Country's development, public welfare our destination: Shehbaz

LAHORE (INP): Punjab Shehbaz Sharif has said that development of the country

and public welfare is our destination, adding that we are moving forward to make Pakistan the country of Quaid and Iqbal in the real sense. He said that the claimants of new Pakistan have left no stone unturned to obstruct the national development process and because of it, conspiracies and negative politics have become their true identity.

In a statement here on Tuesday, Shehbaz Sharif said that Niazi Sahib (PTI chief Imran Khan) has no interest with the national development as coming into power through backdoor is his only motive but the elements indulged in conspiracies and negative politics will not get anything except humiliation.

He said that tenure of ex-PM Muhammad Nawaz Sharif was filled with public service, transparency and trust and the development projects started in his time period were symbols of development and progress. The mega projects being completed across the country are providing relief to the people and due to it, the opponents are perplexed that the fruits of development are reaching at the doorstep of the people. Nawaz Sharif is a popular leader and he lives in the hearts of the people. The journey of development will be continued with accelerated speed and the political elements opposing development and prosperity will be defeated in general elections of 2018 as well because those who are wrapped in hypocrisy cannot deceive the people.

The Chief Minister said that Nawaz Sharif lives in the hearts of 20 crore people and his every tenure was filled with development and prosperity. He said that the targets of development journey of Muhammad Nawaz Sharif will be achieved with accelerated speed. He said that

development projects worth billions and trillions of rupees are an example of its kind due to transparency and high quality.

Shehbaz Sharif said that those who have showed zero performance in their province are bent upon making new Pakistan and added that people are fully conscious and well aware of the conjurers. The instigators of negative politics will be defeated in 2018's general elections. He said that public service is the pivot of his politics and vowed that service of the people will be continued till his last breath. The journey of development will be continued with full potential despite obstacles, he added. He further said that Muhammad Nawaz Sharif has changed the destiny of the nation and moved the country towards progress with his continued hard work, commitment and service-oriented approach.

The Punjab Chief Minister said that launch of China Pakistan Economic Corridor (CPEC) project is a historic achievement of Nawaz Sharif and energy projects have been speedily completed under the CPEC. He said that completion of energy projects has sufficiently decreased the load-shedding and improved the employment prospects.

He said that Muhammad Nawaz Sharif did the politics of public service only and gave priority to development and prosperity of the people. Similarly, Pakistan Muslim League-N has promoted democratic norms and civility and nobility are hallmark of the PML-N politics. He said that Muhammad Nawaz Sharif has never compromised on the principles of politics. Politics is not name-calling but a service to the people and one has to spend his life for it. He further said that development vision of Muhammad Nawaz Sharif will be moved forward.
