Deptt: Head ESTIMATE FOR CONSTRUCTING RETAINING WALL
ALONG DODAI MINOR RD 0+0 TO 10+0=10000 FT B/S

This Estimate framed in the office of the Executive Engineer Rice Canal Division Larkana for the probable expenses that will be incurred to carry out above named work.

Rs. 99706702 /-

General Description

The estimate is provided for the Retaining Wall along Dodai Minor RD-0+0 to 10+0 Both Sides, The proposed portion of the channel passes from the center of the Larkana city, due to gravitous working discharge the canal berm even the bank have totally been eroded. In the result of which occurrence of serious leaks have been observed and put the Larkana city in dangerous position by giving anxious moment round the clock during full Abkalani season. God forbid in case of any mishap within this reach, which in fact lies in the heart of city will cost unavoidable loss of public as well as Government property. Therefore by providing Retaining Wall in this important channel were curb the occurrence of dangerous leaks and breach and also armoring the channel bank from further more erosion, which costs lot of annual expenditure on maintenance of channel banks specially in this reach, on the other hand it will also reduce seepage effect on the both sides of Larkana city, and it will also give a beautiful look of the channel.

ABSTRACT OF COST

ESTIMATE FOR CONSTRUCTING RETAINING WALL ALONG DODAI MINOR RD 0 + 0 TO 10 =10000 FT BOTH SIDE

QUANTITY		ITEM	RATE	PER	AMOUNT
720000 cft	1	Excavation in foundation of building bridges and other structure i/c dagbelling dressing refilling around the structure with excavated earth watering ramping lead up to one chain & lift up to 50 in ordinary soil. (P-4/18-B)	1306.80	% cft	940896.00
90000 sft	2	Erection & removal of centering for RCC or plain cement concrete works of deodar wood 2nd class. (P-20/18-B)	1918.55	% sft	1726695.00

The above tender is hereby accepted by me on behalf of the Government of West Pakistan. *Sanctioned for Rs. 99610348/- (Rupees Ninety Nine Million Six hundred Ten Thousand Three hundred Forty Eight) only at 1.62% above estimate.*

Executive Engineer,
Division (for his duly authorised Assistant).

Signature of the officer by whom accepted.

Dated the _____ day of _____ 198

Conditions of Contracts

Clause 1.—The ^{Person} _____ whose tender may be accepted (hereinafter called the ^{Person} _____ Security Deposit.

contractor) shall (A) [(within one day for a contract of Rs. 1,000 or less, or two days for a contract of more than Rs. 1,000 upto Rs. 2,000 and so on, upto a limit of ten days, for a contract of Rs. 10,000 or more of the receipt by him of the notification of the acceptance of his tender) deposit with the Executive Engineer in cash of Government securities endorsed to Executive Engineer (if deposited for more than 12 months) a sum sufficient with the amount of the earnest money deposited by him with his tender to make up the full security deposit specified in the tender], or (B) [permit Government at the time of making any payment to him for work done under the contract to deduct such sum as will (with the earnest money deposited by him) amount to percent of all moneys so payable, such deductions to be held by Government by way of security deposit]. *Provided always* that in the event of the contract or depositing a Lump sum by way of security deposit as contemplated at (A) above, then and in such case, if the sum so deposited shall not amount to _____ percent of the total estimated cost of the work, it shall be lawful for Government at the time of making any payment to the contractor for work done under the contract to make up the full amount of _____ per cent by deducting a sufficient sum from every such payment as last aforesaid. All compensation or other sums of money payable by the contractor to Government under the terms of his contract may be deducted from, or paid by the sale of a sufficient part of his security deposit, or from the interest arising therefrom, or from any sums which may be due or may become due by Government to the contractor on any account whatsoever, and in the event of his security deposit being reduced by reason of any such deduction or sale as aforesaid the contractor shall, within ten days thereafter, make good in cash or Government securities endorsed as aforesaid any sum or sums which may have been deducted from, or raised by sale of his security deposit or any part thereof. The security deposit referred to, when paid in cash, may, at the cost of the depositor, be converted into interest-bearing securities provided that the depositor has expressly desired this in writing.

It the amount of the security deposit to be paid in a lump sum within the period specified at (A) above is not paid tender/contract already accepted shall be considered as cancelled and legal steps taken against the contractor for recovery of the amounts.

Compensation for delay.

The security deposit lodged by a contractor (in cash or recovered in instalments from his bills) shall be refunded to him after the expiry of three months from the date on which the work is completed. The Executive Engineer shall however exercise his discretion to refund security deposit to the contractor either after the months from the date of completion of work later along with the final bill if it is prepared after that period or account of some unavailable circumstances.

done, in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract, and in that case the certificate of the Executive Engineer, as to the value of the work done shall be final and conclusive against the contractor.

