PUBLIC WORKS DEPARTMENT
 CIRCLE
 DIVISION

*Supply of Rickshaws for Lifting of
 Garbage, mounting 200cc Rickshaw.*

*Percentage Rate Tender and Contract
 for works*

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money of the security deposit to be deposited by the contractor. It will also state whether ground rents will be granted, Copies of the rates schedule rate and any other documents required by the Executive Engineer for the purpose of opening tenders will be supplied to the contractors at the office of the Executive Engineer.

If a firm, it must be signed separately by each partner, it shall be signed on this behalf by a partner to do so.

If any work when executed by a firm, shall also be signed by the contractor as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, and the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the work specified in the said form of invitation to tender, or in the time allowed for positioning and the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to be tendered for and the schedule of material to be supplied

Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will granted, Copies of the specifications, designs and drawings and estimated rates schedule rate and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof, or in the event of the absence of any partner, it shall be signed on this behalf by a person holding a power of attorney authorizing him to do so.

3. Receipts for any work when executed by a firm, shall also be in the name of the firm by one of the partners, or by some other person authorized in writing by the firm.

4. Contractors shall fill up the usual printed form, stating at what percentage the work is to be carried out. Only one rate of such percentage, on all the tenders, which propose any alteration in the works tender, or in the time allowed for positioning out the work will be liable to rejection. No printed form of tender shall be used, but if contractors wish to tender for two or more works they shall have name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to be tendered for and the schedule of material to be supplied

Percentage Rate Tender and Contract
for works

Bank Payment from H/o Mehboob Ali Mallah via Azam Mallah to H/o Aman Ali Kalthoro.
General Rules and Direction for the Guidance of Contractors

Mrs. MUHAMMAD BUA JISKANI
Government Contractor
& General Civil Supplier

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders. The amount of the security deposit to be deducted from bills. It will also state whether refund of quarry and ground rents will granted, Copies of the specifications, detailed rates schedule rate and any other documents required in connection with the work to be tendered by the Executive Engineer for the purpose of identification, and to be used by contractors at the office of the Executive Engineer during of

2. In the case of a tender submitted by a firm, it must be signed separately by each partner thereof, or by a person holding a power of attorney, if the tender is submitted by a partner, it shall be signed on this behalf by a person authorized to do so.

3. Rollovers for any work when executed by a firm, shall also be required in the case of tenders which are described in their tender as a firm, but in the case of tenders submitted by a firm by one of the partners, or by some other persons having authority, the tender shall be effective only if accompanied by receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for positioning out the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to the tendered for and the schedule of material to be supplied

General Order's Supply

carried out, as well as the date for submitting and amount of the work; also the amount of earnest money and the security deposit to be deposited by the contractor and deducted from bills. It will also state whether and ground rents will granted. Copies of the estimated rates schedule rate and any other documents signed by the Executive Engineer for the purpose of information by contractors at the office of the Executive

if tendered by a firm, it must be signed separately by each of any partner, it shall be signed on this behalf by a partner or a partner authorized by him to do so.

3. Rollovers for payments made on account of any work when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

11/01/34
PAKISTAN BUX SIAL
Government Contractor
General Order's Supply

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for positioning out the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

Percentage Rate Tender and Contract
General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will granted, Copies of the specifications, designs and drawings and estimated rates schedule rate and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

M/S. HAMZA
Govt. Contractor
& General Order

2. In the case of a firm, the tender shall be submitted by a firm, it must be signed separately by each partner the person holding the share of any partner, it shall be signed on this behalf by a partner or a partner authorized by him to do so.

3. The amount of any work when executed by a firm, shall also be estimated in the tender. If the contractors are described in their tender as a firm, in the name of the firm by one of the partners, or by some other person authorized by the firm.

4. Any tender which does not comply with the conditions specified in the schedule of rates, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

M/S. HAMZA
Govt. Contractor
& General Order

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender, or the amount of the tender, shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to be tendered for and the schedule of material to be supplied.

