I have the honor to submit that the above-mentioned letter is received from your office with some observations, one of the observations is as under: -

- Signature of a member i.e. XEN Education Works Division Tharparkar is missing. Bid Evaluation Report is required to be signed by all the notified procurement committee members.

Since the Procurement Committee was constituted for the health and education sectors in which the XEN education must represent the education sector but his name was included in the procurement committee health sector by mistake. Therefore, this time we request some leniency and accept our Bid Evaluation Report kindly, in future we will be more careful.
