A MEETING OF COMPLAINT REDRESSAL COMMITTEE WAS HELD ON 07-03-2014

SUPPLY, INSTALLATION, TESTING DURING MAINTENANCE PERIOD OF I.T. & BMS FOR THE PROJECT SHAHEED MOHTARMA BENAZIR BHUTTO ACCIDENT EMERGENCY AND TRAUMA CENTRE AT CIVIL HOSPITAL KARACHI

DECISION

The Committee is of the opinion, with consensus, that the contents of advertisement were ambiguous and prima facie for one work. This is substantiated by the fact that bid security asked by the principal was 2% of the total amount of bid and was not bifurcated. The evaluation done by the consultant for recommending the bidders was also improper. Lastly, the decision to bifurcate the work into I.T & B.M.S. done by the consultant as if the two works are separate and independent to each other was also not in line with spirit of advertisement issued by the Project Director. Hence the complaint made by M/s Evershine Constructors considered as justified. CRC further decided that same work should be re-tendered after due deliberation and preparation of specification by a Technical Committee comprising at least three relevant technical members instead of consultant strictly in accordance with SPPRA Rules 2010.

Continuation Sheet

-2-

On Bid opening the Cost was Rs.59,000,000/-. Later on Financial bill forwarded by your good office to us for further necessary action at our end

During checking & scrutiny Arithmetically errors were found which corrected accordingly, after the correction the cost becomes to Rs.59,106,657/-. It was also noted that certain quantities were changed by the Contractor by himself without intimation to the Client/ Consultant. We reported to your good office vide letter No. NSA(P)-0223/2014/0267 dated December 6, 2014 (Copy attached for ready reference). In response to our letter a letter No. PD/AEC&ASC/CHK/2014/3528 dated December 8, 2014 was issued to M/s Instrumentation & Management Systems by your good office for clarification of the same. (Copy attached for ready reference)

On this issue M/s Instrumentation & Management Systems explained vide letter No. S14-100-2014 dated December 10, 2014 that quantities have been changed due to variation between drawing & BOQ as per addendum accordingly we have quoted. They further gave the Undertaking that whole project Scope (covered both BOQ & Drawing) will be completed in the quoted amount which includes any minor item left over to complete the Job to make functional.

In the light of above clarifications, we prepared a Comparative Statement as ANNEXURE-"A" showing the Tender Bid and the Corrected Cost of M/s Instrumentation & Management Systems along with the Engineer Estimate.

If we compare item wise somewhere they have quoted on higher and somewhere on lower grounds but not with a marginally difference either in \pm . However they have quoted 8.31% below than the Engineer Estimate.

Conclusion / Recommendations

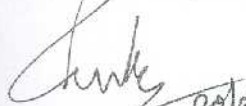

Keeping in view the above facts & figures, we recommend to award the work to M/s Instrumentation & Management Systems at a cost of Rs.59,106,657/-subject to the approval of the same by the Competent Authority.

All above referred letters along with the Addendum etc. shall be part of the contract.

We are enclosing here the original Financial Bid of M/s Instrumentation & Management Systems for your kind perusal, approval & record please.

Thanking you and assuring you of our sincere cooperation at all time

Yours sincerely,
for Naqvi & Siddiquie Associates (Pakistan)
