1. INTRODUCTION

1.1

Introduction

Pakistan experienced extensive monsoon rains in July-August 2010, which generated unprecedented flood flows in primary, secondary and other rivers including hill torrents and local nullahs. Rivers Swat, Panjkhora and Kabul experienced historic flood flows, which crossed the historic flood peaks. The floods caused huge damages to private and public infrastructure including irrigation networks and flood protection works across Pakistan. The flood damages to the irrigation and drainage infrastructure are estimated at Rs 23,600 million.

In Sindh, four breaches in flood protection embankments, Left Marginal Bund of Guddu Barrage and Tori, MS and PB Bunds, caused main damages. The Tori Bund breach had inundated entire North West Canal command area and damaged much of the infrastructure on its way back to the Indus River.

1.2

Project Description

In response to flood damage recovery and reconstruction interventions, Asian Development Bank (ADB) through its emergency loan i.e. 2742/ 2743 (PAK) SF: Flood Emergency Reconstruction Project (FERP), has committed to support the ongoing efforts of the Government of Pakistan (GOP) for reconstruction of irrigation, drainage and flood protection infrastructure in Sindh Province. (a) Location and Access

The work sites (Jherruck Bund and Shaikhani Bund, Kafari Baghar Division) is situated in District Thatta, about 50 km south of Hyderabad City and easily accessible through National Highway. The nearest town to the site Jherruck.

1.4 Invitation for Bid

The Invitation for Bids was advertised on 19 Nov. 2011 issues of two local newspapers. Copy is available at **Appendix 2**. The Bidding Documents were ready for issuance from 19 Nov. 2011. In total *Twenty SME* firms purchased the Bidding Documents.

Initially it was envisaged that PMU-FERP Hyderabad, would receive/evaluate bids and accordingly NIT was published. However in the later stage Sindh Irrigation Department (SID) decided that all procurement for civil works under ADB's FERP-Irrigation Sector Support shall be initiated, received and evaluated at regional office by the concerned Chief Engineers. This change in procurement process through a Corrigendum dated November 2011 was published in the news paper (copy attached as **Appendix 2.1**).
