(MUHAMMAD IBRAHIM MEMON)
DEPUTY SECRETARY (PM&I)

Minutes of the Meeting of the Central Procurement Committee for Health Department, Government of Sindh

A meeting of the Central Procurement Committee (CPC) for Health Department, Government of Sindh was held on April 6, 2018 at 2:30 p.m in the office of Vice Chancellor, Dow University of Health Sciences, Karachi. The meeting was chaired by Professor Dr.M.Saeed Quraishy, Vice Chancellor, Dow University of Health Sciences, Karachi. The Chair welcomed the participants for taking their precious time from their busy schedule for the meeting.

Meeting was attended by the following members of the Committee:

1. Professor Dr. Muneer Junejo, Pro Vice Chancellor, Liaquat University Medical and Health Sciences, Jamshoro.
2. Professor Dr. Aneela Ataur Rehman, Pro Vice Chancellor/Dean of Faculty of Community Medicines, Liaquat University Medical and Health Sciences, Jamshoro.
3. Mr. Shafi Muhammad Qureshi, Additional Director, Directorate of Pharmacy, Health Department, Government of Sindh.
4. Mr. Athar Hussain Mirani, Additional Finance Secretary (Resource), Finance Department, Government of Sindh.
5. Mr. Ibrahim Memon, Deputy Secretary (PM&I), Health Department, Government of Sindh.

After recitation of the Holy Quran, the following agenda points were discussed at length by the Committee:

Point 1: Approval of the Annual Procurement Plan for Financial Year 2018-19.

CPC discussed procurement plan of Central Rate Contract (CRC) for Drugs / Medicines / Surgical / Disposable items for the Financial Year 2018-19 in detail. The Chairman CPC suggested that in first step, a complete formulary / therapeutic list of drugs / medicines / surgical / disposable items may be finalized. The Committee asked Mr.Shafi Mohammad Qureshi, Additional Director (Pharmacy)/Member CPC, to provide formulary/therapeutic list, prepared during last year immediately. Committee after deliberations decided that Mr. Shafi M. Qureshi may forward the list to all Vice Chancellors of Sindh Province through email to scrutinize the same through respective Formulary Committee and furnish their inputs for deletion / addition / amendment of any items. Committee also decided that on receipt of such proposals / inputs, the same will be placed in a sub-committee to be constituted; which will finalize a complete list for tender and placement before CPC for final approval. Mr. Shafi Qureshi also proposed that terms and conditions and evaluation criteria of Central Rate Contract's tender should also be rephrased and turnover of the bidders / manufacturers may be determined from their respective tax return filed with FBR rather relying on their bank statements and audited reports.

The Committee also assigned Mr. Shafi M. Qureshi to prepare a comprehensive plan of Central Rate Contract 2018-19 and place the same in next meeting of CPC.

The image shows six handwritten signatures in black ink, arranged horizontally across the bottom of the page. The signatures are stylized and vary in length and complexity, representing the members of the committee mentioned in the text above.

Point 2: Procurement of various items under Accelerated Action Plan for Reduction of Stunting and Malnutrition.

The representative informed the Committee that under the Accelerated Action Plan the project is procuring the following equipment:

- i. Furniture
- ii. IT Equipment
- iii. Safe Delivery Kits
- iv. Equipment for Nutrition Stabilization Centre
- v. Equipment for Outpatient Therapeutic Program
- vi. Chlorohexidine Gluconate USP

She informed the Committee that except for the Chlorohexidine Gluconate, evaluation process for other activities is completed and Bid Evaluation Report (BER) has already been hoisted on SPPRA's website. With regards to Chlorohexidine Gluconate USP, the technical evaluation has been approved by the Committee and financial proposals were opened on April 2, 2018.

The Chair observed that only a single bid was submitted for Chlorohexidine Gluconate and inquired how the market price was evaluated. The representative informed the Committee that this is the second time that they have issued the tender, as the first time one bidder had submitted the bid. The representative informed the Committee that this time around they had two bidders competing for the tender but since one bidder didn't submit the relevant documents, so he was disqualified, nonetheless, we received lower price compare to the first bidding process.

She informed the Committee that once the Committee approves the activates, purchase orders will be issued for five activities, whereas, BER of Chlorohexidine Gluconate will be hoisted on the SPPRA's website.

The CPC after due deliberations and discussion decided that since the tenders have already been technically and financially evaluated and processed to SPPRA in accordance with authority's rules, it stands approved.

Point 3: Establishment of Benazir Institute of Urology and Transplantation (BIUT), Shaheed Benazirabad.

Deputy Director (Dev.) representing the Additional Secretary (PM&I)/Chairman Purchase Committee, Benazir Institute of Urology and Transplantation (BIUT), Shaheed Benazirabad, informed the Committee that the NIT for the scheme has been published and bids are being evaluated.

The Committee directed Deputy Director (Dev.) to complete the technical evaluation process and put-up the evaluation for approval of the Committee, before opening of the financial proposals of bidders.

The bottom of the page features several handwritten signatures in black ink, likely representing the members of the Committee mentioned in the text above. The signatures are written in a cursive style and are arranged horizontally across the page.

Point 4: Development Scheme "Neonatal Screening for Congenital Hypothyroidism in Sindh at NICH, Karachi.

