The link bridge has been proposed by District Government of Karachi Metropolitan Corporation.

It will be constructed over Thado Nallah near KN Academy, Malir. The proposed facility will provide great convenience to the large population residing on either side of bridge. The absence of a bridge road joining the ends of the Nallah means that vehicles face the awkward task of entering the bed level and climbing upward through the other side. The construction of bridge therefore will eliminate this hassle and improve both safety and affordability of vehicles. Moreover pedestrian will equally benefit from this venture and entire region will receive easy and convenient access.

The area residents will be benefited due to all weather connection from this improvement work.
