General Rules and Directions for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in the form of invitation to tender posted on a board hung in the office of the Executive Engineer.

submit work; the an and th ther a grante rates a work : cation, the Ex

signe any attor:

by a firm, shall also be signed by all the partners, except where the partners are described in their tender as a firm in which case the tender shall be signed in the name of the firm by one of the partners, or by persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual pro-forma stating at what percentage above or below the rates specified in the tender memorandum showing items of work to be carried out; he is not to

tender take the work. Only one rate of such percentage, on all the items to be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No primed forms of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have the name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amounts of the several tenders in a comparative statement in a suitable form. In the identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money for deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tenders shall have the signature of the Executive Engineer, Highway Division.

7. No receipt for any payment, alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. The memorandum of work to be tendered for and the schedule of materials to be supplied by the Public Works Department and their rates shall be filled in and completed by the office of the Executive Engineer before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed he shall request the said office to have this done before he completes and delivers his tender.

9. All work shall be measured net by standard measure and according to the rules and custom of the Public Works Department without reference to any local custom.

10. Under no circumstances shall any contractor be entitled to claim enhanced rates for any items in this contract.
