He said his party would continue struggle for the eradi-  
cation of black laws from tribal region and bring people of  
Fata to the mainstream.

The ANP chief demanded the immediate merger of  
Fata with KP and conduct population census in the area as  
soon as possible.

“The time has come to abolish draconian black laws, a  
legacy of the Colonial Empire,” he said while referring to  
the Frontier Crimes Regulation promulgated in early 20th  
century.

Mr. Asfandyar demanded a huge financial package for  
Fata and representation of tribal people in the next provin-  
cial cabinet according to their population.

He said a joint resolution of parliamentarians from  
Fata, which demanded merger of Fata with KP, should be  
implemented in letter and spirit. Asfandyar Wali wel-  
comed the federal government's decision to hold popula-  
tion census in March and urged people to fully participate  
in this exercise.

Terming the China-Pakistan Economic Corridor a game  
changer for the region he said that his party would launch  
protest movement if western route was ignored.

The ANP leader criticised talks among China, Pakistan  
and Russia on the restoration of peace in Afghanistan  
without engaging Afghan government.

“What will be the reaction of the government of  
Pakistan if Russia, China and Afghanistan start dialogue  
to solve Kashmir issue in the absence of Islamabad?”

He said Islamabad and Kabul would have to recognise  
each other's existence and start joint efforts for the resto-  
ration of durable peace in the region.

He came down heavily on Pakistan Tehreek Insaf led  
government for its “flawed” policies in the province.