Professor Jamal Raza, Director NICH informed the Committee that the procurement process has almost been completed and the Bid Evaluation Report (BER) has been uploaded on the SPPRA's website. He apprised the Committee that since there was only a single bid for the procurement of CT Scan, therefore, the same would be re-advertised.

The CPC after due deliberations and discussion decided that since the tenders has already been technically and financially evaluated and processed to SPPRA in accordance with authority's rules, it stands approved.

Point 5: Procurement of various equipment, machinery and furniture for Liaquat University Hospital, Hyderabad.

The Director (Admin, Accounts & Dev.) LUH, Hyderabad briefed the CPC that all the process of the tendering at LU Hospital is carried out under the supervision of the technical experts/teaching faculty of LUM&HS/the end user. He presented the list of tenders for procurement of machinery / equipment and furniture processed, so far at LUH.

The CPC after due deliberations and discussion decided that tenders which have already been technically and financially evaluated and processed to SPPRA should be continued in accordance with authority's rules. Tenders which are under process of the technical evaluation, their evaluation report be completed and submitted to the CPC for further decision before opening of financial bids. Tenders which have already been invited, should be processed and after completion of their technical evaluation, the evaluation report be submitted to the CPC for further decision of opening of financial bids.

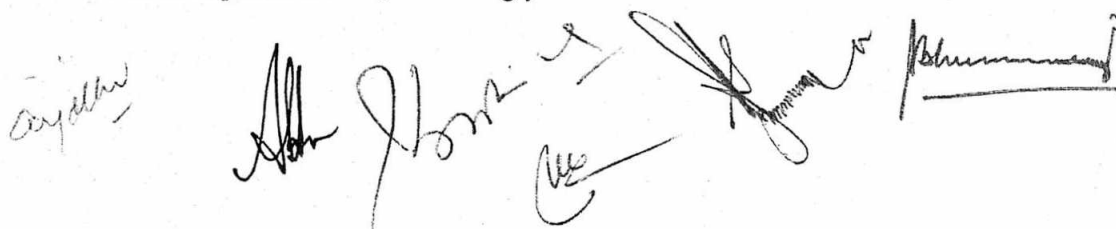

Other Points:

The representative of the JPMC with the permission of Chair, put-up the case for approval of Medicines, Furniture, Equipment, instruments and machinery in respect of all of all development projects. However, the case wasn't part of the original agenda, which was submitted to the Committee. The representative informed the Committee that the NIT for the scheme has been published and bids are being evaluated.

The Committee directed the representative of JPMC to complete the technical evaluation process and put-up the evaluation for approval of the Committee, before hoisting on SPPRA website.

Mr. Mohammad Ibrahim Memon, Deputy Secretary (PM&I) informed the Committee that Health Department is receiving various requests from Health Institutions/Hospitals for constitution/approval of Procurement Committees to carry out procurement of machinery/equipment/furniture/fixture and other articles.

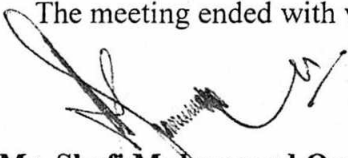

The Central Procurement Committee directed Health Department to issue directives to all Health Institutions/Hospitals of Sindh Province that details of Procurement must be placed before the CPC for approval/permission. After securitizing the proposal, the CPC will issue further directions of procurement, accordingly.

The bottom of the page features several handwritten signatures in black ink. There are approximately five distinct signatures, some of which are quite stylized and cursive. The signatures are arranged horizontally across the width of the page.

The Committee also directed that working paper for the meeting of CPC, should reach to all the members, one week prior to the meeting.

The Chairman placed the list of those items, which were referred by the Complaint Redressal Committee for re-evaluation / re-examination and approval, CPC duly examined these items and finalized technical evaluation of the same and signed accordingly.

The meeting ended with vote of thanks to and from Chair.

Minutes of the Meeting of Central Procurement Committee (CPC)
held on April 20, 2018

A meeting of the Central Procurement Committee (CPC), was held on April 20, 2018 at 9:30 A.M in the office of Vice Chancellor, Dow University of Health Sciences (Ojha Campus), Karachi. The meeting was chaired by Professor Dr. M. Saeed Quraishy, Vice Chancellor, Dow University of Health Sciences, Karachi.

Meeting was attended by the following members of the Committee:

1. Professor Dr. Tariq Rafi, Vice Chancellor, Jinnah Sindh Medical University, Karachi.
2. Professor Dr. Muneer Junejo, Pro Vice chancellor, Liaquat University Medical and Health Sciences, Jamshoro.
3. Professor Dr. Aneela Aatur Rehman, Pro Vice Chancellor / Dean of Faculty of Community Medicines, Liaquat University Medical and Health Sciences, Jamshoro.
4. Mr. Shafi Muhammad Qureshi, Additional Director, Directorate of Pharmacy Health Department, Government of Sindh.
5. Mr. Athar Hussain Mirani, Additional Finance Secretary (Resource), Finance Department, Government of Sindh.
6. Dr. Jamaluddin Jalalani, Additional Secretary (PM&I), Health Department, Government of Sindh.

