FOR THE YEARS OF 2017-18 DATED 07-03-2018 (SR. NO. 37189)

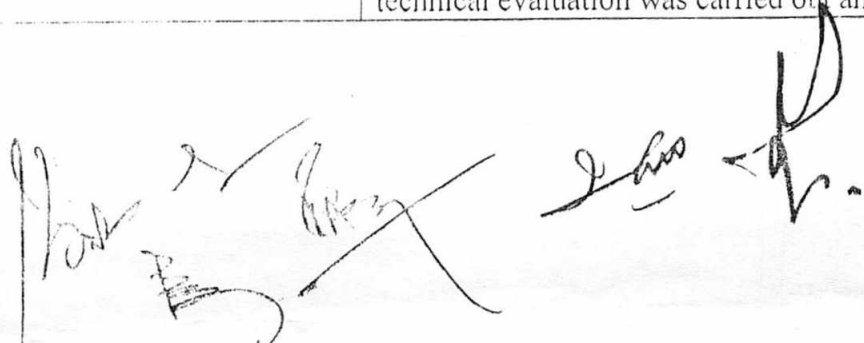

MINUTES OF MEETING COMPLAINT REDRESSAL COMMITTEE (CRC)
HELD ON 07-05-2018, UNDER THE CHAIRMANSHIP OF SECRETARY,
HEALTH DEPARTMENT, GOVERNMENT OF SINDH

A meeting of Complaint Redressal Committee regarding procurement of NIT reference SPPRA ID No. 2147483647 at S. No. 37189 PMC Hospital Nawabshah (SBA) was held on 07-05-2018 under the chairmanship of Secretary, Health Department, Government of Sindh in the committee room to review the Complaint received from the bidders of M/s. Khalid Corporation, Karachi and M/s. Medline Technologies (Pvt) Ltd. Karachi.

The committee reviewed the Complaints of M/s. Khalid Corporation and M/s. Medline Technologies (Pvt) Ltd Karachi along with replies furnished by procuring agency and also evaluated the documents submitted by the complainant :-

COMPLAINT OF M/S. KHALID CORPORATION

Para No.	Complaint / Grievances	Replies of Procuring Authority
1	<p>We want draw you kind attention that we had bid for several items as per Tender Specification / requirements mentioned in the Tender, along with all required documents and technical support.</p> <p>We are very much shocked to see on the SPPRA Website rejected of our various items. Whereas we have contacted to the head of the Department and they replied that nobody has submitted our offer for the scrutiny nor any one has discussed with them in the account of our bid.</p> <p>Some of our items did not concluded for the technical evaluation.</p>	<p>Medical Superintendent / Chairman Purchase Committee stated that :</p> <p>In the Bid Evaluation M/s. Khalid Corporation was qualified. Annexure "I"</p> <p>M/s. Khalid Corporation submitted List of 37 Items (Annexure "VII"), whereas they submitted Technical offer for only 08 (Eight) items i.e. Item No. 1 ECG Machine 6 Channel, Item No. 5 Defibrillator, Item No. 17 Pulse Oximeter, Item No. 19 PC Based ETT Machine, Item No. 29 Ultrasound Machine, Item No. 31 BW Ultrasound Machine, Item No. 32 Laptop Colour Doppler Ultrasound and Item No. 38 Doppler Ultrasound Machine 3 Probes. (Annexure "VIII"). Accordingly as per provided data, technical evaluation was carried out and only</p>

		<p>02 (Two) items were found technically responsive.</p> <ul style="list-style-type: none"> It is further stated that as per terms and condition of bids clause 13(27) the vendors were requested to submit original printed catalogue / technical brochure showing detail technical specification, clear photo / picture of the quoted item, manufacturers address, phone number, email address and website must accompanied with offers. Whereas M/s. Khalid Corporation submitted only original brochures of item No. 13 Autoclave, Item No. 40 Operating Microscope and Item No.53 Surgical Instruments, for the rest of quoted items no brochure / original catalogue and data sheet were submitted, hence technical evaluation was not carried out. As per Clause 13(20) the bidders were bound to provide sole agency certificate for the quoted items from the manufacture and certificate should be valid for 3 years from the date of issue, which should be verified by concerned authority. M/s. Khalid Corporation had not submitted the authority letters / sole agency certificate of quoted items hence technical offer of the quoted items cannot be responsive / approved technically. As per clause 13(15) the tender shall purchase separate tender documents and furnish purchase receipt for each alternate offer in case they intend submit alternate offer without separate purchase receipt (original) are supposed to be rejected. M/s. Khalid Corporation quoted alternate offers for the items No. 13 Autoclave, Item No. 29 Ultrasound Machine, Item No. 38 Doppler Ultrasound Machine, Item No. 48 Dental Unit with accessories and Item No. 54 Air-condition, but not submitted original purchase receipt for alternate offers.
2	We have investigated by ourselves to trace out the reason why our bid has rejected, whereas we have updated everything from our end.	Not agreed

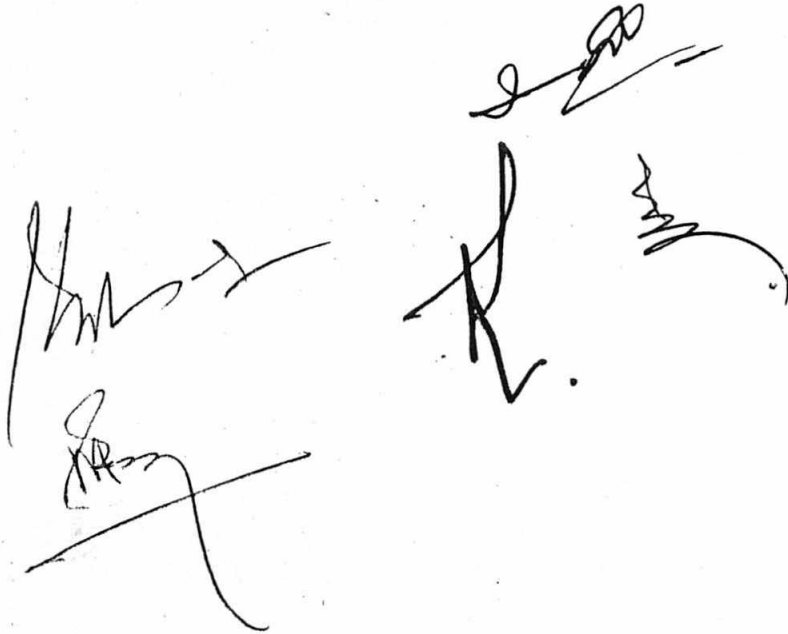

Handwritten signatures and initials are present at the bottom of the page, including a large signature on the left, several smaller signatures in the center, and initials 'Co' on the right.