(c) To measure up the work of the contractor and to take such part thereof as shall be unexecuted out of the hands, and to give it to another contractor to complete it, in which case any expenses which may be incurred in excess of the sum which would have been paid to the original contractor if the whole work had been executed by him (as to the amount of which excess expenses the certificates in writing of the Executive Engineer shall be final and conclusive) shall be borne and paid by the original contractor and shall be deducted from any money due to him by Government under the contract or otherwise or from his security deposit or the proceeds of sale thereof, or a sufficient part thereof.

In the event of any of the above courses being adopted by the Executive Engineer, the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials, or entered into any engagements, or made any advances on account of, or with a view to the execution of the work or the performance of the contract. And in case the contract shall be rescinded under the provision aforesaid, the contractor shall not be entitled to recover to be paid any sum for any work therefore actually performed by him under this contract unless and until the Executive Engineer shall have certified in writing the performance of such work and the amount payable in respect thereof, and he shall only be entitled to be paid the amount so certified.

Clause 4.—If the progress of any particular portion of the work is unsatisfactory Executive Engineer shall, notwithstanding that the general progress of the work is in accordance with the conditions mentioned in clause 2, be entitled to take action under clause 3 (b) after giving the contractor 10 days' notice in writing. The contractor will have no claim for compensation for any loss sustained by him owing to such action.

Clause 5.—In any case in which any of the powers conferred upon the Executive Engineer by the clause 3 and 4 thereof shall have become exercisable and the same shall not have been exercised, the non-exercise thereof shall not constitute a waiver of any of the conditions hereof and such powers shall not withstanding be exercisable in the event of any future case of default by the contractor for which under any clause or clauses hereof he is declared liable to pay compensation amounting to the whole of his security deposit and the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Executive Engineer taking action under sub-clause (a) or (c) of clause 3, he may, if he so desires, take possession of all or any tools, plant, materials and stores in or upon the works, or the site thereof or belonging to the contractor, or procured by him and intended to be used for the execution of the work or any part thereof, paying or allowing for the same in account at the contract rates, or in the case of contract not being applicable, at current market rates, to be certified by the Executive Engineer, whose certificate thereof shall be final. In the alternative the Executive Engineer, may after giving notice in writing to the contractor or his clerk of the works, foreman or other authorised agent require him to remove such tools, plant, materials, or stores from the premises within a time to be specified in such notice, and in the event of the contractor failing to comply with any such requisition, the Executive Engineer, may remove them at the contractor's expense or sale them by auction or private sale on account of the contractor and at his risk in all respects, and the certificate of the Executive Engineer as to the expense of any such removal and the amount, of the proceeds any expense of and such sale shall be final and conclusive against the contractor.

Clause 6.—If the contractor shall desire an extension of the time for completion of the work on the ground of his having been unavoidably hindered in its execution or on any other ground, he shall apply in writing to the Executive Engineer within 30 days from the date on which he was hindered as aforesaid or on which the ground of asking for extension arose and in any case before the date of completion of the work, and the Executive Engineer may, if in his opinion there are reasonable grounds for granting an extension grant such extension as he thinks necessary or proper. The decision of the Executive Engineer in this matter shall be final.

CONTRACTOR

*Action when the progress of any particular portion of the work is unsatisfactory.

Contractor remains liable to pay compensation if action not taken under clauses 3 and 4.

Power to take possession of or require removal of or sell contractor's plant.

Selection time.

H.P.
Executive Engineer
Rice Canal Division
Larkana.

Payment at reduced rates on items of work not accepted as completed to be at the discretion of the Engineer-in-charge.

Clause 9. The rates for several items of works estimated to cost more than Rs. 1,000 agreed to within, shall be valid only when the item concerned is accepted as having been completed fully in accordance with the sanctioned specifications. In cases where the items of work are not accepted as so completed the Engineer-in-charge may make payment on account on such items at such reduced rates as he may consider reasonable in the preparation of final or on account bills.

Clause 10.—A bill shall be submitted by the contractor as frequently as the progress of the work may justify for all work executed and not included in any previous bill and the Engineer-in-charge shall take or cause to be taken the requisite measurements for the purpose of having the same verified and the claim, as far as admissible, adjusted, if possible before the expiry of ten days from the presentation of the bill, at any time depute a subordinate to measure up the said work in the presence of the contractor or his authorized agent, whose counter-signature to the measurement list will be sufficient warrant and the Engineer-in-charge may prepare a bill from such list which shall be binding on the contractor in all respects.

to be submitted

CONTRACTOR

Clause 11.—The contractor shall submit all bills on the printed forms to be application at the office of the Engineer-in-charge. The charges to be made in the bills shall always be entered at the rates specified in the tender or in the case of any extra work ordered in pursuance of these conditions, and not mentioned or provided for in the tender at the rates hereinafter provided for such work.

to be on printed form.