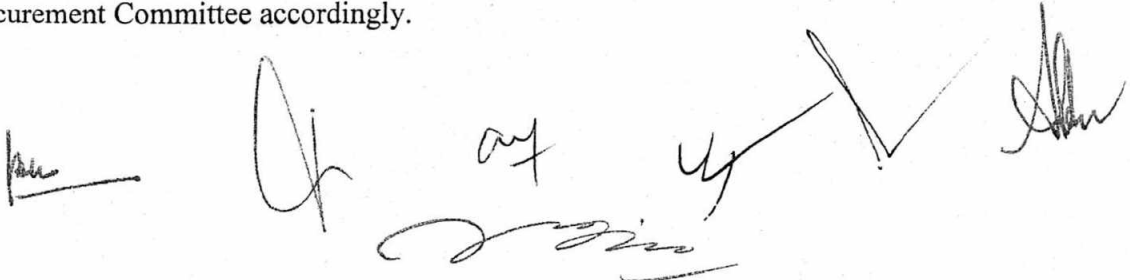

Vice Chancellor, Chandka Medical University, Larkana & representative from NAB were not attended the meeting.

Meeting started with recitation from Holy Quran by the Chairman. The Chair welcomed the participants for taking their precious time from their busy schedule. The following agenda points were discussed at length by the Committee.

Point 1: Automation of Health Department, Government of Sindh.

Mr. Ayaz Ahmed, Project Director, Automation of Health Department Sindh, informed the committee that for the automation of Health Department, the project floated tender for procurement of machinery, IT equipment and supply of stationary of the scheme amounting to Rs.93.131 million and for supply of Software items of the scheme amounting to Rs.402.015 million. He informed the committee that after completion of all process under SPP Rules, the Bid Evaluation Report (BER) of both components have already been hoisted on SPPRA Website. After hoisting the same, one complaint was received on PCs for which the CRC already decided to retender the same. He informed the committee that once the Committee approves, purchase orders will be issued. On query of Chairman, regarding effectiveness and implementation of scheme, the PD briefed in detail about reforms and improved services of the project spanned over 03 years. He further informed of remaining tenders to be processed i.e. TIBBI and Services / Storage, Furniture / Fixture and rental office.

The CPC after due deliberations and discussion decided that since the tenders have already been technically and financially evaluated and processed to SPPRA in accordance with Rules, it stands approved. CPC further advised to process remaining tenders through Central Procurement Committee accordingly.

Point 2: Procurement of Medical Equipment / Furniture, Hospital / Office Furniture for DHQ Hospital Jamshoro @ Kotri / Tando Mohammad Khan / Tando Allahyar under ADP Scheme No.733.

Mr. Ashique Hussain, Deputy Project Director, Rehab.of DHQ/THQ Hospitals in Sindh, informed the committee that under ADP Scheme No.733 & 735, there are five components:

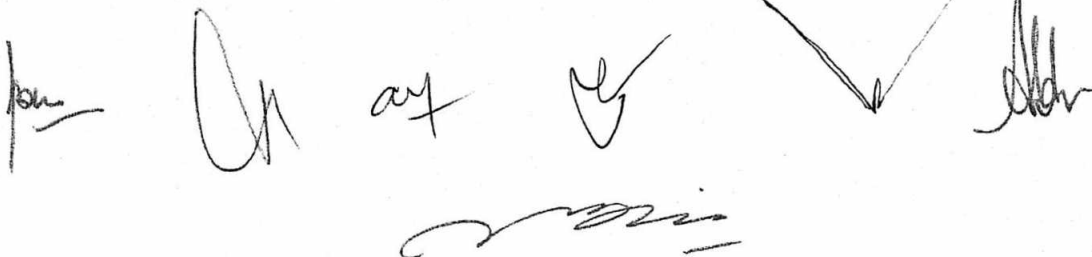

1. Procurement of Medical Equipment / Instruments of DHQ Hospital Jamshoro @ Kotri and Hospital / Office furniture for DHQ Hospital Jamshoro @ Kotri and Tando Mohammad Khan amounting to Rs.124.294 million.
2. Procurement of Medical Equipment / Instruments of DHQ Hospital Jamshoro @ Kotri, Tando Mohammad Khan & Tando Allahyar and Hospital / Office furniture for DHQ Hospital Tando Mohammad Khan & Tando Allahyar amounting to Rs.117.433 million.
3. Procurement of Incinerators for DHQ Hospital at Tando Mohammad Khan & Tando Allahyar amounting to Rs.7.000 million.
4. Procurement of Incinerators for DHQ Hospital at Dadu, Sanghar, Thatta, Mirpur Mathelo and Mirpurkhas amounting to Rs.25.000 million.
5. Procurement of Medical Equipment / Instruments and Hospital / Office furniture for DHQ Hospital Mirpurkhas amounting to Rs.172.827 million.

He informed the Committee that after completion of all tender process, BER for Serial No.1, has already been hoisted on SPPRA website on 2nd March, 2018. Technical Evaluation of Sr. No. 3 & 4 has been finalized by the respective Technical Committees and their financial bids are to be opened. Technical evaluation of tenders at Sr. No. 2 & 5 will be finalized after scrutiny of the samples by Technical Committee.

The committee examined the documents viz. evaluation reports etc. thoroughly and after due deliberation with the representative of Project and after discussion, it was decided that supply orders of completed BER (Sr. No.1) should be awarded to the lowest bidders only. Moreover, financial bids of tenders at Sr. No.3 & 4 will be placed in next meeting of CPC for opening, while technical evaluation of tenders at Sr. No. 2 & 5 will be finalized on submission of samples in next meeting.