	<p>It has come to our knowledge that some misappropriation has been adopted in this tender to provide the tender to their well wishers bidders to facilitate them.</p> <p>This act of the concerned authority is the violation of SPPRA rules and regulation and we have right to approach the legal way against this misappropriation.</p>	
3	<p>In the previous letter (issued by M.S on 16-04-2018) It was informed that we did not quoted the items which has forwarded us by yourself, if the said terms were not enlisted in the past, how you had sent us the whole list of our items? Whereas in the website you showed only few items quoted by M/s.Khalid Corporation.</p>	Already clarified at Para 1
4	<p>Why you had delivered our tender documents to our competitive bidder for the technical evaluation of our bid? The second mistake you have done to forwarded the list of our item and our competitor had amicably rejected the bid to achieve the bid in his favors, such as it is possible that the said competitor bidder has concealed our list of items because in the past he had done the same exercise for his own interest, so that the result will be the same as decided against us?</p>	Not agreed
5	<p>Now you had intimated us that your earnest money is less and not entitled to participate the tender, if so, you have to inform us that your tender has been rejected on the same time.</p>	<p>The amount of earnest money was noticed by the procuring agency after opening of financial bid, prior to which procuring agency only evaluate the technical bids.</p> <p>Accordingly M/s. Khalid Corporation was informed regarding his disqualification after opening of financial bid and financial evaluation.</p> <p>M/s. Khalid Corporation has submitted Banker's Cheque of Rs.8, 00,000 as earnest money of 2% against the total quoted price of Rs.149, 887,040 which is short of amounting to Rs.2,197,740, hence the offer of M/s. Khalid Corporation cannot be accepted as per Bid Document 13(7) Annexure "III"</p>

6	We have also deposited the sufficient amount in the past as earnest money and requested you to adjust the same amount soon. but you did not read over our whole offer.	Do not pertain to this NIT
---	--	----------------------------

Decision

The Committee after going through the complaint filed by M/s. Khalid Corporation observed that the required documents and earnest money / bid security as required in the Bid/NIT were not submitted by M/s Khalid Corporation. The committee unanimously agreed that M/s. Khalid Corporation did not meet the eligibility criteria as mentioned in the NIT and was rightly disqualified by the procuring committee.

Handwritten signatures of committee members, including a large signature on the left and several smaller ones on the right.

COMPLAINT OF M/S. MEDLINE TECHNOLOGIES (PVT) LTD REGARDING MACHINERY & EQUIPMENT

Para No.	Complaint / Grievances	Replies of Procuring Authority
a)	<p><u>Evaluation of Documents & Criteria Points</u> Our bid by the bidder name of M/s. Medline Technologies (Pvt) Ltd has been ignored and missing in the said evaluation report published. On inquiring the chairman of procurement committee multiple times, no answer or reason was given.</p> <p>How can bidders like us who has submitted complete documents and scored 90 points in Furniture/Fixture has been completed disregarded in bid of Machinery/Equipment and Instrument?</p> <p>Furthermore, points awarded to all the bidders for eligibility in this tender do not seem to be on merit. Firms with suspicion of having similar or related ownerships have been made eligible. Therefore, points for eligibility are required to be re-evaluated on merit and bidders actual capacity with demonstrable facts and figures as required in the bidding documents.</p>	<p><u>Eligibility Criteria of Bidders Clause 3</u> Bidder does not qualify with required experience as per bid eligibility criteria for bidders Clause 3 i.e. minimum 5 years of experience is required. Whereas M/s. Medline Technologies (Pvt) Ltd 3½ years. Hence technical bid was considered as non-responsive and not included in Technical Evaluation. Annexure "IV". M/s. Medline Technologies (Pvt) Ltd., was registered in Income Tax on 26th November 2014, Sales Tax on 13-03-2015.</p> <p><u>Terms and Conditions of Contract Agreement Clause 2</u> Maximum delivery time for the order is 45 days from the date of supply order (bids quoting grater lead times are likely to be rejected), whereas M/s. Medline Technologies (pvt) Ltd has mentioned 90 days delivery time.</p> <p>Criteria of each category (Furniture / Fixture and equipments / plant) are different and cannot be hotchpotch.</p> <p>Not Agreed</p>
b)	<p><u>Irrational Technical Evaluation</u> A total of 57 items were required in bidding documents for various departments, of PMCH Nawabshah. 23 bidders participated in the tender, 17 bidders were marked qualified, 6</p>	<p>As per Eligibility Criteria of Clause 3, the bidder does not qualify as having less than 5 years mandatory experience Detail annotated replies are at Annexure "VI"</p>

Handwritten signatures and initials are present at the bottom of the page, including a large signature on the left and several smaller ones on the right.