Clause 12.—If the specification or estimate of the work provides for the use of any special description of materials to be supplied from the store of the P.W.D. or if it is required that the contractor shall use certain stores to be provided by the Engineer-in-charge (such material and stores, and the prices to be charged therefore as hereinafter mentioned being so far as practicable for the convenience of the contractor but not so as in any way to control the meaning or effect of this contract specified in the schedule or memorandum hereto annexed) the contractor shall be supplied with such materials and stores as may be required from time to time to be used by him for the purposes of the contract only and the value of the full quantity of the materials and stores so supplied shall be set off or deducted from the security deposits or the proceeds of sale thereof, if the security deposit is held in Government securities, the same or a sufficient portion thereof shall in that case be sold for the purpose. All materials supplied to the contractor shall remain the absolute property of Government and shall on no account be removed from the site of the work, and shall at all times be open to inspection by the Engineer-in-charge. Any such materials unused and in perfectly good condition at the time of completion or determination of the contract shall be refunded to the P.W.D. store, if the Engineer-in-charge so requires by a notice in writing under his hand, but the contractor shall not be entitled to return any such materials except with the consent of the Engineer-in-charge and he shall have no claim for compensation on account of any such material supplied to him as aforesaid but remaining unused by him or for any wastage in or damage to any such materials.

Store supplied by Government.

Clause 13.—The contractor shall execute the whole and every part of the work in the most substantial and work-man-like manner and both as regards materials and all other matters in strict accordance with the specifications, lodged in the office of the Executive Engineer and initialled by the parties, the said specification being a part of the contract. The contractor shall also confirm exactly, fully and faithfully to the designs, drawings, and instructions in writing relating to the work signed by the Engineer-in-charge and lodged in his office and to which the contractor shall be entitled to have access at such office or on the site of work for the purpose of inspection during office hours and the contractor shall, if he so requires, be entitled at his own expense to make or cause to be made copies of the specifications, and of all such designs, drawings, and instructions as aforesaid.

Works to be executed in accordance with specification, drawings, orders, etc.

Clause 14.—The Engineer-in-charge shall have power to make any alterations in, or additions to the original specifications, drawings, designs, and instructions that may appear to him to be necessary or advisable during the progress of the work, and the Contractor shall be bound to carry out the work, in accordance with any instructions in this connection which may be given to him in writing signed by the Engineer-in-charge and such alterations shall not invalidate the contract.

Alteration in specification and designs to invalidate contract

H.P.
Executive Engineer
Rice Canal Division
Larkana.

work or materials as described above may be accepted or made use of, it shall be within his discretion to accept the same at such reduced rates as he may fix there-fore.

Clause 18.—All works under or in course of execution executed in pursuance of the contract shall at all times be open to the inspection and supervision of the Engineer-in-charge and his subordinates, and the contractor shall at times during the usual working hours, and at all other times at which reasonable notice of the intention of the Engineer-in-charge or his subordinate to visit the work shall have given to the contractor, either himself be present to receive orders instruction, or have a responsible agent duly accredited in writing present for that purpose. Orders given to the contractor's duly authorised agent shall be considered to have the same force an effect as if they had been given to the contractor himself.

Works to be open to inspection.

CONTRACTOR

Contractor or respon- sible agent to be present.

Clause 19.—The contractor shall give not less than five days notice in writing to the Engineer-in-charge or his subordinate-in-charge of the work before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct dimensions thereof taken before the same is so covered up or place beyond the reach measurement, and shall not cover up or place beyond the reach of measurement any work without the consent in writing of the Engineer-in-charge or his subordinate-in-charge of the work; and if any work shall be covered up or placed beyond the reach of measurement without such notice having been given to consent obtained, the same shall be uncovered at the contractor's expense, and in default thereof no payment or allowance shall be made for such work, or for the materials with which the same was executed.

Notice to be given before work is covered up.

Clause 20.—If the contractor or his workmen, or servants shall break, deface, injure, or destroy any part of a building in which they may be working or any build- ing, road fence, enclosure or grass land or cultivated ground continuous to the premises on which the work or any part thereof is being executed, or if any damage shall be done to the work, while it is in progress from any cause whatever or if any imperfections become apparent in it within three months of the grant of a certificate of completion, final or otherwise, by the Engineer-in-charge, the contrac- tor shall make good the same at this own expense, or in default the Engineer-in- charge may cause the same to be made good by other workmen, and deduct the expenses of (which the certificate of Engineer-in-charge shall be final) from any sums that may then be due or may thereafter become due to the contractor, or from his security deposits or the proceeds of sale thereof, or of a sufficient portion thereof.

Contractor liable for damage done, and for imperfections for three months after certificate.