Point 3: Permission for Procurement of Plants & Machinery / Furniture & Fixture for General Nursing & Midwifery Training School, Sindh Govt. Hospital Liaquatabad, Karachi under SNE 2017-18.

Mst. Shazia Kausar, Principal, General Nursing & Midwifery Training School, Sindh Govt. Hospital Liaquatabad, Karachi placed the copy of allocated funds and items to be procured under SNE 2017-18 before the Central Procurement Committee for permission of procurement. On question of Chairman CPC, she informed that the tender for purchase of listed items was not invited by her. On examination of allocated funds the CPC suggested that the cost of individual items are below the limit of one lac, hence she can purchase the same on quotation basis. The committee asked her to work-out on quotation of items to be procured, list and specification where needed and come up in next meeting scheduled on 24.04.2018 at 09.30 A.M. for approval and guidance of CPC.

Point 4: Consideration of Technical Evaluation Report of tenders submitted by the Medical Superintendent, Liaquat University Hospital, Hyderabad.

The Director (Admin, Accounts & Dev), Liaquat University Hospital, Hyderabad briefed the CPC about completion of Technical Evaluation of all four tenders carried out by the technical experts / teaching faculty of LUMHS/ endusers.

The CPC after due deliberation / discussion decided that financial bids of approved bidders will be opened on next meeting scheduled on 24.04.2018 at 09.30 A.M. The representative also informed the committee that technical evaluation of other two tenders are in process of finalization and will be placed in next meeting so the opening of financial bids of said tenders may also be scheduled on the same day. The committee decided that after completion of technical evaluation of such tenders, the evaluation report be submitted to the CPC in next meeting for further decision of opening of financial bids of such tenders.

Point 5: Permission for issuance of Supply orders for purchase of Plant / Machinery / Equipment / Furniture as BER already hoisted on SPPRA Website on 09.4.2018 for Peoples Medical College Hospital, S. Benazirabad.

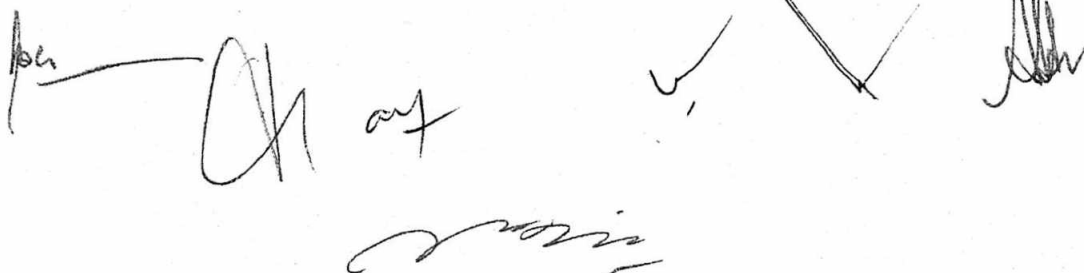

Dr. Ali Abbas Khoro, AMS, PMCH S.Benazirabad, informed the committee that the Bid Evaluation Report (BER) of tenders invited by them for procurement of Plant, Machinery, Equipment, Furniture has already been hoisted on SPPRA Website and required approval of the committee for issuance of supply orders to the successful bidders. On query of Chairman CPC, he confirmed that no complaint was received after hoisting the same on website.

The CPC after due deliberations and discussion decided that since the tenders have already been technically and financially evaluated and processed to SPPRA in accordance with Rules, it stands approved.

Point 6: Establishment of 300 Bedded MNCH Institute @ Shaheed Benazirabad

Dr. Ali Akbar, Project Director, representing the project for Establishment of 300 Bedded MNCH Institute @ Shaheed Benazirabad, informed the committee that the Technical Evaluation Report of tender invited by them for procurement of various items under the project has already been completed but due to non-release of revenue component, the financial bids were not opened. He informed that now government released about 50% budget so they require approval of the committee for opening of financial bids accordingly.

The CPC after due deliberation / discussion decided that financial bids of approved bidders will be opened on next meeting scheduled on 24.04.2018 at 09.30 A.M.

The bottom of the page contains several handwritten signatures and initials. On the left, there is a signature that appears to be 'ben' followed by a large, stylized signature. To the right of this are several checkmarks and other smaller signatures. At the bottom center, there is a large, cursive signature that is partially cut off.

Point 7: - Permission for procuring Hepatitis "C" Medicines.

- **Permission for procurement of Disposable Syringes in place of Auto-Destructible Syringes for the financial year 2017-18.**
- **Opening of Technical Bids for Hepatitis Prevention & Control Programme (Chief Minister's Initiative) Sindh (ADP No. 846).**

Dr. Mohammad Abbas Gopang, Programme Manager & Dr. Zulfiqar Dharejo, Deputy Programme Manager, Hepatitis Control Programme Sindh, informed the committee that on approval of Chief Minister Sindh, the Tab; Sofobusvir was purchased for four months and now the medicines are near to end and non-availability of such essential medicines will effect on the treatment of Hepatitis patients.

They further informed that they required syringes of 2-3ml but the same was not approved in Central Rate Contract. They requested to allow for purchase of Disposable Syringes instead of Auto destructible syringes, approved in Central Rate Contract.