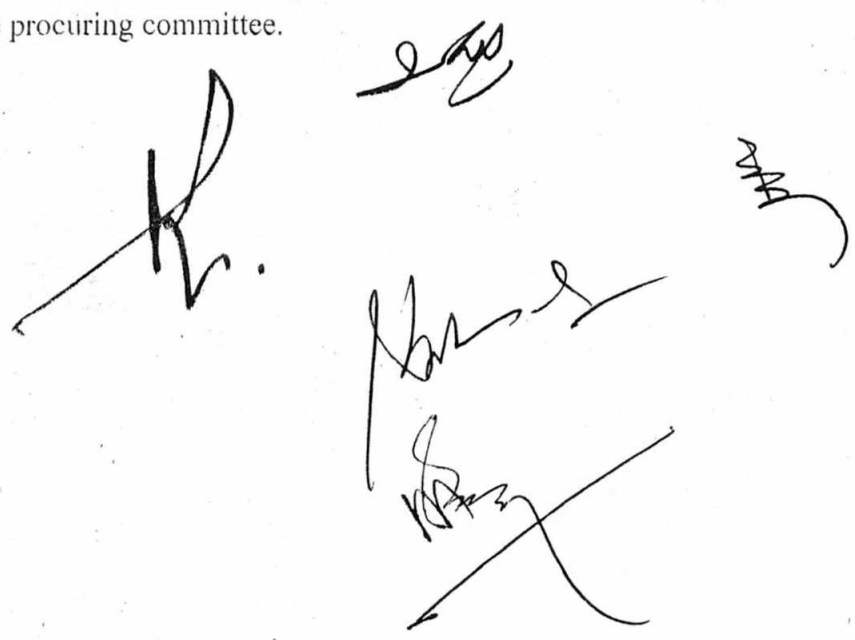

<p>bidders were marked disqualified with 2 ineligible while 4 remaining bidders including us have no existence in the evaluation.</p> <p>You can review the copy of enclosed evaluation report in which you can well see attendance sheet we are present at opening date of technical bids. The procuring agency opened financial bids without any intimation or reason to us as per SPPRA Rules 2010 (amended 2017).</p> <p>Out of 49 quoted items by all the bidders; 17 items have been awarded to one bidder of total value Rs.152.4 million.</p> <p>Past performance with technical capacity for installation and after sales support, of some bidders has not been assessed correctly, to qualify them for critical or important equipment.</p> <p>There are certificates enclosed for items where a single bidder has quoted with a statement quoted items of Bidder are equivalent or prevailing market price and quoted items are value for money. What methodology or evidence was used to issue such certificate?</p> <p>The technical evaluation of furniture items by the bidders is irrational. If you may observe, all bidders have qualified company 100% with the required specifications. Therefore, evaluations of all bidders should be re-assessed based on substantial data.</p>	<p>As per SPPRA Clause 45 announcement of Evaluation Report. Procuring Agency shall announce the results of bid evaluation in the form of report giving reason for acceptance or rejection of bids the report (both Technical and Financial) shall be hoisted on website of the authority. Accordingly the bid evaluation report was hoisted on SPPRA Website on 11-04-2018.</p> <p>Work orders would be awarded technically qualified bidders.</p> <p>Not Agreed. Details have not been furnished by the bidder.</p> <p>Question is not clear.</p> <p>06 bidders had participated in furniture and fixture, out of which 05 have qualified and one could not qualify, technically. As per required technical specification.</p>
<p>c) <u>Ignorance to save valuable budget</u> The tender was floated demanding rates of required items both in C&F/CIF and DDP/DDP basis. The procuring committee has completely ignored offers by the bidders on C&F/CIF to evaluate and compare offers reasonably. Even the rates offered by bidders on C&F/CIF are not mentioned in the report.</p>	<p>As per current policy of State Bank of Pakistan the vendors have not been allowed to open the L/C as third party. The consignee / procuring agency has to open the L/C with Foreign Exchange permission.</p> <p>In addition, due to short time to closure of the current financial year 2017-18, it was decided by the procurement</p>

Handwritten signatures and initials at the bottom of the page, including a large signature on the left and several smaller ones on the right.

<p>The procuring agency can save substantial amount due to exemptions by the FBR and relevant authorities to government hospitals on import of medical devices. These savings can range from minimum 10% up to 40% when compared with the DDP/FOR rates offered by any bidder.</p> <p>Therefore, in this procurement, the procuring agency should evaluate, compare and procure on offers of C&F/CIIF preferably for saving the government or institution from substantial monetary loss.</p>	<p>committee to procure the Machinery, Equipment, and Furniture & Fixture on DDP basis.</p>
---	---

Decision

The Committee after going through the complaint filed by M/s. Medline Technologies (Pvt) Ltd observed that the complainant possessed less experience as was required in the bidding documents. The committee unanimously agreed that M/s. Medline Technologies (Pvt) Ltd did not fulfil the eligibility criteria and was rightly disqualified by the procuring committee.

The image contains several handwritten signatures and initials in black ink. On the left, there is a large, stylized signature. To its right, there are several smaller signatures and initials, including one that appears to be 'SAG' at the top right and another that looks like 'MAG' below it. There are also some scribbles and lines that could be interpreted as marks or initials.

COMPLAINT OF M/S. MEDLINE TECHNOLOGIES (PVT) LTD REGARDING FURNITURE & FIXTURE SUBMITTED DURING MEETING

The representative of M/S Medline Technologies (Pvt) Ltd also submitted a complaint before the complaint redressal committee members on 07-05-2018 regarding the furniture & fixture evaluation (Annexure-VI). The details are as under:-

Para No.	Complaint / Grievances	Replies of Procuring Authority
a)	<p><u>Biased Evaluation Criteria Points</u></p> <p>The points awarded to bidders for eligibility in this tender are not on merit. Bidders have not been awarded points reasonably with some bidders getting unnecessary additional points to make them eligible. Points for SAMPLES(S) have also been awarded to bidders who had not submitted as required.</p> <p>Instead of separate points for the required criteria, consolidated marks are mentioned in S. No. Hospital Furniture: Manufacturer / Brand. It seems most bidders do not qualify but have been awarded consolidated marks to make them eligible.</p> <p>Therefore, points for eligibility are required to be re-evaluated on merit and bidders actual capacity.</p>	Not Agreed

[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

b)

Ignorance of Hospital Furniture Samples Submitted

Not agreed

As per Clause 4 of ITB, Sample(s) of the quoted items in bid shall be submitted within 48 hours from the date and time of tender opening. Technical Evaluation of the goods will be based on Sample(s) provided by the bidder. Alternate model or item which has not been quoted by the bidder shall be not acceptable as Sample against the quoted model in the bid. The clause was marked bold to highlight its importance and compulsory.

Bidders who have been marked qualified did not comply with the above mandatory requirement by the procuring agency. Most of them did not even submit any sample(s) even after the awarded to time. It raises questions on how the quality and features of items of such bidders were evaluated and qualified without sample(s)

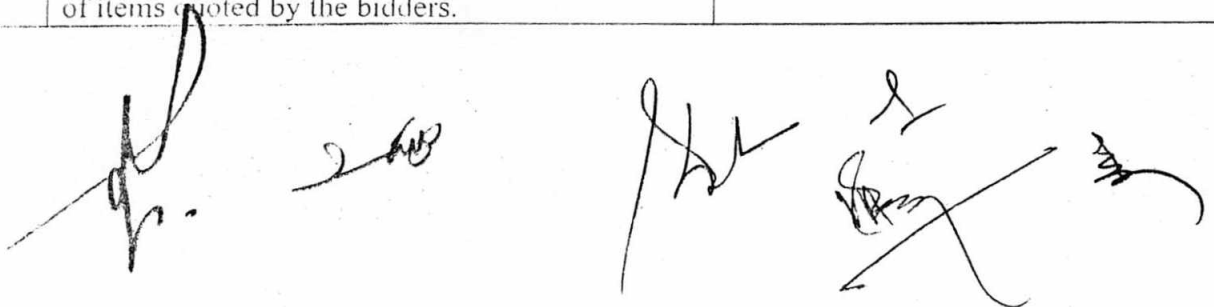

No inspection or meeting took place to inspect and evaluate Sample(s) at site as required.

Ignoring this clause affects the technical evaluation and is injustice to those bidders who have complied with the requirements and submitted Sample(s) on time as required in the terms of bidding documents.

Technical Evaluation was carried out in accordance to defined evaluation criteria as per Tender requirement.

