Percentage Rate Tender and Contract  
for works

General Rules and Directions for the Guidance

1. All work proposed to be executed by contract shall be in the form of invitation to tender posted on a board in the office of the Executive Engineer and signed by the Executive Engineer.

This form will state the work to be carried out, the time allowed for submitting and opening tenders, and the time allowed for the work; also the amount of earnest money to be deposited, the amount of the security deposit to be deposited, and the percentage, if any to be deducted from bill; also a refund of quarry fees, royalties, octroi dues granted. Copies of the specifications, designs and rates schedule rates and any other documents required for the work shall be signed by the Executive Engineer for the purpose of inspection, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

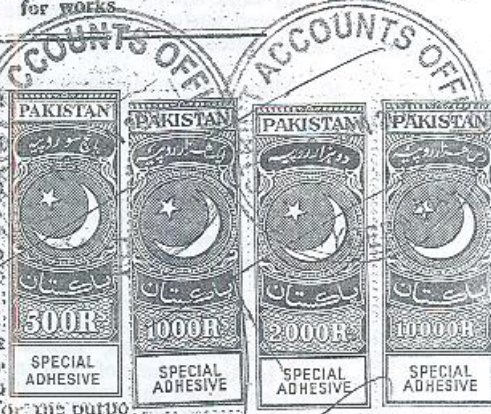

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof, or in the event of the absence of any partner, it shall be signed on his behalf by a person holding a power-of-attorney authorizing him to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out; he is willing to undertake the work. Only one rate of such percentage, on all the <sup>Estimated rates</sup> ~~Scheduled rates~~ shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have the name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open tenders, in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amounts of the several tenders in a comparative statement in a suitable form. In the identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money for deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tenders shall have right of rejecting all or any of the tenders.
