Percentage Rate Tender and Contract
for works

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contractor shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenders on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of the security deposit to be deposited by the successful tenders and the percentage, if any, to be deducted from bills. It will also state whether refund of quarry fees, royalties octroi dues and ground rents will be granted, Copies of the specifications, designs and drawings and estimated rates schedule rate and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification and shall be open for inspection by contractors at the office of the Executive Engineer during the office hours.

2. In the case of a partnership firm, the tender shall be signed separately by each partner and shall be countersigned on this behalf by a person holding the office of the Executive Engineer.

3. Roll of the tender shall be signed by all the partners of the firm, if tendered by a firm, shall also be countersigned by the Executive Engineer, if tendered as a firm, in the name of the firm, or by some other person authorized by the firm.

4. Any contractor who has been awarded a contract, shall not be eligible to tender for any other work under the same contract, unless the contract has been completed or the contractor has obtained the permission of the Executive Engineer. Any contractor who has been awarded a contract, shall not be eligible to tender for any other work under the same contract, unless the contract has been completed or the contractor has obtained the permission of the Executive Engineer.

5. The Executive Engineer shall open tenders in the presence of the contractor who may be present at the time, and he will enter a statement in suitable form. In the event of a tender being rejected, the contractor shall be liable to deposit the amount of the earnest money to the contractor making the tender, on this giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejection all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

No memorandum of work to be tendered for and the schedule of material to be supplied