Irrational Technical Evaluation

The technical evaluation of furniture items by the bidders is irrational. If you may observe, all bidders have been evaluated and marked 100% compliance with the required specifications of the hospital furniture. It is evident that the technical evaluation was made in a rush ignoring specification in the technical offer and brochures of items quoted by the bidders.

The bottom of the page contains several handwritten signatures and initials. From left to right, there is a large, stylized signature, a smaller signature, a signature that appears to be 'H.L.', another signature, and a final signature on the far right.

As there were no Sample(s) submitted by most bidders, technical evaluation is disputed whether the bidders quoted items are as per their offers and requirements of the bidding documents.

Decision

The Committee after going through the complaint filed by M/s. Medline Technologies (Pvt) Ltd rejected the request of reassessment of other successful bidders, and upheld the decision of the procurement committee.

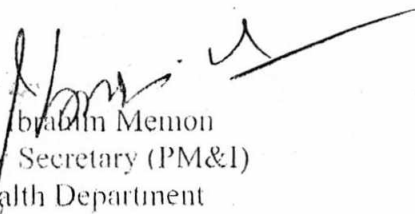

After the meeting, representative of M/s. Medline Technologies (Pvt) Ltd also submitted Letter vide No. TMT/2018/014 dated 07th May 2018, and informed that they would not pursue this issue and are satisfied with the technical evaluation and have no reservations on the bid evaluation report. **Annexure "IX"**

SUB : TENDER FOR SUPPLY & INSTALLATION OF MEDICAL
EQUIPMENT'S, INSTRUMENT & MACHINERY, FURNITURE AND
GENERAL ITEMS FOR THE YEARS OF 2017-18

Dear Sir,

With reference to the tender for the purchase of Medical Equipment's, Instrument & Machinery, Furniture and General Items for Peoples Medical College Hospital Shaheed Benazir Abad.

We want to draw your kind attention that we had bid for several items as per Tender specifications/requirements mentioned in the Tender, along with all required documents and technical support. We are very much shocked to see on the SPPRA Website rejected of our various items. Whereas we have contacted to the head of the Department and they replied that nobody has submitted our offer for the scrutiny nor any one has discussed with them in the account of our bid. Some of our items did not concluded for the technical evaluation.

We have investigated by ourselves to trace out the reason why our bid has rejected whereas we have updated everything from our end. It has come to our knowledge that some misappropriation has been adopted in this tender to provide the tender to their well wishers bidders to facilitate them. This act of the concerned authority is the violation of SPPRA rules and regulation and we have right to approach the legal way against this misappropriation.

We hope your honour will look into the matter in person and make a crystal eye investigation against the said misappropriation and take strict legal action against the concerned authority who have violated the SPPRA rules to provide the opportunity to their well wishers bidders.

Your kind cooperation in this regard will be highly appreciated.

Thanking you,

SUB: TENDER FOR SUPPLY & INSTALLATION OF MEDICAL EQUIPMENT'S, INSTRUMENT & MACHINERY, FURNITURE AND GENERAL ITEMS FOR THE YEARS OF 2017-18

Dear Sir,

With reference to your letter No. MS/SB-NWB/10925 dated 18-04-2018. We have received your letter; but we want to ask you some questions:

- 1) In the previous letter you have informed us that we did not quote the items which has forwarded us by your self, if the said items were not enlisted in the past, how you had sent us the whole list of our items? whereas in the website you showed only few items quoted by M/s: Khalid Corporation.
- 2) Why you had deliver our tender documents to our competitive bidder for the technical evaluation of our bid? the second mistake you have done to forwarded the list of our item and our competitor had amicably rejected the bid to achieve the bid in his favour, such as it is possible that the said competitor bidder has concealed our list of items because in the past he had done the same exercise for his own interest, so that the result will be the same as decided against us?
- (3) Now you had intimated us that your earnest money is less and not entitle to participate the tender, if so, you have to informed us that your tender has been rejected on the same time.
- (4) We have also deposited the sufficient amount in the past as earnest money and requested you to adjust the same amount soon, but you did not read over our whole offer.

We hope you will arrange the CRC Committee to provide us the opportunity to clear our views and discussed them against the injustice with us with the mutual understanding and malafide intention of our competitive bidder. Because in our opinion you will avoid to reach us the next forum.

Your kind cooperation in this regard will be highly appreciated.

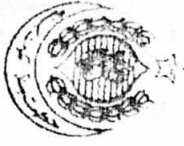

Thanking you,

 Maroon Road, Puna Siman, Kameh
 Cell: # 82200-2307899

Item No. 01: ECG Machine (6 Channel)

Model : Cardico 601
Manufacturer : SUZUKEN CO., LTD., JAPAN

KENZ ECG MACHINE (SIX CHANNELS) WITH INTERPRETATION

Features:

Six channel ECG on at 5.7 inches touch color display.
Display of six channel ECG simultaneously.
Automatic Operation
Variable gain: 2.5 – 5 – 10 – 20 mm/mV
Thermal recorder for printing out of Six channels simultaneously
Interpretation Software.
Recording Trace speed: 5 – 10 – 12.5 – 25 – 50mm/s
Muscle artifact and AC (50Hz) interference filters
Defibrillator protection
Built in AC Supply and battery operation with backup 60 minutes
Paper size: 112mm
Built-in AC interference, Noise filter and Baseline correction.
Capability to interface with LAN for data transfer

Unit completes with

Patient cable	1 pc
Reusable Chest Electrodes	1 set
Reusable Limbs Electrodes	1 set
Paper Spool	1pc
ECG Cream 70 g	1pc
Recording paper	1 pc
Operation Manual	1pc

Item No.17: Pulse Oximeter

Model : VITRO map
Manufacturer : Medlab, Germany

Features:

Desktop Light weight, Compact and Attractive Design
Adjustable Alarm Limits
Simple Operation
50 h Memory for Measured Values
Crisp, Easily Readable, Coloured Display
Printer Connection
Acoustical and Visual Alarms
Saturation Dependent Pulse Tone
Can be Part of the POX- Net Monitoring System
Probes are compatible to the Hospital Standard

WALID CORPORATION
25 International Auto Parts Market,
Maroon Road, Phase 5, Jeddah, Karachi.
Call: # 0300-2307695

Designed for infants and adults

Accessories:

- SpO2 finger clip probe for peds -1pc
- SpO2 sensor for neonate- 1 pc
- Main cable -- 1 pc
- User manual -- 1 pc
- Local made trolley

Item No. 32:

Laptop Color Doppler Ultrasound Machine

MODEL: MyLab Gamma

Product Description

MyLabGamma ultrasound imaging system has been designed for the following applications:

- Abdominal
- Cephalic (Adult, Neonatal)
- Breast
- Cardiac (Adult, Pediatric)
- Gynecology
- Musculoskeletal
- Obstetric
- Pediatric
- Small Parts
- Thyroid
- Vascular
- General Imaging (Neonatal, Pediatric, Adult)
- Urology

System Configuration

- Ergonomic and compact cart designed for easy maneuverability
- LCD Main Screen with $\pm 90^\circ$ rotation
- Complete and back-illuminated control panel
- Color LCD touch screen with additional controls and mode-depending keys
- 2 active probe connectors
- Integrated cooling system with very silent fans
- Cart with:
 - Four multidirectional wheels with breaking mechanism
 - Pedal for easy regulation of the height of the console-keyboard • Vertical displacement: ± 92 cm
 - On Board location for peripherals storage
 - Movable transducer holders
 - Movable Gel & ECG cable holders
 - Movable Transducer cables supports

KHALID CORPORATION
215 International Auto Parts Market,
Marsah Road, Plaza Square, Karachi.
Cell: # 0300-2307695

Control panel

- LEDs Brightness Digital adjustment
- Ergonomic Key Layout
- Ergonomic and adjustable back lighting control panel
- Primary controls easily accessible and logically grouped
- Programmable keys
- Trackball with two keys - PC mouse logic
- Dedicated buttons to activate primary modalities:
- Integrated Loudspeakers

Touch screen

- Dimension: 19.5x11.8cm (7.7x4.6inch) – Wide Screen 15/9 – 8.9"
- Brightness Digital Adjustment

Monitor

- 13.3" Wide Screen LCD monitor
- Brightness Digital adjustment

Operating Console

- Fully digital modular platform
- Factory presets (unlimited programmable) for every probe and application • Approximately 5.65 kg without batteries • 2 active probe connectors
- Hard Disk 500 GB

29, International Auto Parts Market,
Harrison Road, Plaza Square, Karachi
Call: # 0300-2307839

OFFERED CONFIGURATIONS

MyLab Gamma

MyLabGamma is the latest addition to the MyLab family. It is a Smart, ultra-portable and multidisciplinary ultrasound unit that allows you to bring ultrasound where it is needed for a quick and complete diagnosis. Its ergonomic and innovative design along with its great portability further increase daily productivity and diagnostic efficiency. It is the only portable unit on the market offering dual connector, built-in touch screen and rotating and tilting monitor. MyLab™Gamma: a World without Boundaries

- Built-in high resolution widescreen LCD Monitor with adjustable and collapsible large area for the display of ultrasound images
- Built-in high sensitivity and definition touch screen LCD display
- eKnob, multiple selection with a single encoder
- Touchscreen virtual multilanguage keyboard with settings customized to meet user's requirements
- 2 active probe ports with simultaneous capability to connect 2D/3D and pencil probes.
- The system supports any type of probes: convex, microconvex, linear, phased array, volumetric, Doppler and special probes
- iQ advanced technology transducers featuring an ergonomic exclusive design.
- On-board partitioned and expandable hard disk
- LAN and USB data ports as well as Physio and other interfaces for peripheral devices
- B-mode/M-Mode/CFM/Doppler/Power Doppler (mono and bidirectional)
- Auto Adjust function to automatically optimize B-mode, Spectral Doppler and Color Doppler images
- B-Mode/CFM/Doppler independent beam steering
- TEL, Tissue Enhancement Imaging
- XView, innovative and real-time adaptive algorithm customizable for speckle reduction
- HD Color Doppler (CFM) and Power Doppler (PDI) as well as Directional Power Doppler (DPDI) with high sensitivity and definition
- PW Doppler, HPRF and CW
- XFlow to increase sensitivity and resolution with blood flow imaging
- Real time Triplex mode available on all probes
- Cine Memory and Cine Loops module
- Real time Dual Mode Imaging
- On-board real-time patient data archive with images, video clips, reports and medical records
- High definition read-write Zoom and HD Zoom module
- eTouch, your favourite preset functions and settings with a single key
- Calculation and measurement software (including automatic ones) with structured reports for all applications
- Unlimited number of customizable presets which can be stored
- TpView, Trapezoid imaging display
- MView, Spatial Compound Imaging
- Remote Service capability

MyLabGamma, Doppler & CFM Configuration

Includes:

Doppler & CFM imaging modes

- Gel
- Power cord
- Probe holder
- Ground Cable
- Video Printer remote Cable
- Rechargeable Battery
- OEM Trolley

Item No.05:

Defibrillator

Model: Cardio-Aid 360B

Specification:

Biphasic transthoracic (external) defibrillator with LCD colour display 7"

Synchronized output with ECG

Energy selection and delivery on control panel and paddles for external defibrillation Energy selection and delivery on control panel for internal

defibrillation Charging Indicators

The energy range can be adjustable for peds and adults up to 360

Joules Charging Time for full energy: 200J to 2.7 sec and 360J to 4.5

sec Screen Size of 7 inch

Display of HR, ECG through paddles and Lead I, II & III patient cable

Built in recorder for printing of full summery on standard 58mm paper

Alarms for High and low Heart rate low battery warning

Built-in Rechargeable battery with charger for minimum 200 shocks at max energy

Auto tester/ self-check

AED Facility

AC 90-240V / 47-63Hz operated.

Complete with all Standard Accessories

Power cable – 1 pc

User manual – 1 pc

3-lead ECG cable – 1 pc

External paddle set (Adult / Pediatric) – 1 pc

Recorder – 1 pc

Roll of paper

Rechargeable Battery – 1 pc

All technical details are mentioned in the catalogue.