They also informed the committee for opening of bids of tenders invited for purchase of Kits and Awareness articles of the Programme.

The CPC after due deliberation / discussion on each point feels that the Chief Minister Sindh accord permission for purchase of 03 months therapy and directed to go for competitive bidding for further procurement, hence CPC directed to invite tenders for procurement of required medicines and directed the programme manager to calculate the dosage / requirements according to availability of funds. CPC also decided that as the procurement of Auto destructible Syringes is approved in PC-I of the scheme, hence the committee has no power to violate the PC-I, permission should be obtained from concerned forum. CPC asked the PM, that they can purchase approved 5ml. syringes in place of 2-3 ml. to cover the emergency requirement. Moreover, committee allowed for opening of technical bids of both invited tenders i.e. for purchase of kits & for awareness articles. Bids were opened in front of representative of participated firms and singed by all the members of CPC. Sealed Envelope of Financial bids duly signed by the members of CPC were sealed individual pack of both tenders and kept in safe custody in the office of Chairman CPC at Ojha Campus.

CPC also constituted a technical expert committee for technical evaluation of all procurement to be made by the Hepatitis Control Programme and inspection committee for inspection of stores to be received at Programme Office, which to be are as under:-

Technical Expert Committee

- 1) Professor Aneela Ataur Rehman, Dean of Community Medicines, LUMHS. Chairman.
- 2) Professor Shaheen Sharafat, Dean of Basic Medical Sciences DUHS. Member.
- 3) Dr. Ghulam Fatima, Chief Pathologist, Civil Hospital, Karachi Member.

Inspection Committee

- 1) Professor Muneer Junejo, Pro-Vice Chancellor, LUMHS. Chairman.
- 2) Professor Aneela Ataur Rehman, Dean of Community Medicines, LUMHS Member.
- 3) Programme Manager, Hepatitis Control Programme Member.

-Bidding documents of Central Rate Contract 2018-19.

The Chairman CPC informed all the members that Mr. Shafi Mohammad Qureshi, forwarded the therapeutic lists of items to all Vice Chancellors for scrutiny and their inputs. Chairman informed that he has workout on technical evaluation criteria of the products with inclusion of marks of technical and financial bids and for procurement of quality medicines, the bidding documents should have clear instructions about marking of technical and financial bids and acceptance of high ranking bid.

The CPC after due deliberation / discussion on it, decided that newly prepared draft bid documents should be mailed to all the honourable members of the committee, who thoroughly examined the same and submit any proposal / amendment in the same if necessary. Moreover, Committee assigned to Mr. Shafi Muhammad Qureshi, Adl. Director Pharmacy, to work out on such plan based on KPK Rules, and if required any amendment in the Rule, may place before committee for approval so that the same would be forwarded to Sindh Cabinet for such amendment.

The meeting ended with vote of thanks to and from the Chair.

Minutes of the Meeting of Central Procurement Committee (CPC)
held on April 24, 2018

A meeting of the Central Procurement Committee (CPC), was held on April 24, 2018 at 9:30 A.M in the office of Vice Chancellor, Dow University of Health Sciences (Ojha Campus), Karachi. The meeting was chaired by Professor Dr. M. Saeed Quraishy, Vice Chancellor, Dow University of Health Sciences, Karachi.

Meeting was attended by the following members of the Committee:

1. Professor Dr. Tariq Rafi, Vice Chancellor, Jinnah Sindh Medical University, Karachi.
2. Professor Dr. Muneer Junejo, Pro Vice chancellor, Liaquat University Medical and Health Sciences, Jamshoro.
3. Professor Dr. Aneela Ataur Rehman, Pro Vice Chancellor / Dean of Faculty of Community Medicines, Liaquat University Medical and Health Sciences, Jamshoro.
4. Mr. Shafi Muhammad Qureshi, Additional Director, Directorate of Pharmacy Health Department, Government of Sindh.
5. Mr. Athar Hussain Mirani, Additional Finance Secretary (Resource), Finance Department, Government of Sindh.
6. Dr. Jamaluddin Jalalani, Additional Secretary (PM&I), Health Department, Government of Sindh.

Vice Chancellor, Chandka Medical University, Larkana & representative from NAB did not attend the meeting.

Meeting started with recitation from Holy Quran by the Chairman. The Chair welcomed the participants and asked for opening of bids as decided in last meeting held on 20.4.2018. The opening was started as per agenda, given below:-

Point 1: Opening of Technical Bids for Chandka Medical College Hospital Larkana.

Dr. Ali Gohar, Medical Superintendent, C.M.C.H. Larkana, informed the committee that tender were received and sealed in tender box in front of all participated bidders. The representative of bidders attended the meeting also confirmed the same.

CPC allowed for opening of sealed tender box in front of representatives of all the bidders who choose to attend the meetings. Total 10 bids were counted, which were opened and announced publically in detail, whereas financial bids were sealed in a box in presence of bidders and committee members. All technical bids were signed by the members of Central Procurement Committee and handed over to the Medical Superintendent, CMCH Larkana for preparation of working paper for technical evaluation of bids / items / specifications by the technical expert committee in its meeting scheduled on 28.4.2018 at 10.00 A.M. in Ojha Campus Karachi.