Clause 21.—The contractor shall supply at his own cost all material (except such special material, if any, as may in accordance with the contract, be supplied from the P.W.D. Stores), plant, tools, appliances, implements, ladders, cordage tackle, scaffolding and temporary work requisite or proper for the execution of the work, whether in the original, altered, or substituted form, and whether includ- ed in the specification, or other documents, forming part of the contract of refer- red to in these conditions or not, and which may be necessary for the purpose of satisfying or complying with the requirements of the Engineer-in-charge as to any material as to which under these conditions he is entitled to be satisfied, or which he is entitled to require together with carriage therefore to and from the work. The contractor shall also supply without charge the requisite number of persons with the means and materials necessary for the purpose of setting out works, and counting, weighting and assisting in the measurement or examination at any time and from time to time of the work or the materials, Failing this the same may be provided by the Engineer-in-charge at the expense of the contractor and the expenses may be deducted from any money due to the contractor under the contract, or from his security deposit or the proceeds of sale thereof, or of a sufficient portion thereof. The contractor shall provide all necessary fencing and lights required to protect the public from accident, and shall also be bound to bear the expenses of defence of every suit, action or other legal proceedings, that may be brought by any person for injury sustained owing to neglect of the above precautions, and to pay any damages and costs which may be awarded in any such suit action or proceedings to any such person, or which may with the consent of the contractor be paid for compromising any claim by any such person.

Contractor to supply plant, ladders scaffolding, etc.

And is liable for damage arising from non-provision of lights fencing etc.

Clause 22.—The contractor shall not set fire to any standing jungle, trees brush-wood or grass without a written permit from the Executive Engineer.

H.P.
Executive Engineer
Rice Canal Division
Larkana.

CONTRACTOR

Executive Engineer
Rice Canal Division
Larkana.

Clause 30.—Except where otherwise specified in the contract and subject to the powers delegated to him by Government under the Code rules then in force, the decision of the Superintending Engineer of the Circle for the time being shall be final, conclusive, and binding on all parties to the contract upon all questions relating to the meaning of the specifications, drawings, and instructions hereinbefore mentioned and as to the quality of workmanship, or materials used on the work, or as to any other question, claim, right matter, or the thing whatsoever in any way arising out of, or relating to the contract design, drawings, specifications, estimates, instructions, orders or these conditions or otherwise concerning the works, or the execution or failure to execute the same whether arising during the progress of the work or after the completion or abandonment thereof.

CONTRACTOR

Stores of European or American manufacture to be obtained from Government.

Clause 31.—The contractor shall obtain from the P.W.D. stores all stores and articles of European or American manufacture which may be required for the work or any part thereof or in making up any articles required therefor or in connection therewith, unless he has obtained permission in writing from the Engineer-in-charge to obtain such stores and articles elsewhere. The value of such stores and articles as may be supplied to the contractor by the Engineer-in-charge will be debited to the contractor in his account at the rates shown in the schedule in Form "A" attached to the contract and if they are not entered in the said schedule, they shall be debited to him at cost price which for the purpose of the contract is shall include the cost of carriage and all other expenses whatsoever, which shall have been incurred in obtaining delivery of the same at the stores aforesaid.

Lumpsums in estimates

Clause 32.—When the estimate on which a tender is made includes lump sums in respect of parts of the work, the contractor shall be entitled to payment in respect of the items of work involved or the part or the work in question at the same rates as are payable under this contract for such items, or if the part of the work in question is not in the opinion of the Engineer-in-charge capable of measurement, the Engineer-in-charge may at his discretion pay the lump sum amount entered in the estimate, and the certificate in writing of the Engineer-in-charge shall be final and conclusive against the contractor with regard to any sum or sums payable to him under the provisions of this clause.

Action where no specification.

Clause 33.—In the case of any class of work for which there is no such specification as is mentioned in Rule 1 such work shall be carried out in accordance with the Divisional specification, and in the event of there being no Divisional specification, then in such case the work shall be carried out in all respects in accordance with the instructions and requirements of the Engineer-in-charge.

Definition of work.

Clause 34.—The expression "works" or "work" where used in these conditions shall, unless there be something in the subject of context repugnant to such construction, be constructed to mean the work or works contracted to be executed under or in virtue of the contract, whether temporary or permanent and whether original, altered, substituted or additional.

Contractors percentage where applied to net or gross amounts of bill.

Clause 35.—The percentage referred to in the tender shall be deducted from/ added to the gross amount of the bill before deducting the value of any stock

Refund of quarry fees and royalties.

Clause 36.—All quarry fees, royalties, octroi dues and ground rent for stocking materials if any, should be paid by the contractor, who will, however, be entitled, to a refund of such of the charges as are permissible under the rules on obtaining a certificate from the Engineer-in-charge that the materials were required for the use on Government work.

Compensation under the workmen's Compensation Act.

Clause 37.—The contractor shall be responsible for and shall pay any compensation to this workmen payable under the Workmen's Compensation Act, 1923 (VIII of 1923), (hereinafter called the said Act), for injuries caused to the workmen. If such compensation is paid by Government as principal under sub-section (1) of section 12, of the said Act on behalf of the contractor, it shall be recoverable by Government from the contractor under sub-section (2) of the said section. Such compensation shall be recovered in the manner laid down in Clause 1 above.