Item No.19:

ETT Machine

KHALID CORPORATION
215, International Auto Parts Market,
Marston Road, Plaza Square, Karachi.
Cell: # 3300-2307688

Model : Cardio PC/E

DEDICATED COMPUTERIZED STRESS TEST SYSTEM WITH TREADMILL

Features:

Flexibility:

- Freely definable exercise protocols
- The exercise process may be changed during the examination
- Flexible report formats
- Arbitrary amount and composition of storage possibilities
- Auto-control bicycle and treadmill ergometer
- Automatic or manual blood pressure measurement

Graphic Display:

- Graphic display of exercise process and the measured parameters
- Diverse trend display
- Full-disclosure record storage and display

Reliable auto-measurement analysis functions:

- Heart frequency dependent ST measurement and analysis
- Arrhythmia analysis
- Real-time axis position, amplitude and time-parameter measurement

Functions:

- 3/6/12 channel real-time monitoring in any lead order
- distortion free high-performance baseline stabilizing filter
- Heart frequency calculation
- On-line 12-channel averaged heart cycle configuration
- Automatic cycle and treadmill control
- Programmed and user-initiated blood-pressure measurement
- Creation and use of built-in and arbitrary amount of exercise protocols
 - step protocol
 - continues (ramp) protocol
 - creation of rehabilitational protocol (long fix exercise after warm-up)
- Manual modification of exercise process during examination:
 - Increase, decrease, constant load
- Alarm: reached hear-frequency, reached ST level change, reached blood-pressure value
- Real-time measured parameters and analysis on the averaged curves: axis position, amplitude (P,Q,R,S,T,ST,J), time parameters (P width, PQ distance, QRS width, QT distance)

ST analysis

- Place of measurement may be set or heart frequency-based automatic
- ST level, ST slope, ST area
- ST/HR slope, ST/HR index, ST/HR histerisis'
- ST event collection

KHALID CORPORATION
215, International Auto Parts Market,
Marston Road, Plaza Square, Karachi.
Call: # 0300-2307696

- SVES, VES, bigemina, trigemina, couplet, salve, pause
- Bradyarrhythmia
- Tachyarrhythmia
- Bundle branch block detection

Trends:

- ST level, ST slope, ST area, J-amplitude, R-amplitude

Exercise graph:

- Load value, HR, blood-pressure, RPP, revolutions, ES, SVES, VES, QT interval
- Holter display of record load display in MET
- Target heart frequency definition based on age
- Duke score nomogram
- Weber functional arrangement
- Calculating aerob capacity decrease
- Use of Bayes-law for examination evaluation
- Exercise program and recommended conditioning
- Making hyperventilation ECG record

Standard Accessories:

Cardio PC USB measuring head, def. protected acc.

Set Dome snap patient cable

Safety transformer for PC and printer

Patient cable for stress system- 1pc

Disposable electrodes – 4 packs / 25 pcs

Patient cable for rest ECG – 1 pc

Patient cables with chest leads – 2 sets

Chest suction electrodes – 1 pack / 6 pcs

Limb electrodes – 4 pcs

ECG gel 260 g – 1 pc

Textile belt case – 1 pc

Local Made Trolley

LODE OEM Treadmill

TANGO blood pressure monitor for treadmill with 3 different

sizes Computer Work Station with 18" LCD Display* HP Laser

Item No.31:

B/W Ultrasound Machine

STATE OF THE ART PURE JAPANEES Fully Digital Ultrasound Scanner Model HS-2200, with all Hardware and Software capable to handle multi frequency probes from 2.8 to 12.5 MHz having long time tested durability.

OFFERED CONFIGURATION OF HS-2200:

- a) Convex Probe : Multi frequency 2.8, 3.5 & 5.0MHz.
- b) Display Methods : Linear/Convex Electronic Scan
- c) Display Mode : B, B/B, B/Z, B/M,M
- d) Permanent Image Storage : 100 images permanent inside the system.
- e) Gray Scale : 256.
- f) Depth : 24cm.
- g) Sensitivity time gain : 8-Steps
- h) Cine Memory : 255 frames.
- i) Variable Aperture : Two steps.
- j) Focusing system : 4 steps/dynamic from 1cm to 24 cm whole range.
- k) Keyboard : Backlit Alpha numeric Keyboard with Trackball and 8-TGC Slides
- l) Post processing Adjustable : Image inversion / edge enhancement /acoustic power/ correlation/ persistence /Gamma curves/ dynamic range etc.
- m) H-res (Image Enhancement) : Soft: OFF and 4 level, Edge: OFF and 3 level.
- n) Image Magnification : 10 steps and pan zoom B/Z Mode.
- o) Dual Caliper : 4-Steps distance, Dual for length, area, volume, circumference, etc
- p) Biometric Tables : Capable of fetal age table calculations, (Various methods)
- q) Measuring Software's : Various for Abdominal, Obstetrical, Cardiac, Urological etc.
- r) Video Ports : USB Port (1), RGB Port (1), Video output (2).
- s) Biopsy Lines : Built-in
- t) Monitor : High Resolution 12.1" SVGA LCD Monitor
- u) Probe Connector : Built-in two probe connectors
- v) Auto annotation : User define auto annotation available.
- w) User defined presets : 10 user defined presets for fast scanning applications.
- x) Design : Excellent with light weight 11.0 Kg. Approx.
- y) Operating voltage : 100V ~ 240 V AC \pm 10% 50/60Hz.
- z) Trolley (Local)
- aa) UPS compatible

Call: # 0300-2307895

MODEL: MyLabSix Crystalline

Product Description

MyLabSix Crystalline ultrasound imaging system has been designed for the following applications:

- Abdominal
- Cephalic (Adult, Neonatal)
- Breast
- Cardiac (Adult, Pediatric)
- Gynecology
- Musculoskeletal
- Obstetric
- Pediatric
- Small Parts
- Thyroid
- General Imaging (Neonatal, Pediatric, Adult)
- Vascular
- Urology

System Configuration

Ergonomic and very compact cart designed for easy maneuverability

Height Adjustable control panel:

o Vertical displacement: ± 12 cm (92 – 104cm)

Rotating Keyboard: ± 60 degrees

Complete and back-illuminated control panel

Color LCD touchscreen with additional controls and mode-dependent keys.

3 active probe connectors (small connector probes)

Integrated cooling system with very silent fans

Four multidirectional wheels with breaking mechanism

On Board location for peripheral storage

Movable transducer holders

Movable Gel & ECG cable holders

Movable Transducer cables supports

Control panel

LEDs Brightness Digital adjustment

Ergonomic Key Layout

OFFERED CONFIGURATIONS

MyLabSix Crystalline

Compact cart-based Ultrasound system, designed with exclusive features for both ergonomics and ultrasound imaging, MyLab™ Six represents the Premium Choice in its class of equipment for affordable shared service. System performance and usability are perfectly tailored for each operator daily clinical need.

The system offers the high resolution wide-screen LCD monitor, touch-screen panel, the exclusive e-touch feature, three probe connectors and advanced connectivity tools (HD, USB, etc ...)

MyLab™ Six, in its standard configuration, delivers 2D imaging with Pre & Post imaging processing algorithms such TEI (Tissue Enhancement Imaging), XView (speckle reduction algorithm), etc ... The system can be configured from single Application Specific to complete Shared Service with a large variety of optional features and applications (General Imaging, Women Healthcare, Cardiovascular, etc ...) through software licences.

The unit is acknowledged as a zero noise scanner, proving a silent surrounding during the examination which leaves the sonographer free to fully concentrate on the patient and diagnosis. The touch screen based design and the e-Touch of this system provides a better workflow, while high resolution wide-screen LCD monitor increases users' comfort and reduces eyestrain.