Point 2: Opening of Financial bids of tenders invited under ADP Schemes 733 & 735 of DHQ Hospitals in Sindh.

Mr. Ashique Hussain, Deputy Project Director, Rehab.of DHQ/THQ Hospitals in Sindh, informed the committee regarding reservations pointed out by M/s. Pak Traders & M/s. Mediland, both were explained the specification before the committee. After thoroughly examination of bid / catalogue of offered incinerators, committee decided that all three bids are according to required specification, hence all three are acceptable and allowed to open financial bids accordingly.

Mr. Ashique presented sealed box of financial bids in front of committee and all representatives of participated bidders for both following tenders of Incinerators:-

1. Procurement of Incinerators for DHQ Hospital at Tando Mohammad Khan & Tando Allahyar amounting to Rs.7.000 million.
2. Procurement of Incinerators for DHQ Hospital at Dadu, Sanghar, Thatta, Mirpur Mathelo and Mirpurkhas amounting to Rs.25.000 million.

Sealed boxes of financial bids were opened in front of CPC and in presence of the bidders' representative who attended the meeting. Bids were opened and rates were announced publically. All members of CPC signed all the bids accordingly and did not find any correction, overwriting, cutting & alteration in any bid.

Point 3: Opening of Financial bids of Tender invited under Establishment of 300 Bedded MNCH Institute @ Shaheed Benazirabad

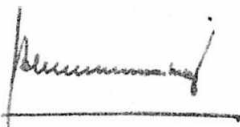

Mr.Naseem Qureshi Deputy Project Director, representing the Project Director for Establishment of 300 Bedded MNCH Centre, Dr.Ali Akber Siyal, Professor of Paediatric Department PMCH & Dr.Muhammad Yousuf, District Health Officer Benazirabad attended the meeting.

Sealed boxes of financial bids were opened in front of CPC and in presence of the bidders' representative who attended the meeting. Bids were opened and rates were announced publically. All members of CPC signed all the bids accordingly and did not find any correction, overwriting, cutting & alteration in any bid.

Point 4: Opening of financial bids of tenders of Liaquat University Hospital Hyderabad.

The Director (Admin, Accounts & Dev), Liaquat University Hospital, Hyderabad briefed the CPC about opening of financial bids of four tenders and presented sealed box of financial bids in front of committee and all representatives of participated bidders.

Sealed boxes of financial bids were opened in front of CPC and in presence of the bidders' representative who attended the meeting. Bids were opened and rates were announced publically. All members of CPC signed all the bids accordingly and did not find any correction, overwriting, cutting & alteration in any bid.

Point 5: Opening of Financial Bids of M/s.B-Braun, M/s. Popular etc. of those CRC referred items which were finalized by CPC in its meeting held on 06.4.2018.

Sealed financial bids were opened in front of CPC and in presence of the bidders' representative who attended the meeting. Bids were opened and rates were announced publically. All members of CPC signed both bids accordingly and did not find any correction, overwriting, cutting & alteration in any bid.

Point 6: Opening of Financial Bids of tender invited by the Medical Supdt., Sindh Govt. Hospital, New Karachi under ADP Scheme 685 & 696.

The Medical Superintendent, Sindh Govt. Hospital, New Karachi informed CPC for technical evaluation finalized by the Technical Committee and asked CPC that 1st the evaluation report will be announced and after announcement, financial bids of qualified bidders will be opened. On query from Chairman CPC he informed that they have not intimated the results of technical evaluation to the participated bidders.

The CPC after due deliberations and discussion decided that evaluation report to be provided to all the bidders through letter and if not received any complaint within three days after announcement of evaluation report, financial bids will be opened accordingly.

Point 3: Permission for Procurement of Plants & Machinery / Furniture & Fixture for General Nursing & Midwifery Training School, Sindh Govt. Hospital Liaquatabad, Karachi under SNE 2017-18.

Mst. Shazia Kausar, Principal, General Nursing & Midwifery Training School, Sindh Govt. Hospital Liaquatabad, Karachi placed the briefed work-out on quotation of individual items to be procured before the Central Procurement Committee, which were signed accordingly. CPC after due deliberation decided that she has power for procurement on quotation under the limit of one lac, hence there is no need for such permission from CPC. She may proceed accordingly.

Other Matters: (Not part of the agenda)

-District Health Officer Larkana.

With the permission of Chair, the representative from District Health Office Larkana informed the committee that they have already invited tenders which will be opened on 27.4.2018.

The Chairman CPC directed them to extend the opening upto next day at 11.30 A.M. before Central Procurement Committee at Ojha Campus Karachi.

The image shows several handwritten signatures in black ink. There are five distinct signatures arranged horizontally across the page. Below them, there is a larger, more stylized signature that appears to be a signature of the Chairman or a key official.

The Chairman also scheduled meetings of Technical Experts for Equipment and Furniture on 28.4.2018 at 09.00 & 10.00 A.M. for technical scrutiny / evaluation. The meeting of CPC scheduled on same day at 11.30 A.M. to discuss the evaluation reports if finalized by the expert committee's and opening of Tenders of District Health Officer, Larkana.

The meeting ended with vote of thanks to and from the Chair.

