Preference to Vendor 1:
The only competitor who has quoted kits for IPMC properly (Sole distributors)
All items are quoted making it easy for smooth supply.
A test can be done in 1 mb therefore decreasing per test cost.
Packaged up by a team of engineers.
Less consumables are used thus decreasing per test cost.

Vendor 2 & 3 :-

Kits not compatible for IPMC machine as they are not sole distributors
Back up service not available for other machines as they are not sole distributors
Per test cost more as reagent pick is more, also cost of consumables is more.
All items are not quoted as they are not authorized dealers for these kits.