Claim for quantities entered in the tender.

Clause 38.—Quantities shown in the tender are approximate and no claim shall be entertained for quantities of work executed being 30% more or less than those entered in the tender or estimate.

H.P.
Executive Engineer
Sice Canal Division
Larkana.

Clause 39.—The contractor shall employ any famine, convict or other labour of a particular kind or class if ordered in writing to do so by the Engineer-in-charge.

Claim for compensation for delay in starting the work.

Clause 40.—No compensation shall be allowed for any delay caused in the starting of the work on account of acquisition of land or, in the case of clearance works on account of any delay in according sanction to estimates.

Claim for compensation for delay in execution of work.

Clause 41.—No compensation shall be allowed for any delay in the execution of the work on account of water standing in borrow pits or compartments. The rate are inclusive for hard or cracked soil, excavation mud, sub-soil water or water standing in borrow pits and no claim for an extra rate shall be entertained, unless otherwise expressly specified.

Entering upon or commencing any portion of work.

CONTRACTOR

Clause 42.—Contractor shall not enter upon or commence any portion of work except with the written authority and instructions of the Engineer-in-charge or of his subordinate-in-charge of the work. Failing such authority the contractor shall have no claim to ask for measurements of or payment for work.

Minimum age of persons employed, the employment of donkeys or other animals.

Clause 43. (i) No contractor shall employ any person who is under the age of 12 years.

(ii) No contractor shall employ donkeys or other animals with breeching of string or thin rope. The breeching must be at least three inches wide and should be of tape (*Nawar*).

(iii) No animal suffering from sores, lameness or emaciation or which is immature shall be employed on the work.

Any contractor who does not accept these conditions shall not be allowed to tender for works and his name shall be removed from the list of contractors.

(iv) The Engineer-in-charge or his Agent is authorised to remove from the work any person or animal found working which does not satisfy these conditions and no responsibility shall be accepted by Government for any delay caused in the completion of the work by such removal.

Pakistani Timber to be used.

Clause 44.—As far as possible Pakistani Timbers shall be used and where for any reason this is not practicable, preference shall be given first to Burma and then to other British Timbers.

Certificate for concessional freight charges from the Railway.

Clause 45.—If any materials, such as stones metal bajri, sand etc., are required to be conveyed by rail, the contractors will be granted certificates by the Engineer-in-charge of the work to the effect that the materials are required for Government or semi Government works thereby enabling them to have the benefit of concessional freight charges from the railway. In case, however, such a concession is withdrawn by the railway at any time during the currency of the contract, no claim shall be preferable against Government on this account.

Precedence of acceptance of tenders, when tender rates are same.

Clause 46. When tendered rates are the same preference will be given at the discretion of the accepting authority to those who tender for the earthing of materials by vehicles having pneumatic tyres.

Recovery of dues from contractor as arrears of Land Revenue.

Clause 47.—Any sum due to the Government by the contractor shall be liable for recovery as arrears of Land Revenue.

Partnership of M.L.A.S forbidden.

Clause 48.—Certified that no member of Legislative Assembly is in partnership with me and that Government will have the right to terminate the contract at any stage if it is discovered that a member of Legislative Assembly is a partner in the contract.

Payment of Sales Tax.

Clause 49.—I/We hold myself/ourselves responsible to pay the sales tax as levied in accordance with Pakistan General Sales Tax Act, 1948, or any other law for the time being in force.

Interest for share Government servant in the work.

Clause 50.—Certified that no Government Servant has directly or indirectly a share or interest in the work.

H.P.

When such permit is given, and also in all cases when destroying cut or pulling up trees, brush wood, grass, etc., by fire the contractor shall take necessary measures to prevent such fire spreading to or otherwise damaging surrounding property.

The contractor shall make his own arrangements for drinking water for the labour employed by him.

Liability of contractor for any damage done in or outside work area.

Clause 23.—Compensation for all damage done intentionally or unintentionally by contractor's labour whether in or beyond the limits of Government property including any damage, caused by the spreading of fire mentioned in clause 22, shall be estimated by the Engineer-in-charge or such other officer as he may appoint and the estimates of the Engineer-in-charge subject to the decision of the Superintending Engineer, on appeal shall be final and the contractor shall be bound to pay the amount of the assessed compensation on demand failing which the same will be recovered from the contractor as damages in the manner prescribed in clause 1 or deducted by the Engineer-in-charge from any sums that may be due or become due from Government to the contractor under this contract or otherwise.

CONTRACTOR

The contractor shall bear the expenses of defending any action or other legal proceedings that may be brought by any person for injury sustained by him owing to neglect of precautions to prevent the spread of fire and he shall pay any damages and cost that may be awarded by the court in consequence.

Employment of female labour.

