MINUTES OF BID EVALUATION MEETING

The Meeting of the Procurement Committee was held on 04-08-2016 in the office of the Superintending Engineer Provincial Highways Circle Hyderabad for Evaluation of Bid i.e. technical & Financial Proposal attended by the Members of Procurement Committee. The Bid submitted by lowest Bidder M/s. Qalander Bux Abro & Co. was examined technically & financially in the light of screening made by the Executive Engineer Provincial Highways Division Dadu vide his office letter No.TC/G-55/897 dated 10-06-2016. The item wise position is mentioned as under:-

1. **Performance of the Contractor:**

The lowest contractor is registered with Pakistan Engineering Council Islamabad in category CA (No Limit) and carried out a large number of works in Sindh province as well as Punjab as verified from the list of works produced by him. The contractor is also successfully participated in Works & Services Department till to date and awarded contract and we found no evidence of black listing of the contractor with the Department, in the similar type of the project.

2. **History of Litigation:**

During the meeting it was pointed out that M/s Qalander Bux Abro & Co; has filed different suits for various works. But after verification it was pointed out that the Contractor has approached the Honorable Courts for redressal of his grievances, which are in process, hence till receipt of decision the contractor can-not be deprived from his right to participate in procurement.

3. **Evaluation of the bid with approved PC-I and the bid previously offered by the same bidder :**

The previous bid offered by the same bidder was rejected on the grounds of financial turnover, due to non-materialized of the project and re-appropriation of funds bid were considered null and void. Whereas, the bid amount offered was workable or not workable was not considered. The work of flyover bridge over the railway line is of very serious nature, hence quantity & quality of the work is the most essential and first priority. However, the bid offered by the contractor is within 15% permissible limit of approved PC-I, hence it was unanimously agreed and decided to forward the bid to the Chief Engineer Highways Hyderabad for approved.
