10. Provincial Program Manager informed that as decided by the Procurement Committee the bidders were asked to submit the samples of items quoted. The bidders have submitted their samples for evaluation. Program Manager further added that as the HIV/AIDS testing kits are technical so the evaluation has been carried out by our Senior Pathologist Dr. Ashraf Memon & if the committee agrees the kits may be finalized as per recommendation of Dr. Ashraf Memon.
11. The Procurement Committee agreed with Program Manager to finalize the tender of HIV/AIDS testing kits as per recommendations by Senior Pathologist & commented that as he is senior & well versed with the technicalities of the kits his recommendation are worthy to be qualified.
12. The Procurement Committee commented that as the bidding process follows Single Stage One envelope procedure the bidder with lowest quoted rate should be qualified for issuance of Supply Order. However it was decided that quality of the items should also be taken into consideration so that best utilization of public money could be observed.
13. The Procurement Committee evaluated the samples package wise accordingly & provided their comments against each item. During evaluation of Consumable items it was decided that as the items are of consumable nature & there is no technicality in such items the items should be evaluated rate wise & contract should be awarded to lowest bidder.
