CONTRACTOR

E. E.

If the amount of the security deposit to be paid in lump within the period specified at (A) above is not paid the tender/contractor already accepted shall be considered as cancelled and legal steps taken against the contractor for recovery of the amounts. The security deposit lodged by a contractor (in cash or recovered in instalments from his bills) shall be refunded to him after the expiry of three months from the date on which the work is completed. The Executive Engineer shall exercise his discretion to refund deposit to the contractor either after three months from the date of completion of the work or later along with the final bill if it is prepared after that period on account of some unavoidable circumstances.

NOTE.—A work should be considered for the purpose of refund of security deposit to a contractor from the last date on which its final measurements are checked by a competent authority, if such check is necessary otherwise from the last date of recording final measurements.

Clause 2.—The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with, with all due diligence (time being deemed to be of the essence of the contract on the part of the contractor) and the contractor shall pay as compensation an amount equal to one per cent, or such smaller amount as the Superintending Engineer (whose decision in writing shall be final) may decide, of the amount of the estimated cost of the whole work as shown by the tender for every day that the work remains uncommenced, or unfinished, after the proper date. And further to ensure good progress during the execution of the work, the contractor shall be bound in all cases in which the time allowed for any work exceeds one month, to complete—

which may be awarded in any such suit, action or proceedings to any such person, or which may with the consent of the contractor be paid in compromising any claim by any such person.

Clause 22.—The contractor shall not set fire to any standing jungle, trees, brushwood or grass without a written permit from the Executive Engineer.

When such permit is given, and also in all cases when destroying cut or dug up trees, brushwood, grass, etc., by fire, the contractor shall take necessary measure to prevent such fire spreading to or otherwise damaging surrounding property.

The contractor shall make his own arrangements for drinking water for the labour employed by him.

Clause 23.—Compensation for all damage done intentionally or unintentionally by contractor's labours whether in or beyond the limits of Government property including any damage caused by the spreading of fire mentioned in Clause 22 shall be estimated by the Engineer-in-charge or such other officer as he may appointed and the estimates of the Engineer-in-charge subject to the decision of the Superintending Engineer on appeal shall be final and the contractor shall be bound to pay the amount to the assessed compensation on the demand failing which the same will be recovered from the contractor as damages in the manner prescribed in Clause 1 or deducted by the Engineer-in-charge from any sums that may be due to or become due from Government to the contractor under this contract or otherwise.

The contractor shall bear the expenses of defending any action or other legal proceedings that may be brought by any person for injury sustained by him owing to neglect of precautions to prevent the spread of fire and he shall also pay any damages and cost that may be awarded by the court in consequence.

Clause 24.—The employment of female labourers on works in the neighbourhood of soldiers' barracks should be avoided as far as possible.

Clause 25.—No work shall be done on a Sunday without the sanction in writing of the Engineer-in-charge.

Clause 26.—The contract shall not be assigned or subject without the written approval of the Engineer-in-charge and if the contractor shall assign or sublet his contract or attempt to do so or become insolvent or commence any proceedings to be adjudicated in, insolvent or make any composition with his creditors or attempt to do so the Engineer-in-charge may, by notice in writing, rescind the contract. The contractor shall keep full and true accounts in respect of the contract works in the regular course of business and shall whenever called upon by the Engineer-in-charge by a notice in writing, produce them for inspection by him or by any officer appointed by him in that behalf. Also if any, bribe gratuity, gift, loan, requisite, reward or advantage, pecuniary or otherwise, shall either directly or indirectly be given, promised or offered by the contractor, or any of his servants or Agents, to any Public Officer or person in the employ of Government in any way relating to his office, or employment or if any such officer or person shall become in any way directly or indirectly interested in the contract or if the contractor does not keep accounts or fails to produce them as aforesaid the Engineer-in-charge may, by notice in writing rescind the contract. In the event of a contract being rescinded, the Security deposit of the contractor shall thereupon stand forfeited and be absolutely at the disposal of Government and the same consequences shall ensue as if the contract has been rescinded under clause 3 hereof and in addition the contractor shall not be entitled to receive or be paid for any work therefore actually performed under the contract.

Clause 27.—All sums payable by a contractor by way of compensation under any of these conditions shall be considered as a reasonable compensation to be applied to the use of Government without reference to the actual loss or damage sustained, and whether any damage has or has not been sustained.

Clause 28.—In the case of tender by Partners any change in the constitution of a firm shall be forthwith, notified by the contractor to the Engineer-in-charge for his information.

Clause 29.—All works to be executed under the contract shall be executed under the direction and subject to the approval in all respects of the Superintending Engineer of the Circle for the time being, who shall be entitled to direct at what point or points and in what manner they are to be commenced, and from time to time carried on.

Measures for prevention of fire.

Liability of contractor for any damage done outside work area.

Employment of female labourer.

Work on Sundays.

Work not to be sub-

Contract may be rescinded and security deposit forfeited for assigning it without approval or for bribing a public officer or if contractor becomes insolvent.

Sum payable by way of compensation to be considered as reasonable compensation without reference to actual loss. Changes in the constitution of firm to be notified.

Clause 40.—No compensation shall be allowed for any delay in execution of the work on account of water standing in borrow pits or compartments. The rates are unclusive for hard or crooked soil, excavation mud, sub-soil water or water standing in borrow pits, and no claim for and extra rate shall be entertained, unless otherwise expressly specified.

Clause 41.—The contractor shall not enter upon or commence any portion of work except with the written authority and instructions of the Engineer-in-charge or of his subordinate-in-charge of the work. Failing such authority the contractor shall have not claim to ask for measurements of or payment for work.

