The meeting started with the name of Almighty Allah. Afterwards, the Vice Chancellor welcomed the participants and thanked them for attending the meeting.

Later on, the agenda was discussed and following recommendations were made as under:

**ITEM NO. 01****TO CONSIDER AND APPROVE THE RECOMMENDATIONS OF PROCUREMENT COMMITTEE FOR PROCUREMENT OF EQUIPMENT FOR INSTRUMENTATION AND CONTROL LAB OF ELECTRICAL ENGINEERING DEPARTMENT AT MUET, SHAHEED Z.A BHUTTO CAMPUS KHAIRPUR MIR'S.**

Prior to discuss the recommendations of procurement committee the Pro-Vice Chancellor briefed the committee regarding the tenders invited for procurement of Instrumentation and Control Lab Electrical Engineering at MUET, Shaheed Z.A Bhutto Campus Khairpur Mir's as stated above.

Later on, the committee went through the details given in the working papers and it was noted that Total 02 Nos Suppliers purchased the tender documents and same Nos. submitted the bids duly filled. The Pro-Vice Chancellor further pointed out that M/s RASTEK Technologies, Karachi was the lowest except Item No.01 which had been recommended by the Departmental Committee on the basis of following merits & de-merits of both vendors.

- they had offered both the required setups demanded in the specification i.e ball & beam system and gyro system where as item offered by M/s Rizvi & Company, Karachi only covers one aspect of the specification i.e ball and beam only and it does not mentioned any experimental for gyro stabilization setup.
- Software required for both (ball & beam, gyro plant) control systems is lab view which already procured.
- Recommended item is open architecture and modular structure bases which can also be interfaced Arduino Kits.
- It covers basic principles of control engineering rather than fuzzy based system.
- Item covers ball & beam, gyro plant and servo module system which can be used in combination with each other as well as individual systems for demonstration purpose.
- Item recommended from Quanser Canada / National Instruments is much reliable in operation.

Later on, the equipment offered by M/s RASTEK Technologies, Karachi for the Item No.01 was deliberated in detail and it was pointed out by the Vice Chancellor that the software could not run until and unless having computer desktop / laptop and same was found not included in the accessories offered by vendor. Hence the representative of M/s RASTEK Technologies, Karachi was called who offered to supply the Desktop / Laptop Item No.01 free of cost.

Similarly the confirmation regarding availability Q2/USB data acquisition device in the quoted rates was obtained from representative M/s RASTEK Technologies, Karachi for the item No.2 who confirmed that the said device was already mentioned in the specification offered by them and also their representative confirmed that it would be compatible with MATLAB Software.

During discussion the Vice Chancellor desired that the overall bid of the both vendors be calculated & see that who one was the lowest one. Accordingly the cost of Item No. 01 to 05 was worked out for both vendors was found that M/s Rizvi & Company had quoted the total cost for these items as Rs. 13.643(M). Whereas M/s Rastek Karachi had quoted Rs. 9.593(M) for these items. In addition to this the Pro-Vice Chancellor told the committee that since the

funds were available to tune of Rs.4.0 to 5.0 (M) hence the departmental committee has already reduce the quantity of item No. 01 & 02 from 02 to 01. The committee also agreed to it.

Also the committee went through the details of Item No.03,04,05 & 06 which were found lowest and fulfilling the specified specifications as mentioned in the BOQ and recommended by the departmental committee in their recommendations.

In the light of above discussion approving and contract award committee decided that Item No. 01, 02,03,04,05 & 06 may be purchased from M/s RASTEK , Technologies, Karachi as recommended by Equipment / Furniture / any other Material Selection and Tender Scrutiny Committee at the cost shown in the detailed statement showing the specification and quantity.