Clause 24.—The employment of female labourers on works in the neighbourhood of soldiers' barracks should be avoided as possible.

Work on Fridays.

Clause 25.—No work shall be done on a Friday without the sanction in writing of the Engineer-in-charge.

Work not to be public.

Clause 26.—The contract shall not be assigned or sublet without the written approval of the Engineer-in-charge. And if the contractor shall assign or sublet his contract or attempt so to do, or become insolvent or commence any proceedings to be adjudicated an insolvent or make any composition with his creditors, or attempt so to do, the Engineer-in-charge may, by notice in writing rescind the contract. The contractor shall keep full and true accounts shall respect of the contract works in the regular course of business and shall whenever called upon by the Engineer-in-charge by notice in writing produce them for inspection by him or by any officer appointed by him in that behalf. Also if any bribe, gratuity, gift, loan, reward or advantage pecuniary or otherwise, shall either directly or indirectly be given, promised or offered by the contractor or any of his servants or agents to any public officer or person in the employ of Government in any way relating to his officer or employment or if any such officer or person shall become in any way directly or indirectly interested in the contract or if the contractor does not keep accounts or fails to produce them as aforesaid the Engineer-in-charge may by notice in writing rescind the contract. In the event of a contract being rescinded the security deposit of the contractor shall thereupon stand forfeited and be absolutely at the disposal of Government and the same consequences shall ensue as if the contract had been rescinded under clause 3 thereof and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

Contract may be rescinded and security deposit forfeited for sub-letting it without approval or for bribing public officer or if Contractor becomes insolvent.

Sum payable by way of compensation to be considered as reasonable compensation without reference to actual loss.

Clause 27.—All sums payable by a contractor by way of compensation under any of these conditions shall be considered as a reasonable compensation to be applied to the use of Government without reference to the actual loss or damage sustained and whether any damage has or has not been sustained.

Changes in the constitution of firm to be notified.

Clause 28.—In the case of a tender by partners any change in the constitution of a firm shall be forthwith notified by the contractor to the Engineer-in-charge for his information.

Work to be under direction of Superintending Engineer.

Clause 29.—All works to be executed under the contract shall be executed under the direction and subject to the approval in all respects of the Superintending Engineer of the Circle for the time being who shall be entitled to direct at what point or points and in what manner they are to be commenced and from time to time carried on.

Executive Engineer

CONTRACTOR

App.
Case No. 1000
Division

CONTRACTOR

and any altered or additional work which the contractor may be directed to do in the manner above specified subject to the limit laid down in clause 38 below as part of the work shall be carried out by the Contractor on the same conditions in all respects on which he agreed to do the main work, and at the same rates, as are specified in the tender for the main work. The time for the completion of the work shall be extended in the proportion that the additional work bears to the original contract work, and the certificate of the Engineer-in-charge as to such proportion shall be conclusive. And if the altered or additional work includes any class of work for which no rate is specified in this contract, then such class of work shall be paid for at * (.....) percent below/above the rate shown for such work in the schedule of rates of the Division and if such last mentioned class of work is not entered in the schedule of rates of the Division, then the contractor shall, within seven days of the date of receipt by him of the order to carry out the work inform the Engineer-in-charge of the rate which it is his intention to charge for such class of work, and if the Engineer-in-charge is satisfied that the rate quoted is within the rate worked out by him on detailed rate analysis, then he shall allow him that rate, but if the Engineer-in-charge does not agree to this rate he shall by notice in writing be at liberty to cancel his order to carry out such class of work, and arrange to carry it out in such manner as he may consider advisable *Provided* thereto before the rates shall have been determined as lastly hereinbefore mentioned, then in such case he shall only be entitled to be paid in respect of the work carried out for expenditure incurred by him prior to the date of the determination of the rate as aforesaid according to such rate or rates as shall be fixed by the Engineer-in-charge. In the event of a dispute, the decision of Superintending Engineer of the circle will be final.

No claim to any payment of compensation for alteration into restriction of work.

Clause 15.—If at any time after the execution of the contract documents the Engineer-in-charge shall for any reason whatsoever not required the whole or any part of the work as specified in the tender to be carried out at all or carried out by the contractor, he shall give notice in writing of the fact to the contractor, who shall there upon have no claim to any payment or compensation whatsoever on account of any profit or advantage which he might have derived from the execution of the work in full but which he did not so derive in consequence of the full amount of the work not having been carried out, neither shall he have any claim for compensation by reason of any alterations, having been made in the original specifications, drawings, designs and instructions, which may involve any curtailment of the work as originally contemplated. Where materials, have already been collected at site of the work before the receipt of the said notice to stop or curtail the work, the contractor shall be paid for such materials at the rate determined by the Engineer-in-charge provided they are not in excess of requirements and are of approved quality

Time limit for perfect seen claims.

Clause 16.—Under no circumstances whatever shall the contractor be entitled to any compensation from Government on any account unless the contractor shall have submitted a claim in writing to the Engineer-in-charge within one month of the cause of such claim occurring.