14.	<p>CENTRAL OXYGEN, COMPRESSED AIR, SUCTION SYSTEM</p> <p>The scope of work shall cover all distribution, piping and terminal units for oxygen, compressed air and vacuum in order to provide standard flow rate and pressure at the proposed outlet point</p> <p>16x2 fully automated changeover oxygenation manifold (bulk cylinder of D type) having top frame comprising of high pressure copper pipe of size 5/8" ID x 7/8" OD with high pressure brass fitting made of high tensile brass, NRV and high pressure copper tailpiece made of high pressure copper size 3/16" x 3/8" OD. The system shall have source shut-off valve for easy changing and positioning, without closing the bank. The cylinder should be placed with the help of cylinder brackets and fixing chains which should be zinc plated appropriate. A filter having pore size of no greater than 100µm shall be provided between the cylinder(s) and the first pressure regulator.</p> <p>Air Compressor: The air compressor will have Air-cooled, oil free, at least three-air compressor source for continuous duty application. Air compressors should be critical maintenance free (CMF) and seizure free technology, which ensures that the compressors can with, stands continuous use under high temperature and passes high resistance to extreme environments. Type of compressor: oil scroll technology Capacity: 1500-2000 liters per minute and maximum pressure 121 psi.</p> <p>Following should be provided with compressors:</p> <ul style="list-style-type: none"> Inlet filter Check valve delivery pipe Two Conditioning systems Two compressed air receiver One dew point alarm sensor shall be fitted to the pipeline system downstream of all conditioning system. One dryer with shut-off valve and automatic drains. An absorber, a catalyst and filter as required removing contaminants. <p>Supply system of medical grade air with compressor should comply with the following:</p> <ul style="list-style-type: none"> Oxygen $\geq 20.4\%$ and $\leq 21.4\%$ Total oil concentration V/V ≤ 0.1 mg/m³ measured at ambient pressure Carbon monoxide conc. ≤ 5 ml/m³ Carbon dioxide conc. ≤ 500 ml/m³ Water vapour content ≤ 67 ml/m³ Sulfur dioxide ≤ 1 ml/m³ NG+NO₂ ≤ 2 ml/m³ 	03	

S. No.	Item Description	Qty	No Bidd
	<p>Material (Pipe) : The piped distribution system shall use copper pipes manufactured from phosphorous de-oxidized non-arsenical copper, seamless, half hard, tempered to comply with ASTM-B 819.00; 2002 standards. Pipes are to be degreased suitable for oxygen use.</p> <p>The pipe sizes to be used are from among as under: Fittings shall be end feed type, manufactured from the same grade of copper as the pipes and be in accordance with the requirements of BS EN 1254-1:1998</p> <p>Part 1. Fittings shall be degreased suitable for oxygen use and supplied sealed in protective polythene bags. Copper to copper joints shall be made on site using a silver-copper-phosphorous brazing alloy to BS 1845 using an oxygen free nitrogen inert gas shield and no flux. Copper to brass or gunmetal joints shall not be made on site. Except for mechanical joints used for components, all metallic pipeline joints shall be brazed or welded. The method used for brazing or welding shall permit the joint to maintain their mechanical characteristics up to 600 deg C. Filler metal for brazing shall nominally cadmium free (less than 0.025% mass fraction).</p> <p>Medical gas pipeline shall be bonded to an earth terminal as near as possible to the point at which the pipeline enters the building.</p> <p>All pipelines for medical gases shall be routed in such way that they are not exposed to a temperature less than 50 C above the dew point of the gas distribution pressure.</p> <p>Pipeline placed underground shall be placed in duct or tunnels. The duct and tunnels shall be provided with adequate drainage to prevent water accumulation.</p> <p>Pipeline shall be supported at interval to prevent sagging or distortion.</p> <p>Text: After erection, all the new pipes cleaned or purged with the help of dry nitrogen gas. And complete existing and new system will be tested with dry nitrogen @ 1.5 times of working pressure for 24 hrs.</p> <p>System should be tested for integrity, leakage, obstruction flow, particulate contamination, pressure relief valve, monitoring and alarm system.</p> <p>The pipes should be accompanied with manufacturers test certificate for the physical properties & chemical composition. Further the pipe should be got tested by a reputed third party and certificate to this effect should also be provided.</p> <p>Imported copper fitting shall be made of copper and suitable for steam working Pressure of 17 bar and especially made for brazed socket type connections. All area of pipeline should be isolated by putting shut-off valve at various levels and lockable line valve to match with HTM 2022, EN737.</p> <p>Marking and color coding: Pipeline shall be marked with the name and/or symbol adjacent to shut-off valves, at the junctions and the changes of direction, before and after walls and partitions, etc. at the intervals of no more than 10 mand adjacent to terminal units. Marking shall include arrows denoting direction of flow and letters used for marking not less than 6mm high. All existing main pipes and proposed exposed pipes /should be painted with two coats of synthetic enamel paint & color codification to comply with ISO 5359. All concealed pipes to have gas identification bands / labels at appropriate distance.</p>		

