1	That M/S Sikandar Ali Junejo is most esteemed and reputed company and has been working in different departments for many years to the entire satisfaction of the officials concerned.	It is upto the proprietor of Firm, to prove the reputation and experienced skills through documentary evidence.
2	That there has been no complain against the company till today and company has always done works / contract within stipulated time.	No Comments.
3	That the requisite documents were properly furnished by the company, which have not been examined properly and finding delivered by Superintending Engineer, Public Health Engineering Circle Sukkur are not justified.	The allegation levelled is baseless. The documents, thus submitted, were scrutinized by the members of Prequalification Committee, constituted with the approval of competent authority.
4	That the company comes up with the required criteria and acquire the minimum qualifying score.	The Firm do not qualify as per set criteria. It has not attained the minimum optimum qualifying score, through its documents.

03. A.G Construction Company.

The Representative of A.G Construction Company was called but he did not appear before Committee. Nevertheless, his application was considered alongwith the replies of procurement committee as under.

S.#	Plaint	Reply
1	As per attached copy of Superintending Engineer. Public Health Engineering Circle Sukkur letter No.Chairman/ PQ/ Firm/ 27 Sukkur dated 12 th June 2014 received in this office by courier on 16 th June 2014 regarding the rejection of Pre-Qualification Documents of our firm. Since were purchased the same in the name of A.G Construction Company and submit our case in Joint Venture as per provision of Pre-Qualification Documents and mentioned our joint venture. Please see page 09 of the said documents. Copy of which attached therefore it is not violation on concealment of facts. We know that category C-02 is required for the subjected project that's why we have clearly mention our JV status with C-01 Company is Section-III A-II Page No.9 of the SPPRA Pre-Qualification Documents provided by the authorities. We also submitted our JV profile with this document.	The referenced Para is reproduced and is read as "All individual Firms and each partner of joint venture applying for prequalification arc requested to complete the information in this firm" [I.Name of Firm (Legal) (in case of joint venture (JV). Legal name of each company]. The applicant applied for issuance of Pre-Qualification document only in the name of A.G Construction Company, but at the time of submission, submitted in the name of - Murtzavi Company / Firm with the disguise of Joint Venture.
2	Unfortunately the authorities overlook Section-IIIA-II Page No.9 and reject our pre-qualification documents. So, therefore you are requested to please scrutinize our documents at your level and give us an opportunity to serve better services for your project.	However, at the time of purchase of Pre-Qualification documents, it was to be purchased in the name of Joint Venture, instead it was purchased in the name of single Firm. It tantamount the concealment of facts.Hence the application, at the outset, was rejected.

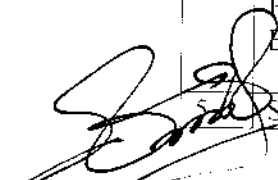

Decision: The Firm in the light of instructions set in Prequalification Document was bound to purchase the document either in single or Joint Venture & submit accordingly. However in this case document was purchased in the name of A.G Construction Company & was submitted in the name of Murtazavi Firm. This lacuna created the ambiguity. Besides that no one from Firm appeared in hearing. Hence appeal was decided *ex parte* and rejected.

04. Fateh & Co.

Mr. Irfan Ali Awan, representative of M/S Fateh & Co. was called by the Forum and was given chance to brief his case. The item wise points along with the replies of Pre-Qualification Committee are reproduced as under, wherein the respondents stated that his Pre-Qualification Document was not evaluated as it was rejected out rightly because the Firm was found renewed by Pakistan Engineering Council on website upto 31st December 2013. Therepresentative stated that his firm was renewed by Pakistan Engineer Council in financial limit of C-4 for the year 2014 during the month of January 2014. However the status on Website was not updated by PEC, which now have been updated. he opened Pakistan Engineering Council site on his Android set and showed the updated status of his Firm, which was found renewed upto 31st December 2014. He further requested to asses / re-consider his case being on merit.