Bill Payment from 10/0 Ghulam Qadir Haidri
to Ghulam Uham Ward No. 900 Percentage Rate Tender and Contract for works

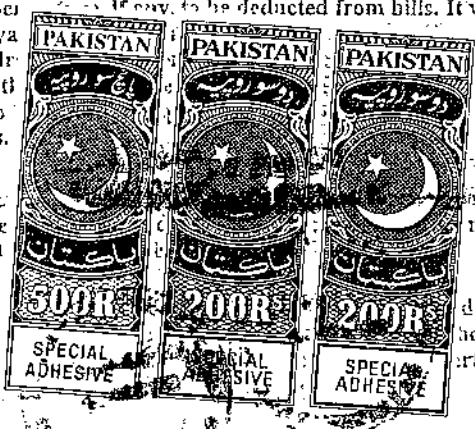

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the per centage to be deducted from bills. It will also state whether the tenderer is to be allowed to be refunded of quarry fees, royalties, and other charges, and the specifications, designs and drawings required in connection with the work. The tenderer shall also be required to furnish identification, and shall also be required to deposit the earnest money with the Executive Engineer during office hours.

2. In the event of the tenderer being a partner thereof, or in the event of the tenderer being a person holding a power of attorney, the tender shall be signed by all the partners, or by the person holding a power of attorney, in which case the receipt shall be signed by persons having authority to receive the same.

3. Rollovers for payment shall be signed by all the partners, or by the person holding a power of attorney, in which case the receipt shall be signed by persons having authority to receive the same.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for positioning out the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

GENERAL ORDER

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders, the date for carrying out the work; also the amount of earnest money to be deposited with the tender. The successful tenderer shall also state whether he is willing to deposit the amount of earnest money. All also state whether he is willing to deposit the amount of earnest money. Copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

2. In the case of a firm, the tender shall be signed by the partner or partner thereof or by some other person holding authority to give effect to receipts for the firm.

3. The tender shall be signed by the partner or partner thereof or by some other person holding authority to give effect to receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for positioning out the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to be carried out, or schedule of material to be supplied

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will be granted. Copies of the specifications, designs and drawings and estimated rates and schedule rates and other documents required in connection with the work shall be made available to the contractor for identification, and shall also be open for inspection by the contractor during office hours.

2. In the event of the tender being signed by a partner thereof, or in the event of the absence of the person holding a power of attorney authorized by the contractor, the tender shall be signed by the partner or the person holding a power of attorney authorized by the contractor.

3. Rollovers for payments made on behalf of the contractor shall be signed by all the partners, except where the contractor is a sole proprietor in which case the receipt shall be signed in the name of the person having authority to give effectual receipts on behalf of the contractor.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be fixed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for positioning out the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. M/S. SIKANDAR ALI
GOVERNMENT WORKS
DEPARTMENT

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will granted, Copies of the specifications, designs and drawings and estimated rates schedule rate and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer.

2. parts
person

By a firm, it must be signed separately by each partner, it shall be signed on this behalf by a partner to do so.

3. agent
whol
person

By work when executed by a firm, shall also be described in their tender as a firm, in the firm by one of the partners, or by some other person of the firm.

4. percent
to be c

On the usual printed form, stating at what percentage the "B" memorandum showing items of work to be undertaken the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for positioning out the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to be tendered for and the schedule of material to be supplied

Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will granted, Copies of the specifications, designs and drawings and estimated rates schedule rate and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof, or in the event of the absence of any partner, it shall be signed on this behalf by a person authorized by the firm, authorizing him to do so.

3. In the account of any work when executed by a firm, shall also be the contractors are described in their tender as a firm, in the name of the firm by one of the partners, or by some other person authorized receipts for the firm.

4. The contractor shall fill up the usual printed form, stating at what percentage to be estimated for the work. Only one rate of such percentage, on all the items specified or which included in the tender, or in the time allowed for positioning out the work, shall be liable to rejection. No printed form of tender shall be submitted, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to the schedule of material to be supplied

office of the Executive

ed separately by each
ed on this behalf by a

by a firm, shall also be
in tender as a firm, in
ners, or by some other

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "E" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for positioning out the work or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to the tendered for and the schedule of material to be supplied

Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will granted, Copies of the specifications, designs and drawings and estimated rates schedule rate and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification, and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours.

2. If tender is submitted by a firm, it must be signed separately by each partner and if the work is to be signed on this behalf by a

3. If the work is to be executed by a firm, shall also be signed in their tender as a firm, in the name of the partners, or by some other

4. The tender must be in a printed form, stating at what percentage of the estimate or memorandum showing items of work to be executed of such percentage, on all the items of work, and must not contain any alteration in the works specified in the tender. No printed form of tender shall be accepted unless it is accompanied by a printed form of tender which shall contain any other conditions to be observed in the execution of the work. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have the name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorized the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.