S. No.	Item Description	Qty	No Bidd
	<p>Similarly all pipes which need embedding in the wall will be tested/painted / labeled and properly insulated in accordance with ISO 5359.</p> <p>Monitoring and alarm system Monitoring system systems will have four types of alarm, operating alarm, emergency operating alarm, emergency clinical alarm and information signals. All parameters should be displayed in digital form. Signals should be auditory, visual and indicate color. Auditory signals can be silenced by operator but silencing period should not exceed 15 min. Auditory and visual signal requirements should comply with IEC 60601-1-8 The alarm system will be of modular construction and digital type, should provide visual indication of normal status and location of indicator panel should allow continuous observation. Indicator panel displaying all operating alarm signals shall be installed in at least one location allowing continuous observation. Signal should indicate:</p> <ol style="list-style-type: none"> 1. Changeover from primary to secondary cylinder supply. 2. Any primary, secondary and reserve cylinder below minimum pressure or content. 3. Malfunctioning of compressors, vacuum pumps. <p>Emergency clinical alarm signal shall be installed in the critical area and an additional panel will be installed near the area shut-off valve and shall indicate area monitored. Alarm system shall be design so that an alarm is initiated if there is electrical power failure between the sensor and the indicator. Monitor and alarm system shall be connected to the normal and emergency electrical power supply. The default set point shall be $\pm 20\%$ variation from normal condition. Set point shall be adjustable on the board. In addition "Push to Test" & "Alarm silence" button shall be easily accessible to operator and test the unit. Each specific service shall be provided with LED digital readout comprising of 0-250 psig and 0-30 inch Hg for vacuum.</p> <p>Terminal Outlets (To be installed on Wall Recessed (Concealed) / Console; on Ceiling Pendant in ICU All outlets should be double lock quick connect and gas specific for the services indicated (viz. O₂, AGSS& Vacuum) and to accept only compatible quick connect Geometric Index type st. steel adapters. The outlet shall be meet EN 737, BS 6834, HTM2022 , BS 5682:1984 standards. The rough in assembly shall be of modular design and include a gas specific 16 swg steel mounting plate design to permit onsite ganging of multiple outlets, in any order, on 5" center line spacing. A machine brass outlet block shall be permanently attached to the mounting plate in such a manner so as to permit the 18" long, 3/8" OD inlet copper tube to be swiveled 360 degrees for the attachment to the piping system. Gas service identification shall be affixed to the inlet tube and face of the mounting plate. A secondary valve shall be installed in the outlet block assembly for pressure testing and to prevent gas flow when the latch valve assembly is removed for service. A 1/2" high metal flange around the outlet block seal opening shall provide a plaster barrier. A temporary, transparent cover shall be provided to keep debris out of the outlet during installation while permitting labels to be viewed for outlet service identity. The rough in assembly shall contain a double seal to prevent gas leakage between the rough and the latch valve after the wall sare finished. A single "O" ring seal shall not be acceptable.</p>		

S. No.	Item Description	Qty	No Bidd
	<p>The latch valve assembly shall include an "O" ring seal primary valve and be gas specific for the labeled service and accept only corresponding compatible hose and apparatus adaptors. The latch valve assembly shall be indexed to the corresponding rough in assembly to avoid accidental cross fitting and shall telescope upto 3/4" to allow for variation in finished wall thickness from 1/2" to 1-1/4". A metal trim plate with permanent, color coded marking of service identification shall be included as part of the latch valve assembly.</p> <p>For each recessed outlets-a die cast, epoxy powder coated cover plate shall be provided to trim each outlet and to fill the space between adjacent outlet. Cover plate design shall allow latch valves individually removed for servicing.</p> <p>The latch / locking release mechanism should be incorporated on to the gas outlet with geometrical key indexing on specific adapter (probe) and should also have a parking facility so that in the event of release of probe by pressing the spring loaded center, the probe /flow meter does not fall down.</p> <p>Venture bottle placement at each air socket</p> <p>Medication nebulizer Inhalette S, with toggle switch valve, O2/AIR, DIN</p> <p>Main alarm panel / area alarm panels</p> <p>FDA/CE/JIS Marked OR Equivalent USA/UK/Europe /Japan/Germany</p>

24.	<p>FLASH STERILIZER Microprocessor Controlled, Fully automatic vertically standing/Floor unit. Single door autoclave with fractionated pre vacuum. Built in double jacketed. Automatic flushing electric steam Generator. Should have Multi point steam injection and should have a very short cycle time. Double Jacketed Chamber (Internal and external) chamber made of high quality stainless steel and the door should also be made of same material (AISI 316 L or better). High Quality Water Ring Vacuum pump for deep drying. Twin Chamber for efficient heat management with booster effect. Capacity: 100 Liter or more. Colored touch display 5 - 7" enables an intuitive operation as well as information & malfunctions. Should have at least 5 Standard Sterilization programs of 121 C & 134 C & 3 Test programmers. Measurement of Pressure & temperature highly précised sensors& pressure gauge. Automatic Motorized door lock. Automatic Water Quality Monitoring Sensor before each cycle. Must has built in or external water treatment system.(Imported) Visual or acoustic information on machine in case of any malfunction. Independent Documentation system. Should be able to store at least last 100 cycle data. Communication interface, LAN for connecting printer/computer system & built in CF Card for data log. Should Fully compliance according to DIN EN 285: 2009; EN 17665 and 93/42 EEC European Directive for Medical Devices.</p> <p>System Should include Standard Accessories : 2 x Aluminum/SS Trays Trays 1 x SS Basket Power supply: 3x380-416 V, 50/60 Hz</p> <p>Dedicated RO Plant for Sterilizer.
