Percentage Rate Tender and Contract

Name of Work: *Drainage at the water column*
Taluka Qasimabad Dist Hyderabad

General Rules and Directions for the Guidance of Contractors

I. All work proposed to be executed by contract of invitation to tender posted on a board by the Executive Engineer and signed by the Executive Engineer

This form will state the work to be carried out, the amount of earnest money to be deposited with the security deposit to be deposited by the successful tenderer if any, to be deducted from bills. It will also state whether royalties, octroi dues and ground rents will be granted, the designs and drawings and estimated rates-schedules, required in connection with the work shall be submitted by the contractor for the purpose of identification; and shall be signed by contractors at the office of the Executive Engineer

2. In the event of the tender being submitted by a firm, it shall be signed on his behalf by a person holding a power-of-attorney to do so.

3. Receipts for payments made on account of any work, when submitted by a firm, shall also be signed by all the partners, except where the tender is submitted as a firm, in which case the receipt shall be signed by one of the partners, or by some other authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual form stating at what percentage above or below the rates specified in the memorandum showing items of work to be carried out; he is to take the work. Only one rate of such percentage, on all the items

be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

Handwritten signature and scribbles

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. The memorandum of work to be tendered for and the schedule of materials to be supplied by the Public Works Department and their rates shall be filled in and completed by the office of the Executive Engineer before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed he shall request the said office to have this done before he completes and delivers his tender.

9. All work shall be measured net by standard measure and according to the rules and custom of the Public Works Department without reference to any local custom.

10. Under no circumstances shall any contractor be entitled to claim enhanced rates for any items in this contract.

Name of Work: Drainage of Peon Colony
Distt - Hyd

General Rules and Directions for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenderers and the percentage if any, to be deducted from bills. It will also state what royalties, octroi dues and ground rents will be granted, the specifications, designs and drawings and estimated rates schedules, required in connection with the work shall be submitted to the Executive Engineer for the purpose of identification, and shall be countersigned by contractors at the office of the Executive Engineer.

2. In the event of the tender being submitted by several partners, it shall be signed separately by each partner thereof, or in the event of a firm, it shall be signed on his behalf by a person holding a power of attorney from him to do so.

3. Receipts for payments made on account of a firm, shall also be signed by all the partners, except those described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other person authorized by authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual form of tender, stating at what percentage above or below the rates specified in the memorandum showing items of work to be carried out; he is willing to take the work. Only one rate of such percentage, on all the items to be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to be rejected. The printed form of tender shall include a tender for more than one item of work. Contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

Handwritten signature and stamp at the bottom left.

Handwritten signature and stamp at the bottom right.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. The memorandum of work to be tendered for and the schedule of materials to be supplied by the Public Works Department and their rates shall be filled in and completed by the office of the Executive Engineer before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed he shall request the said office to have this done before he completes and delivers his tender.

9. All work shall be measured not by standard measure and according to the rules and custom of the Public Works Department without reference to any local custom.

10. Under no circumstances shall any contractor be entitled to claim enhanced rates for any items in this contract.

Percentage Rate Tender and Contract

*Manoj, Nark:- Drinking at Hun Camp for works Ve 4 Takika
Qasim-abad last this.*

General Rules and Directions for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the earnest money to be deposited by the successful tenderers and the percentage of the amount to be refunded. It will also state whether refund of quarry fees, of the specified bills.

described in their te name of the firm by one of the partners, or by some authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out; he is willing to undertake the work. Only one rate of such percentage, on all the $\frac{\text{Estimated rate}}{\text{Schedule rates}}$ shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. The memorandum of work to be tendered for and the schedule of materials to be supplied by the Public Works Department and their rates shall be filled in and completed by the office of the Executive Engineer before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed he shall request the said office to have this done before he completes and delivers his tender.

9. All work shall be measured net by standard measure and according to the rules and custom of the Public Works Department without reference to any local custom.

