ION OF CONSULTANCY SERVICES FOR "STUDIES, DESIGNING, SUPERVISION (IMPLEMENTATION & OPERATION) OF HEALTH CARE WASTE MANGEMENT SYSTEM IN SELECTED HOSPITAL OF SINDH"

COMMITTEE REMARKS SHEET

S.No.	Name of the Firm	Criteria	Specific Experience	Addequacy of the proposed Methodology in response to the TOR's		
		Requirements as per RFP	Waste Management Studies carried out in past, including the design of Storage, Collection, Transportation, Treatment and Disposal system. Experience of minimum 04 projects shall be considered (against each project = 2.5 Marks will be considered)	a) Technical Approach & Methodology	b) Work Plan for project	c) Organization & Staffing
01	M/s Atif Nazar Pvt. Ltd & Nexus Consulting	Remarks of Committee Members	The company associated the experts has completed 06 assignments of similar nature, which includes Waste Management and Health Care Waste Studies, design of Storage, Collection, Transportation, Treatment and Disposal system	The firm has ample experience of designing of HOSPITALS, the methodology covers the entire Storage, Collection, Treatment, Disposal of Health Care Waste being generated from various sources of Hospitals. The methodology covers the entire TORs, the consultants have developed a proforma to collect the basic information of Health care waste type and composition to be collected from the given list of hospitals. On the basis of data the consultants will perform in dept waste compositional studies. The consultants also covered to review the existing Incineration and type of disposal facilities available with each hospital. On the basis of data collection and assessment, consultant briefed in the proposal that they will propose Integrated system for the safe disposal of waste, the disposal facility will be installed within the premises or at regional level depends on the waste generation, space availability within the premises or installation of facility to a point where the waste is being transported from many Health Care generating points. Based on this consultants will propose inhouse temporary storage facilities in hospitals, transportation system, best suited disposal technology, The engineering estimates, PC-1 and tenders will be prepared accordingly covering storage, transportation and treatment of waste. The consultants will also supervise the installation and commissioning of system, perform capacity building sessions with Hospital Staff etc. The consultants will also monitor the operations for smooth implementation of entire mechanism.	The Work Plan is comprising of 14 months assignment, completed the feasibility study in 02 months, preparation of PC-1 and Prqualification/ hiring of contractors/ operators will be completed in next 02 months, from 05 month onward from date of work award the impelenmtation of scheme will start which will be completed at the end or before next fiscal years. The consultant adopted the optimistic approach in work plan considering the timelines and budget reflections of Sindh Government.	The required position and staffing as per the requirement of RFP are attached with the proposal for the siad assignment.

S.No.	Name of the Firm	Criteria	Specific Experience	Addequacy of the proposed Methodology in response to the TOR's		
		Requirements as per RFP	Waste Management Studies carried out in past, including the design of Storage, Collection, Transportation, Treatment and Disposal system. Experience of minimum 04 projects shall be considered (against each project = 2.5 Marks will be considered)	a) Technical Approach & Methodology	b) Work Plan for project	c) Organization & Staffing
02	M/s ESS.I.AAR PVT. LTD	Remarks of Committee Members	The company associated the experts has completed 03 assignments of similar nature are considered, which includes Waste Management and Health Care Waste Studies, design of Storage, Collection, Transportation, Treatment and Disposal system	Consultants have provided general methodology for acquiring the data from the hospitals list provided in the RFP. Based on the baseline studies consultants will perform Design of system for Storage, Collection and Disposal of Waste. Consultants will design the facility and develop rough cost estimates. On the basis of rough cost estimates the consultants will prepare PC-1 and tender documents. The consultants have highlighted in the methodology about the prequalification of contractors and procurement process and will also given methodology for execution and supervision of Waste Disposal facility installation. Consultants have briefed that the bills of the contractors will also be verified and checked according to the specifications highlighted in the tender documents. Capacity Building is also covered in the proposal. There is no any proforma or detailed methodology provided for the collection of data, installation of disposal system inhouse or at regional level. The general methodology is given but covers almost all aspects of the TORs given in the RFP.	The Work Plan is comprising of 18 months assignment, completed the feasibility study in 06 months, preparation of PC-1 and Prqualification BY 08 MONTH/. Preparation of tender documents by 11 month after signing of contractors and implementation starts from the 12 months of signing contract agreement and hereafter supervision of project implementation will be performed. s. The consultant adopted very slow approach in work plan not considering the timelines and budget reflections of Sindh Government.	The required position and staffing as per the requirement of RFP are attached but insuffiect experience observed in the team proposed against the staffing