Clause 42.—(i) No contractor shall employ any person who is under the age of 12 years.

(ii) No contractor shall employ donkeys or other animals with breeching of string or chain rope. The breeching must be at least inches wide and should be of tape (Nawar).

(iii) No animal suffering from sores, lameness or emaciation or which is immature shall be employed on the work.

Any contractor who does not accept these conditions shall not be allowed to tender for works and his name shall be removed from the list of contractors.

The Engineer-in-charge or his Agent is authorized to remove from the work any person or animal found working which does not satisfy conditions and no responsibility shall be accepted by Government for any delay caused in the completion of the work by such removal.

Clause 43.—As far as possible Pakistani timber shall be used by the contractor and where for any reason this is not practicable preference shall be given first to Burma and then to other British Empire Timbers.

Clause 44.—If any materials, such as stone, metal, bairis and etc., are required to be conveyed by rail, the contractors will be granted certificates by the Engineer-in-charge of the work to the effect that materials are required for Government or semi-Government works thereby enabling them to have the benefit of concessionary freight charges from the Railway. In case however such a concession is withdrawn by the Railway at any time during the currency of the contract, no claim shall be preferable against Government on this account.

Clause 45.—When tendered rates are the same preference will be given, at the discretion of the accepting authority, to those who tender for the carting or materials by vehicles having pneumatic tyres.

Clause 46.—Any sum due to the Government by the contractor shall be liable for recovery as arrears of Land Revenue.

Clause 47.—Certified that no member of Legislative Assembly is in partnership with me and Government will have the right to terminate the contract at any stage if it is discovered that a member of Legislative Assembly is a partner in the contract.

Clause 48.—Certified that no Government servant has directly or indirectly a share or interest in the work.

Clause 49.—I/We hold myself/ourselves responsible to pay the Sales Tax as levied in accordance with the Pakistan General Sales Tax Act, 1948, or any other law for time being in force.

Clause 30.—Except where otherwise specified in the contract and subject to the powers delegated to him by Government under the Code rules then in force, the decision of the Superintending Engineer of the Circle for the time being shall be final, conclusive, and binding on all parties to the contract upon all questions relating to the meaning of the specifications, drawings, and instructions hereinbefore mentioned and as to the quality of workmanship, or materials used on the work, or as to any other question, claim, right matter, or the thing whatsoever in any way arising out of, or relating to the contract design, drawings, specifications, estimates, instructions, orders or these conditions or otherwise concerning the works, or the execution or failure to execute the same whether arising during the progress of the work or after the completion or abandonment thereof.

Decision of Superintending Engineer to be final.

Clause 31.—The contractor shall obtain from the P.W.D. stores all stores and articles of European or American manufacture which may be required for the work or any part thereof or in making up any articles required therefor or in connection therewith, unless he has obtained permission in writing from the Engineer-in-charge to obtain such stores and articles elsewhere. The value of such stores and articles as may be supplied to the contractor by the Engineer-in-charge will be debited to the contractor in his account at the rates shown in the schedule in Form "A" attached to the contract and if they are not entered in the said schedule, they shall be debited to him at cost price which for the purpose of the schedule shall include the cost of carriage and all other expenses whatsoever, which shall have been incurred in obtaining delivery of the same at the stores referred to.

Stores of European or American manufacture to be obtained from Government.

Clause 32.—When the estimate on which a tender is made includes lump sums in respect of parts of the work, the contractor shall be entitled to payment in respect of the items of work involved or the part or the work in question at the same rates as are payable under this contract for such items, or if the part of the work in question is not in the opinion of the Engineer-in-charge capable of measurement, the Engineer-in-charge may at his discretion pay the lump sum amount entered in the estimate, and the certificate in writing of the Engineer-in-charge shall be final and conclusive against the contractor with regard to any sum or sums payable to him under the provisions of this clause.

Lump sums in estimate.

Clause 33.—In the case of any class of work for which there is no such specification as is mentioned in Rule 1 such work shall be carried out in accordance with the Divisional specification, and in the event of there being no Divisional specification, then in such case the work shall be carried out in all respects in accordance with the instructions and requirements of the Engineer-in-charge.

Article where no specification.

Clause 34.—The expression "works" or "work" where used in these conditions shall, unless there be something in the subject of context repugnant to such construction, be construed to mean the work or works contracted to be executed under or in virtue of the contract, whether temporary or permanent and whether original, altered, substituted or additional.

Definition of work.

Clause 35.—The percentage referred to in the tender shall be deducted from/ added to the gross amount of the bill before deducting the value of any stock issued.

Contractors percentage where applied to net or gross amounts of bill

Clause 36.—All quarry fees, royalties, octroi dues and ground rent for stockpiling materials if any, should be paid by the contractor, who will, however, be entitled, to a refund of such of the charges as are permissible under the rules on obtaining a certificate from the Engineer-in-charge that the materials were required for the use on Government work.

Refund of quarry fees and royalties.

Clause 37.—The contractor shall be responsible for and shall pay any compensation to his workmen payable under the Workmen's Compensation Act, 1923 (VIII of 1923), hereinafter called the said Act, for injuries caused to the workmen. If such compensation is paid by Government as principal under subsection (1) of section 12, of the said Act on behalf of the contractor, it shall be recoverable by Government from the contractor under sub-section (2) of the said section. Such compensation shall be recovered in the manner laid down in Clause 1 above.

Compensation under the Workmen's Compensation Act.

Clause 38.—Quantities shown in the tender are approximate and no claim shall be entertained for quantities of work executed being 30% more or less than those entered in the tender or estimate.