10. Under no circumstances shall any contractor be entitled to claim enhanced rates for any items in this contract.

Percentage Rate Tender and Contract

*Monney work: P.P. J ad Testing 15" Ø Rework ASTM Sewer at
Kulni II P/S to Bital Taspind - 1. at fida*

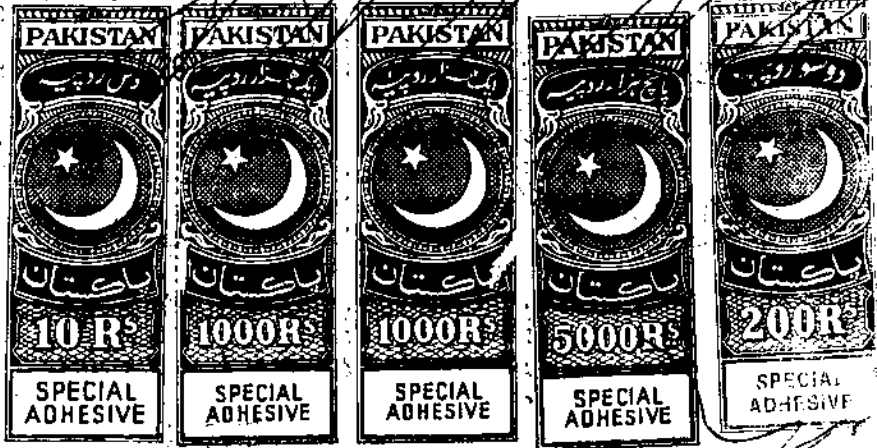

General Rules and Directions for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenderers and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties, octroi dues and ground rents will be granted. Copies of the specifications, designs and drawings and estimated rates schedule rates and any other documents, required in connection with the work, shall be made available to the Executive Engineer for the purpose of inspection by contractors at the office of the Executive Engineer.

2. In the event of the work being carried out by joint contractors, the tender shall be signed separately by each partner and it shall be signed on his behalf by him to do so.

3. Receipts for payment of earnest money shall also be signed by the firm, as described in their tender as a name of the firm by one of the partners or by a person authorized in authority to give effectual receipts.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out; he is willing to undertake the work. Only one rate of such percentage, on all the $\frac{\text{Estimated rate}}{\text{Scheduled rates}}$ shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

NO
TRACTOR

[Handwritten signature and initials]

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. The memorandum of work to be tendered for and the schedule of materials to be supplied by the Public Works Department and their rates shall be filled in and completed by the office of the Executive Engineer before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed he shall request the said office to have this done before he completes and delivers his tender.

9. All work shall be measured not by standard measure and according to the rules and custom of the Public Works Department without reference to any local custom.

10. Under no circumstances shall any contractor be entitled to claim enhanced rates for any items in this contract.

Tender for Work

*In figures as well as in words.

I/We hereby tender for the execution, for the Governor of West Pakistan (hereinbefore and hereinafter referred to as "Government") of the work specified in the underwritten memorandum within the time specified in such memorandum at* percent below/above the estimated rates entered in Schedule 'B' (memorandum showing items of work to be carried out and in accordance in all respects with the specifications, designs, drawings, and instructions in writing referred to in Rule hereof and in clause 12 of the annexed conditions of contract and agree that when materials for the work are provided by the Government such materials and the rates to be paid for them shall be as provided in Schedule 'A' hereto.

Memorandum

(a) If several sub-work are included they should be detailed in a separate list.

(a) General description

(c) The amount of earnest money to be deposited shall be in accordance with the provisions of paras 515 and 516 of the P.W.D. Manual.

(b) Estimated cost

(c) Earnest money

Tender Cost - Rs. 2402646/35

Rs. 2402646/35

(d) This deposit at all be in accordance with paras 515 and 521 A of the P.W.D. Manual.

(d) Security deposit—(including earnest money)

... Rs.

(e) This percentage where no security deposit is taken, will vary from 5 percents to 10 percents according to the requirements of the case, where security deposit is taken. See note to Clause I of conditions of contract.

(e) Percentage, if any, to be deducted from bills (Ruess) per cent.

... Rs.

(f) Give schedule where necessary showing dated by which the various items are to be complete.

(f) Time allowed for the work from date of written order to commence months

Should this tender be accepted, I/we hereby agree to abide by and fulfil all

RS

the terms and provisions of the conditions of contract annexed hereto in far as applicable, and in default thereof to forfeit and pay to Government the sums of money mentioned in the said conditions.