Articles and compensation payable in case of bad work.

Clause 17.—If at any time before the security deposit is refunded to the contractor, it shall appear to the Engineer-in-charge or his subordinate-in-charge of the work, that any work has been executed with unsound, imperfect or reckless workmanship or with materials of inferior quality, or that any materials or articles provided by him for the execution of the work are unsound, or of a quality inferior to that contracted for, or are otherwise not in accordance with the contract, it shall be lawful for the Engineer-in-charge to intimate this fact in writing to the contractor and then not with standing the fact that the work materials or articles complained of may have been inadvertently passed, certified and paid for, the contractor shall be bound forthwith to rectify or remove and reconstruct the work so specified in whole or in part, as the case may require, or if so required, shall remove the materials or articles so specified and provide other proper and suitable materials articles at his own proper charge and cost; and in the event of his failing to do so within a period to be specified by the Engineer-in-charge in the writing intimation aforesaid the contractor shall be liable to pay compensation at the rate of one percent. On the amount of the estimate for every day not exceeding ten days, during which the failure so continues, and in the case of any such failure the Engineer-in-charge may rectify or remove, and re-executed the work or remove and replace the materials or articles complained of as the case may be at the risk and expense in all respects of the contractor. Should the Engineer-in-charge consider that any such inferior

Provided that where the contractor is hindered in the execution of the work on account of any act or omission on the part of the P.W.D. or any of its authorised officers, the Executive Engineer, may at any time before the date of completion and on his own initiative extend the time for completion of the work for such period as he may think necessary or proper.

Where time has been extended under this or any other clause of this agreement the date for completion of the work shall be the date fixed by the order giving the extension or by the aggregate of all such orders, made under this agreement.

When time has extended as aforesaid, it shall continue to be the essence of the contract and all clauses of the contract shall continue to be operative during the extended period.

CONTRACTOR
Date certificate.

Clause 7.—On completion of the work the contractor shall be furnished with a certificate by the Executive Engineer (hereinafter called the Engineer-in-charge) of such completion, but on such certificate shall be given not shall the work be considered to be complete until the contractor shall have removed from the premises on which the work shall have been executed all scaffolding, surplus materials and rubbish, and shall have cleaned off the dirt from all woodwork doors, windows, walls, floors, or other parts of any building in or upon which the work has been executed, or other parts of any Building in or upon which the work has been executed, or of which he may have had possession for the purpose of executing the work, nor until the work shall have been measured by the Engineer-in-charge or where the measurements have been taken by his subordinates until they have received the approval of the Engineer-in-charge, the said measurements being binding and conclusive against the contractor. If the contractor shall fail to comply with the requirements of this clause as to the removal of scaffolding surplus materials and rubbish, and cleaning of dirt on or before the date fixed for the completion of the work, the Engineer-in-charge, may, at the expense of the contractor, remove such scaffolding, surplus materials and rubbish, and dispose of the same as he thinks fit and clean of such dirt as aforesaid; and the contractor shall forthwith pay the amount of all expenses so incurred, but shall no claim in respect of any such scaffolding or surplus materials as aforesaid except for any sum actually realized by the sale thereof.

Removal of "Bundhis"

Clause 7-A.—In the case of silt clearance and other excavation works of channels after the measurement are finally recorded and checked by a competent authority the Contractor shall, on a notice in writing being given by the Engineer-in-charge or his subordinate and within the time specified in the notice, remove "Bundhis" and profile ridges within the designed channel section. If the contractor makes default such work may be carried out departmentally in which case the amount spent on the removing such "Bundhis" and profile ridges shall be deducted from any money due to the contractor or from his Security Deposit. The time taken by the contractor in removing "Bundhis" and profile ridges shall not be counted towards the period stipulated for the completion of the contract work.

Payments on Interim bills
and certificates to be
filed as advances.

Clause 8.—No payment shall be made for any work, estimated to cost less than rupees five hundred till after the whole of the work shall have been completed and a certificate of completion given. But in the case of works estimated to cost more than rupees five hundred, the contractor shall on submitting bill therefore, as provided in Clause 10, be entitled to receive payment proportionate to the part of the work then approved and passed by the Engineer-in-charge, whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. All such intermediate payments shall be regarded as payments by way of advance against the final payment only and not as payments for work actually done and completed, and shall not preclude the Engineer-in-charge from requiring any bad, unsound, imperfect or unskilful work to be removed or taken away and re-constructed, or re-erected, nor shall any such payment be considered as an admission of the due performance of the contract or any part thereof in any respect or the accruing of any claim; nor shall it conclude, determine, or affect in any other way the powers of the Engineer-in-charge as to the final settlement and adjustment of the accounts or otherwise, or in any way vary or effect the contract. The final bill shall be submitted by the contractor within one month of the date fixed for the completion of the work, otherwise Engineer-in-charge's certificate of the measurements and of the total amount payable for the works shall be final and binding on all parties.

or failing to comply with this condition he shall
 an amount equal to one percent, or such smaller
 (whose decision in writing shall be final)
 cost of the whole work for every day that the
 complete: provided always that the total amount
 the provisions of this clause shall not exceed
 of the work as shown in the tender.