S.#	Plaint	Reply
1	With reference to your letter No. Chairman/PQ/ Firm/ 41 dated 12 th June 2014 we would like to draw your kind attention in the subject matter and it is submitted that we have previously participated in tender (Pre-Qualification of Contractor/Firms on the Prequalification Documents for Improvement of Water Supply, Sewerage & Drainage Scheme, District Larkana & Kamber Shahdaskot) and submitted all the required documents including valid / renewed PEC License (Valid up to 31 st December, 2014).	The license submitted by the Firm along with Pre-Qualification Document, was verified on PEC Website and was found renewed up to 31 st December 2013
2	Your honour through the above referred letter intimated us that you have inquired through the Official Website of PEC License has not been renewed.	It was mandatory for applying firm to get their License, renewed for the year 2014.
3	Sir, it is for your kind knowledge that we have renewed our PEC License by going through and completion of all the formalities, however, we are unaware that why PEC has not updated our data on its website, furthermore, we have approached to the Branch Office of PEC and got Countersigned by the Competent Authority on the photocopy of our valid / renewed PEC License.	The countersigned license is re-verified on 1 st August 2014 on Net and found the license No.C4/07893, with expiry date of Dec 31 st 2013. The address of Firm shown on PEC Certificate is A-312 Salman Tower Main National Highway Malir City Karachi. However the address shown on Net is 24, Ground Floor Decent Tower Gulistan-E-Johar Block-15 Karachi. This lacunae, shows something is under the matter. Resultantly the application was rejected at the outset.
4	Therefore, you are requested to kindly enlist our firm as pre-Qualified Contractor Firm in your worthy department, we are submitted with this letter the photocopy of our valid PEC Licence (duly Countersigned by the Branch Office PEC).	The Firm do not fulfil the mandatory requirement of renewal for year 2014. Hence not recommended for consideration.
5	Sir, it is prayed to look into the matter for	No Comments,

	Justice and Transparency in awarding of Pre-Qualification, we are waiting for award of Pre-Qualification through your honourable justice.	
--	---	--

Decision: After detailed discussion and confirmation on PEC Website, it was decided that the Procurement Committee may re-consider and re-evaluate his case on merit and inform accordingly to the quarter concerned.

S.#	Plaint	Reply
	Being aggrieved and dissatisfied with the letter No. Chairman /PQ/ Firm/ 33. Sukkur dated 12 th June 2014, where in my request for Pre-Qualification has been rejected. hence this appeal for review / re-consideration on following grounds.	
1	That M/S Shaikh Brothers Construction Co is most admired and well-reputed Company and has been working in different departments for many years to the entire satisfaction of the official concerned.	It is up to the Firm to prove its reputation through documentary evidence.
2	That firm has especially much experience purely in Water Supply, Drainage & Sewerage Sectors & many other projects. same nature of work were completed / executed under supervision of Public Health Engineering Department.	But the Firm has to prove experience of work by submitting documentary evidence.
3	That this firm has Registered in Pakistan Engineering Council in Category C-5 & having code of specialization in CE-09 (Sewerage Work & Water Supply).	Agreed.
4	That there has been no complaint made against out company till today and company has always done works/contract within stipulated time.	No comments.
5	That the requisite documents were properly furnished by the company, which have not been examined properly and finding delivered by Superintending Engineer, Public Health Engineering Circle Sukkur are not justified.	The documents submitted by the Firm along with the Prequalification Document are scrutinized properly by the members of Pre-Qualification Committee, constituted with the approval of competent authority. Though the blame levelled is baseless.
	That the company comes up with the requisite criteria and acquire the minimum qualifying score.	The Firm is lacking in attaining the minimum optimal score for its qualification.

Decision: After detailed deliberations the forum regretted and rejected his application on the ground that firm secured less score than the minimum qualifying score of 60%

1	This is reference to the Superintending Engineer, PHE Circle Sukkur vide letter No. Chairman/ PQ/ Firm/ 42 dated 12-06-2014 in which our firm / company was rejected due to not acquiring the minimum score of 60% for pre-qualification.	Agreed.
2	Whereas the DC/PD Larkana vide letter No. DC/AID Dev/2014/1212 dated 24-03-2014 has already been pre-qualified in our company through procurement / Prequalification committee in roads and Public health Engineering Sectors copy of which is enclosed for your kind perusal. keeping in view our company is working satisfactory in PHED since 1990. This can be evident from the record of PHED engineering sector.	The qualification in one department do not tantamount that all other Department should follow the action. The Firm is disqualified due to not attaining minimum score / marks.

Decision: After detailed deliberations the forum regretted and rejected his application on the ground that firm secured less score than the minimum qualifying score of 60%

The Meeting ended with the vote of thanks to and from the chair
