Dadu. DIVISION

Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenderers and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will granted. Copies of the specifications, designs and drawings and estimated rates schedule rates and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof, or in the event of the absence of any partner, it shall be signed on his behalf by a person holding a power-of-attorney authorizing him to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenderers and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will be granted. Copies of the specifications, designs and drawings and estimated rates schedule rates and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof, or in the event of the absence of any partner, it shall be signed on his behalf by a person holding a power-of-attorney authorizing him to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

FORM B-1

PUBLIC WORKS DEPARTMENT

CIRCLE

Dadu, Division

Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenderers and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will be granted. Copies of the specifications, designs and drawings and estimated rates schedule rates and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof, or in the event of the absence of any partner, it shall be signed on his behalf by a person holding a power-of-attorney authorizing him to do so.

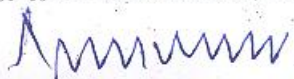

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

FORM B-I

PUBLIC WORKS DEPARTMENT

CIRCLE

DADU, DIVISION

Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenderers and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will granted. Copies of the specifications, designs and drawings and estimated rates schedule rates and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof, or in the event of the absence of any partner, it shall be signed on his behalf by a person holding a power-of-attorney authorizing him to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of selecting all or any of the tenders,

Contractor

NAME OF WORK: **CONSTRUCTION OF ROAD FROM CATTLE FARM ROAD TO VILLAGE ALI HASSAN
DODO MILE 0/0-0/1.**

(PART (A) - ROAD WORK)

S.NO:	QUANTITY	ITEM OF WORK	RATE	UNIT	AMOUNT
1/-		Earth work for road embankment by bulldozers including sloughing mixing clod breaking dressing and compacting with optimum moisture content lead upto 100 Ft and lift upto 5.0 Ft in all types of soil rock.(If earth work is done others than departmental agencies).			
A)		<i>E/Work 95-100% Modified AASHOO Density.</i>			
	9900 Cft		3660.67	%0 Cft	36241 /=
B)		<i>Compacting upto 85% Modified AASHO Density.</i>			
	40400 Cft		2515.39	%0 Cft	101622 /=
2/-		Preparing sub base course by supplying and spreading stone metal 1 1/2" to 2" guage of approved quality from approved quarry in required thickness of 6" in 2 layers 3" each to proper camber and grade including hand packing filling voids with 10 cft screening having plasticity index of not more than 6% of suitable quality watering and compacting to achieve 98-100% density as per modified AASHO specifications. Rate includes all costs of materials, labour T&P and carriage to site of work.			
	3700 Cft		3737.49	%Cft	138287 /=
3/-		laying brick on end edging i/c supply of 9x41/2x3 1st class burnt bricks excavation for laying dedging with small side parallel to the road side. Rate i/cs all costs of materials T&P labour and carriage upto site of work.(R.A.A)			
	1200 Rft		868.52	%Rft	10422 /=
4/-		Preparing base course by supplying and spreading stone metal of approved quality from approved quarry graded to maximum size of 1 1/2" guage in required thickness of 3 to proper camber and grade including supplying and spreading 15 cft screening and non plasticity quarry to fines filling depression with stone metal after initial rolling watering and compacting the same so as achieve 100% density as per modified AASHO specifications. (This includes providing using template camber plate screen forms as directed). Rate includes all costs of materials, labour T&P and to site of work.			
	1900 Cft		3920.87	%Cft	74497 /=
5/-		Providing 1st coat of surface dressing on new or existing surface with 30 lbs bitumen 80/100 penetration an 4.cft bajri of 1/4" to 3/4" guage including cleaning the road surface rolling etc complete. Rate includes all costs of materials T&P labour and carriage to site of work.			
	7400 Sft		427.17	%Sft	31611 /=
6/-		Providing 1" thick (consolidated) premix carpet in proper camber and grade including supply of 10 cft bajri 4 cft hill sand of approved quality and guage and bitumen 67 lbs of 80/100 penetration including mixing in mechanical mixrure in required propotion icluding heating the materials cleaning the road surface rolling etc complete to the site of work. Rate includes all cost of materials T&P labour to site of work (R.A.A).			
	7400 Sft		963.96	%Sft	71333 /=
7/-		E/Work for road embankment by borrow pits i/c laying in 6" layers, clod breaking, dressing and rolling etc complete lead upto 100 ft and lift up to 5 ft in ordinary soil. (if earth work is done other than departmental agencies).			
	6200 Cft		970.40	%0 Cft	6016 /=
				Total	470028 /=
