c) The Contractor shall provide the Engineer with at-least two office messenger and pay for the same.
- d) The office building shall be provided with underground and overhead water reservoirs of adequate capacity.
- e) The building shall be provided with all facilities in accordance with SP-2.
- f) The Engineer's Office fittings, equipment and furnishings shall become the property of the Contractor, on the date of issue of the Taking-Over Certificate.

FURNITURE AND EQUIPMENT

In addition to normal stationery requirements, the Contractor shall provide for the Engineer's Office/Laboratory, furnishings and equipment complying at least to the following list, all to the approval of the Engineer and all for the exclusive use of the Engineer.

No. ITEM

OFFICE FURNITURE

- | | |
|---|--------------------------------------------------------------------------------------|
| 3 | Standard office desks with lockable drawers and glass top |
| 2 | Small tables |
| 1 | Large table |
| 3 | Swivel type padded desk chairs with arms and castors |
| 8 | Standard office chairs |
| 3 | Lockable metal filing cabinets for drawings (1.0 x 0.80 x 0.75) m with 4 No. Drawers |
| 3 | Book cases with two shelves |
| 3 | Display boards |
| 3 | Metal waste baskets |
| 3 | Office clock, battery powered |
| 3 | Plastic trash containers, 500 mm diameter minimum by 750 mm high. |
| 1 | Electric water coolers |
| 1 | Air conditioners (cooling and heating) 18,000 BTU or as required |
| 3 | Standard size staplers |
| 1 | Heavy duty staplers |
| 2 | Paper cutters |
| 1 | Paper hole punches, heavy duty |
| 3 | Paper hole punches, light duty |
| 1 | Pairs of scissors, heavy duty |
| 3 | Pencil sharpeners |
| 1 | Pencil sharpeners, desk mounted |
| 3 | Calculators Scientific |
| 1 | Fire extinguishers (carbon dioxide), wall-hung |

COMPUTER EQUIPMENT

- 1 Desktop PC, Intel Core i7 2.4 Ghz Second Generation, 4 GB RAM, 500 GB hard disk, DVD/RW, LED/LCD 20" PCI Express Graphic Card 1GB, LAN 10/100, Sound Card.
- 1 Laser Printer (A4 paper size),
- 1 Uninterruptible Power supplies, 1 KVA.
- 1 Copies of the latest versions of the following PC software
Windows 7 32Bit or MS Office 2010
- Autocad (latest version)

MISCELLANEOUS

- 1 English – Urdu and Urdu – English dictionaries
- 6 Construction hard hats
- Consumables including camera film, batteries for clocks and calculators, paper, carteges and all other office supplies as required.
- Venetian blinds and cotton curtains on all windows

LAVATORIES

- 2 Hot water heaters, 6 liters per minute
- 2 Water closets, pedestal style
- 2 Wash basins with hot and cold water
- 2 Stainless steel lavatory paper holders
- 2 Paper towel dispensers
- 2 Mirrors, 400 mm x 500 mm
- 2 Ceramic urinals
- 2 Exhaust fan, ½ HP, 220 Volt
- 2 Towel holder

9.2 MEASUREMENT AND PAYMENT

The cost of providing, furnishing and equipping the Engineer's office shall be measured and paid for at the contract unit price quoted in the Bill of Quantities, which price and payment shall be full compensation for all costs of providing building, painting furnishing and providing all services, equipment, utilities, installations and access/service roads and for all materials, labour, equipment and incidentals for the proper completion of the work prescribed in these Specifications or as directed by the Engineer.

The office furniture, fixtures and equipment shall become the property of the Contractor on the date of issuance of Taking Over Certificate.