Item # 38 :

Doppler Ultrasound Machine With Three Probes

MODEL: MyLabSix Crystalline

Product Description

MyLabSix Crystalline ultrasound imaging system has been designed for the following applications:

Abdominal

Cephalic (Adult, Neonatal)

Breast

Cardiac (Adult, Pediatric)

Gynecology

Musculoskeletal

Obstetric

Pediatric

Small Parts

Thyroid

General Imaging (Neonatal, Pediatric, Adult)

Vascular

Urology

System Configuration

Ergonomic and very compact cart designed for easy maneuverability

Height Adjustable control panel:

MY LAB SYSTEMS
215 International Auto Parts Market,
Marston Road, Plaza Srinara, Karachi.
Cell: # 0300-2307636

- o Vertical displacement: ± 12 cm (92 – 104cm)
- Rotating Keyboard: +/- 60 degrees
- Complete and back-illuminated control panel
- Color LCD touchscreen with additional controls and mode-depending keys.
- 3 active probe connectors (small connector probes)
- Integrated cooling system with very silent fans
- Four multidirectional wheels with breaking mechanism
- On Board location for peripheral storage
- Movable transducer holders
- Movable Gel & ECG cable holders
- Movable Transducer cables supports
- Control panel
- LEDs Brightness Digital adjustment
- Ergonomic Key Layout
- Ergonomic and adjustable back lighting control panel
- Primary controls easily accessible and logically grouped
- Programmable keys
- eTouch: Macro Recorder
- Trackball with two keys

Touch screen

- Brightness Digital Adjustment
- Dimension: 19.5x11.8cm (7.7x4.6inch) – Wide Screen 15/9 – 8.9"
- Tools activation
- Physio (ECG signal)
- Exam Review
- Reverse
- Orientation
- Duplex/Triplex (in Split modes)
- XView
- MView
- Gray Map
- TPView
- Power
- Color Map
- ADM: Automatic Doppler Measurements
- B-Ref (for Split modes)
- B-Ref/Trace representation format
- Special functions buttons
- 6 direct encoders for Software Keys (up to 2 layers)
- Multilanguage Alphanumeric keyboard (US International, Italian, Danish, Norwegian, French, Swedish, German, Russian, Spanish)

Monitor

- 17"- 19" Wide Screen LCD monitor
- Brightness Digital adjustment

Operating Console

- Fully digital modular platform
- Factory presets (unlimited programmable) for every probe and application

Subject: GRIEVANCES AGAINST BID EVALUATION

Reference: SPPRA EV ID: 1247/2018 Dated: 13 April 2018
Tender for Purchase of Furniture and Fixture to be installed at Peoples Medical College Hospital, Nawabshah-Shaheed Benazirabad for the Financial Year 2017-2018 opened on 26.Mar.2018

Dear Sir,

We would like to submit our grievances against the bid evaluation of above referred tender uploaded on Friday 13.04.2018 7:00pm at official website of SPPRA having EV ID: 1247/2018. We have reservations and dissatisfaction on the bid evaluation report.

Please find our grievances against the bid evaluation report as follows.

a) Biased Evaluation Criteria Points

The points awarded to bidders for eligibility in this tender are not on merit. Bidders have not been awarded points reasonably with some bidders getting unnecessary additional points to make them eligible. Points for SAMPLE(S) have also been awarded to bidders who had not submitted as required.

Instead of separate points for the required criteria, consolidated marks are mentioned in the 'S. No. Hospital Furniture: Manufacturer / Brand'. It seems most bidders do not qualify but have been awarded consolidated marks to make them eligible.

Therefore, points for eligibility are required to be re-evaluated on merit and bidders actual capacity.

b) Ignorance of Hospital Furniture Samples Submitted

As per clause # 4 of ITB, 'SAMPLE(S) of the quoted items in bid shall be submitted within 48 hours from the date and time of tender opening. Technical Evaluation of the goods will be based on SAMPLE(S) provided by the bidder. Alternate model or item which has not been quoted by the bidder shall be not acceptable as SAMPLE against the quoted model in the bid'. The clause was marked bold to highlight its importance and compulsory requirement.

Bidders who have been marked qualified did not comply with the above mandatory requirement by the procuring agency. Most of them did not even submit any sample(s) even after the awarded time. It raises questions on how the quality and features of items of such bidders were evaluated and qualified without SAMPLE(S).

No inspection or meeting took place to inspect and evaluate SAMPLE(S) at site as required.

Ignoring this clause affects the technical evaluation and is injustice to those bidders who have complied with the requirements and submitted SAMPLE(S) on time as required in the terms of bidding document.

c) Irrational Technical Evaluation

The technical evaluation of furniture items by the bidder is irrational. If you may observe, all bidders have been evaluated and marked 100% compliance with the required specifications of the hospital furniture. It is evident that the technical evaluation was made in a rush ignoring specifications in the technical offer and brochures of items quoted by the bidders.

As there were no SAMPLE(S) submitted by most bidders, technical evaluation is disputed whether the bidders quoted items are as per their offers and requirements of the bidding documents.

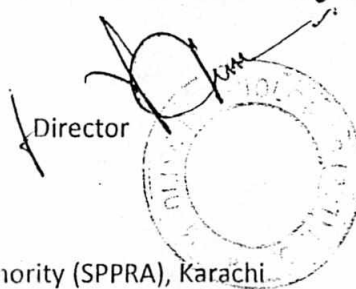

We hope the committee under your guidance and leadership shall review the case to re-evaluate the said bid on merit with fairness.

We assure the committee of our best cooperation and support.

Thanking you in advance.

Subject: GRIEVANCES AGAINST BID EVALUATION

**Reference: SPPRA EV ID: 1247/2018 Dated: 13-04-2018
(NIT S. No. 37189 INF No. 1344/2018 Dated: 07-03-2018)
Tender for Purchase of Machinery/Equipment and Instrument to be installed at Peoples Medical College Hospital, Nawabshah-Shaheed Benazirabad for the Financial Year 2017-2018 opened on 26.Mar.2018**

Dear Sir,

We would like to submit our grievances against the bid evaluation of above referred tender uploaded on Friday 13.04.2018 7:00pm at official website of SPPRA having EV ID: 1247/2018 of NIT S. No. 37189 INF No. 1344/2018 Dated: 07-03-2018. We have reservations and dissatisfaction on the bid evaluation report on Machinery/Equipment and Instrument.

Please find our grievances against the bid evaluation report as follows.

