Gwadar desalination plant

For the past many years Gwadar has been constantly in the news, and for important reasons. It is going to be the second big port of the country after Karachi and the terminal of the China-Pakistan Economic Corridor. But much of the work towards that end was stalled because of severe shortage of water there.

At long last foundation stone of a 4.4 million gallons capacity water desalination plant has been laid on Sunday by the Chief of the Army Staff Gen Qamar Javed Bajwa. The plant will be built with the assistance of the UAE and Swiss governments. Its capacity can be increased to 8.8 million gallons per day, said a press release of the Inter Services Public Relations directorate.

Construction of the plant is scheduled to be completed in six to eight months which would end the scarcity of drinking water in the port town.

Gwadar has always faced the problem of scarcity of water. The problem should have been addressed first of all on a priority basis. Had the project been taken up at the right time, the port would be
