The report states that the defence ministry has demanded that the budgetary allocations of three armed forces should be linked with the threat perception. The defence ministry said that the threat perception has "markedly enhanced due to the current political situation and Pakistan's strategic location in the area," according to the report.

The defence ministry also made an over 100% of the CSF, according to the committee's report. "The 40% imp function from the CSF reimbursement by government of Pakistan works by discontinued," the ministry proposed to the parliamentary body.

Under a formula agreed under Pervez Sharaf's regime, 40% of the CSF revenue goes to the civilian government. Pakistan has received \$13 billion in the US. UNHCR in Med shipwreck

Survivors rescued on April 16 said overcrowded capsized

ROME

The UN refugee agency on Wednesday said around 500 migrants from Africa had drowned in the Mediterranean. It could be one of the deadliest tragedies since the migrant crisis.

Survivors who were rescued after being picked up by a merchant ship on April 16 told the UNHCR that the migrants drowned in human traffickers' overcrowded boats somewhere between Libya and Italy.

The latest report comes as Europe seeks to find a way of stopping the flow of people fleeing poverty and persecution, what has become the world's worst migrant crisis since World War II.

"The survivors said that they had been on a group of between 100 and 200 people."