① a) **Evaluation of Documents & Criteria Points**

Our bid by the bidder name of M/s Medline Technologies (Pvt.) Ltd. has been ignored and missing in the said evaluation report published. On inquiring the chairman of procurement committee multiple times, no answer or reason was given.

How can bidders like us who has submitted complete documents and scored 90 points in Furniture/Fixture has been completed disregarded in bid of Machinery/Equipment and Instrument?

Furthermore, points awarded to all the bidders for eligibility in this tender do not seem to be on merit. Firms with suspicion of having similar or related ownerships have been made eligible.

Therefore, points for eligibility are required to be re-evaluated on merit and bidders actual capacity with demonstrable facts and figures as required in the bidding documents.

② b) **Irrational Technical Evaluation**

A total of 57 items were required in bidding documents for various departments of PMCH Nawabshah, 23 bidders participated in the tender, 17 bidders were marked qualified, 6 bidders were marked disqualified with 2 ineligible while 4 remaining bidders including us have no existence in the evaluation.

You can review the copy of enclosed evaluation report in which you can well see attendance sheet we are present at opening date of technical bids. The procuring agency opened financial bids without any intimation or reason to us as per SPPRA rules 2010 (amended 2017).

Of 49 quoted by all the bidders; 17 items have been awarded to one bidder of total value Rs 152.4 million.

Past performance with technical capacity for installation and after sales support, of some bidders has not been assessed correctly, to qualify them for critical or important equipment.

There are certificates enclosed for items where a single bidder has quoted with a statement 'quoted items of BIDDER are equivalent to prevailing market price and quoted items are VALUE FOR MONEY'. What methodology or evidence was used to issue such certificate?

The technical evaluation of furniture items by the bidder is irrational. If you may observe, all bidders have qualified comply 100% with the required specifications.

Therefore, evaluations of all bidders should be re-assessed based on substantial data.

3) **c) Ignorance to Save Valuable Budget**

The tender was floated demanding rates of required items both in C&F/CIF and DDP/DDP basis. The procuring committee has completely ignored offers by the bidders on C&F/CIF to evaluate and compare offers reasonably. Even the rates offered by bidders on C&F/CIF are not mentioned in the report.

The procuring agency can save substantial amount due to exemptions by the FBR and relevant authorities to government hospitals on import of medical devices. These savings can range from minimum 10% up to 40% when compared with the DDP/FOR rates offered by any bidder.

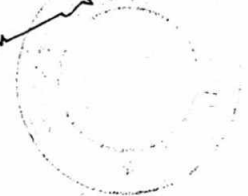

Therefore, in this procurement, the procuring agency should evaluate, compare and procure on offers of C&F/CIF preferably for saving the government or institution from substantial monetary loss.

We hope the committee under your guidance and leadership shall review the case to re-evaluate the said tender evaluation report as per bids, SPPRA rules 2010 (amended 2017) and requirements in the issued bidding documents on merit with fairness.

We assure the committee of our best cooperation, support and understanding.

Thanking you in advance.

SUBJECT: **GRIEVENCES AGAINST BID EVALUTION**

Reference: Ref No. TMT/2018/014 Dated: 18th April 2018-04-27

It is submitted that Procurement Committee has found following consequences in M/S Medline Technologies (Pvt.) Ltd Karachi's bid and rejected /disqualified his bid in Basic Evaluation Criteria.

It is clearly mentioned in Eligibility criteria Page # 07 of bidding documents that "All documents are mandatory and bidder failing to submit any of documents treated as non-serious bidder and lead to disqualify his bid and will not consider for further process."

Serial No.	Observations	Reference in Terms and Conditions of Tender.
01	Bidder does not qualify with the required experience. Bidder is registered for Income tax in 26 th November 2014 and for Sales tax in 13 th March 2015. While required experience is 5 years. (Bidder's Technical Bid page # 365)	1) Eligibility Criteria for Bidders # 03
02	Bidder has attached work orders for reference, mostly work orders are unsigned by issuing authority. It shows that company has awarded work orders/ contracts in last 1 year. (Bidder's Technical Bid Page # 514, 515, 516, 519, 520, 521)	1) Eligibility Criteria for Bidders # 03
03	Delivery time required in tender documents is 45 days maximum, bidder has mentioned 90 days in bid Delivery	1) Eligibility Criteria for

	time. While conditional bid is not acceptable in any case. (Bidder's Technical Bid Page # 171)	Bidders # 05. And 26 (ii) of 2 of tender documents.

Para wise replies of Medline technologies (Pvt) Ltd Karachi's letters are as under:-

04	Medline technologies (pvt) ltd. Written letter on 19 march 2018 for extension of bid submission date	Due to short of time closing financial year period, could not be extended
05	Medline technologies (pvt) ltd. Written letter on 18 April 2018 that "how can bidder like us who has submitted complete documents & scored 90 points in furniture / fixture has been completed disregarded in bid of machinery equipments & instruments?"	The bidding criteria for furniture/ fixture and machinery/equipment are totally separate. Not necessary that bidder qualify in both tenders.
06	Medline technologies (Pvt.) ltd written that " A total of 57 items were required in bidding documents of PMC Hospital Nawabshah, 23 bidder participated in the tender, 17 bidders were qualified, 6 bidders were marked disqualified with 2 ineligible while 4 remaining bidders including us have no existence in evaluation.	All bidders were evaluated according to Basic Criteria of Bid documents and evaluation report also signed and sent to SPPRA. (Copy attached for reference.)
07	Medline technologies (Pvt.) ltd written that " Of 49 quoted by all the bidders, 17 items have been awarded to 1 bidder of total value rupees 152.4 millions)	SPPRA rule 2010 (Amended 2017), Rule# 49 "bidder with the lowest evaluated cost may be awarded contract."
08	Medline technologies (Pvt.) ltd written that " There are certificates enclosed for items where a single bidder has quoted with a statement "Quoted items are equivalent to prevailing market price and quoted items are value for money" what methodology and evidence are used to issue such certificate.	SPPRA Rule 2010 (Amended 2017) Rule 48, "Even when only 1 bid submitted, the bidding process may be considered valid, if

		the bid was advertised in accordance with rules, and prices are comparable to the prices or rate of the last awarded contract or the market prices." So market prices were evaluated and single bid has been approved.
10	Medline technologies (Pvt.) Ltd written that "The tender was floated demanding rates of required items both in C&F/CIF and DDP basis. The procuring committee has completely ignored offers by the bidders on C&F/CIF to evaluate and compare offer reasonably"	Due to complexity of Custom Rules Procurement authority has no access of WEBOC ID, Also Health Department does not allow. Hence committee decided to evaluate and procure items on DDP Prices.