Clause 3. In any case in which under any clause or clauses of this contract
 the contractor shall have rendered himself liable to pay compensation amounting
 to the amount of his security deposit (whether paid in on sum or deducting by instal-
 ments) or in the case of abandonment of the work owing to the serious illness or
 death of the contractor or for any other cause, the Executive Engineer, on behalf of
 the Government of West Pakistan, shall have power to adopt any of the following
 courses:—
 (a) to rescind the contract (in writing to the contractor) and the security deposit shall be
 forfeited and be absolutely at the disposal of the Government.

(b) to employ labour, materials and Public Works Department and to supply
 materials to carry out the work or any part of the work, debiting the contractor
 with the cost of the labour and the price of the materials (as to the correctness of
 which cost and price the certificate of the Executive Engineer shall be final and
 conclusive against the contractor) and crediting him with the value of the work

*This will be the same percentage as that in the tender at (c).

*This amount of this percentage (not exceeding 10%) will be fixed in every case to suit requirements, e.g. if it is
 fixed at 8% and the security deposit only amounts to 3% of the estimated cost of the work then 3% should be
 deducted from every payment, if the percentage is fixed at 10% the security deposit only amounts to 6% should be
 deducted and so on.

CONTRACTOR

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice.

2. The second part details the process of reconciling bank statements with the company's ledger. It notes that any discrepancies should be investigated immediately to ensure the accuracy of the financial data.

3. The third part covers the preparation of monthly financial statements, including the balance sheet, income statement, and cash flow statement. It stresses the need for transparency and consistency in reporting.

4. The fourth part discusses the role of internal controls in preventing fraud and errors. It suggests implementing a system of checks and balances to ensure that all financial activities are properly authorized and recorded.

5. The fifth part addresses the importance of staying up-to-date with changes in tax laws and regulations. It advises consulting with a professional advisor to ensure full compliance.

6. The sixth part concludes by highlighting the overall goal of financial management: to provide a clear and accurate picture of the company's financial health to support strategic decision-making.

7. The seventh part discusses the importance of maintaining a good relationship with creditors and suppliers. It suggests communicating regularly and paying invoices on time to maintain a positive credit rating.

8. The eighth part covers the topic of budgeting and forecasting. It emphasizes the need to set realistic goals and track performance against the budget to identify areas for improvement.

9. The ninth part discusses the importance of risk management. It suggests identifying potential risks to the company's financial stability and developing strategies to mitigate them.

10. The tenth part concludes by reiterating the importance of a strong financial foundation for long-term success. It encourages a proactive approach to financial management.

SUMMARY FOR CHIEF MINISTER SINDH

Subject: CONSTRUCTING OF RETAINING WALL ALONG DODI MINOR RD-0 TO 11+140 (BOTH SIDES) IN LARKANA CITY.

Honourable Chief Minister Sindh may kindly peruse his minutes vide Chief Minister Secretariat's letter No.DS(III)/DEV/CMS/10(4)/09/037 dated 11-01-2012 reproduced as under :-

"Estimates & the work may done."

Sd/- Dated 30-12-2011

CHIEF MINISTER, SINDH

Copy placed at Flag-A.

2/- To comply with the directive of Honourable Chief Minister Sindh, Chief Engineer Irrigation, Sukkur Barrage Right Bank Region, Larkana, has prepared the PC-I of the subjected scheme costing to Rs.168.202 million for inclusion of the same in ADP 2011-12. Detail estimated cost and general note is at Flag "B" & "C".

3/- Dodi Minor is passing from middle of the Larkana City. Due to encroachment and free entrance of the cattle hurds in the channel, the banks have been seriously eroded and occupied, thus the channel is in vulnerable position with a absolute shabby look of the channel paths. Due to facts is not possible to run the channel at its maximum discharge. There is apprehensive occurring of breach.

4/- The scheme is not reflected in ADP 2011-12, therefore to comply the orders of Honourable Chief Minister Sindh, funds will be required out side the Budget for execution of such work.

Cont'd P/2

AS/CTD
Ag. Secy of Ho.
13/1/12

5/- In view of above, it is requested that Honourable Chief Minister Sindh may kindly approve inclusion of afore said scheme in ADP 2011-12 with some allocation from the allocated funds of Rs.3000.00 million kept in ADP General Sr. 1590 in respect of "Allocation for Directives", so that scheme in question may be processed for approval from the competent forum i.e. PDWP.

6/- The Honourable Chief Minister Sindh may like to approve para-5 above.
