It will also state whether refund of will granted, Copies of the specifications, designs and any other documents required in connection with er for the purpose of identification, and shall also : of the Executive Engineer during office hours.

ted by a firm, it must be signed separately by each any partner, it shall be signed on his behalf by a iin to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

7. receipt for any payment alleged to have been made by a contractor, in regard to any matter refer to this tender or the contract shall be valid and binding on Government unless it is signed by Executive Engineer.

Conditions of Contract

Clause 1. — The persons whose tender may be accepted (hereinafter called the contractor) shall within one day for a contract of Rs. 1,000 or less, or two days for a contract of more than Rs. 1,000 to Rs., 2,000 and so on, upto a limit of ten days, for a contract of Rs. 10,000 or more of the receipt him of the notification of the acceptance of his tender) deposit with the Executive Engineer in cash Government securities endorsed to Executive Engineer (if deposited for more than 12 months) a sum sufficient with the amount of the earnest money deposited by him with his tender to make up the security deposit specified in the tender), or (B) (permit Government at the time of making any payment to him for work done under the contract to deduct such sum as will (with the earnest money deposited by him) amount to percent of all moneys so payable, such deductions to be held by Government by way of security deposit). Provided always that in the event of the contract or depositing a Lumpsum by way of security deposit as contemplated at (A) above, then and in such case, the sum so deposited shall not amount to, per cent of the total estimated cost of the work, it shall be lawful for Government at the time of making any payment to the contractor for work done under the contract to make up the full amount of per cent by deducting a sufficient amount from every such payment as last aforesaid. All compensation or other sums of money payable to the contractor to Government under the terms of his contract may be deducted from, or paid by sale of a sufficient part of his security deposit, or from the interest arising therefrom, or from any sums which is due or may become due to the contractor under this contract and in the event of his security deposit, or from the interest arising therefrom, or from any sums which is due or may become due to the contractor under this contract and in the event of his security deposit being reduced by reason of any such deduction or sales aforesaid the contractor shall, within ten days thereafter, make good in cash or with Government securities endorsed as aforesaid any sum or sums which may have been deducted from, or raised by sale of his security deposit or any part thereof. The security deposit when paid in cash, may, at the cost of the depositor, be converted into interest, bearing interest at the rate provided that the depositor has expressly desired this in writing.

Security deposit.

If the amount of the security deposit to be paid in a lumpsum within the period specified at (A) above is not paid tender / contract already accepted shall be considered as cancelled and legal steps shall be taken against the contractor for recovery of the amounts.

Compensation for delay.

The security deposit lodged by a contractor (in cash or recovered in instalments from his bills) shall be refunded to him after the expiry of three months from the date on which the work is completed.

— A work should be considered as complete for the purpose of refund of security deposit to a contractor from the last date on which its final measurements are checked by a competent authority, unless a check is necessary otherwise from the last date of recording the final measurements.

Clause 2. — The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract, be executed with the diligence (time being deemed to be of the essence of the contract on the part of the contractor) and the contractor shall pay as compensation an amount equal to one

Clause 5.— In any case in which any of the powers conferred upon the Executive Engineer by the clause 3 and 4 thereof shall have become exercisable and the same shall not have been exercised, the non-exercise thereof shall not constitute a waiver of any of the conditions hereof and such powers shall notwithstanding be exercisable in the event of any future case of default by the contractor for which under any clause or clauses hereof he is declared liable to pay compensation amounting to the whole of his security deposit and the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Executive Engineer taking action under sub-clause (a) or (c) of clause 3; he may, if he so desires, take possession of all or any tools, plant, materials and stores in or upon the works, or the site thereof or belonging to the contractor, or procured by him and intended to be used for the execution of the work or any part thereof, paying or allowing for the same in account at the contract rates, or in the case of contract not being applicable, at current market rates, to be certified by the Executive Engineer, whose certificate thereof shall be final. In the alternative the Executive Engineer, may after giving notice in writing to the contractor or his clerk of the works, foreman or other authorised agent require him to remove such tools, plant, materials, or stores from the premises within a time to be specified in such notice, and in the event of the contractor failing to comply with any such requisition, the Executive Engineer, may remove them at the contractor's expense or sale them by auction or private sale on account of the contractor and at his risk in all respects, and the certificate of the Executive Engineer as to the expense of any such removal and the amount, of proceeds any expense of and such sale shall be final and conclusive against the contractor.

Contractor responsible to pay compensation if action not taken under clause 3 and 4

Power to take possession of or require removal of or sale contractor's plant

Clause 6.— If the contractor shall desire an extension of the time for completion of the work on the ground of his having been unavoidably hindered in its execution or on any other ground, he shall apply in writing to the Executive Engineer within 30 days from the date on which he was hindered as aforesaid or on which the ground of asking for extension arose and in any case before the date of completion of the work, and the Executive Engineer may, if in his opinion there are reasonable grounds for granting an extension grant such extension as he thinks necessary or proper. The decision of the Executive Engineer in this matter shall be final.

Self-contraction.

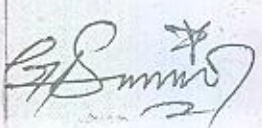

Provided that where the contractor is hindered in the execution of the work on account of any act or omission on the part of the P.W.D. or any of its authorised officers the Executive Engineer, may at any time before the date of completion and on his own initiative extend the time for completion of the work for such period as he may think necessary or proper.

Where time has been extended under this or any other clause of this agreement the date for completion of the work shall be the date fixed by the order giving the extension or by the aggregate of all such orders, made under this agreement.

When time has extended as aforesaid, it shall continue to be the essence of the contract and all clauses of the contract shall continue to be operative during the extended period.

Clause 7.— On completion of the work the contractor shall be furnished with certificate by the Executive Engineer (hereinafter called the Engineer in-charge) of such completion, but no such certificate shall be given and the work has been executed, or other parts of any Building in or upon which the work the premises on which the work shall have been executed all scaffolding, surplus materials and rubbish, and shall have cleaned off the dirt from all woodwork, doors, windows, walls, floors, or other parts of any building in or upon which the work has been executed, or other parts of any Building in or upon which the work has been executed, or of which he may have had possession for the purpose of executing the work, nor until the work shall have been measured by the Engineer-in-charge or where the measurements have been taken by his subordinates until they have received the approval of the Engineer-in-charge, the said measurements being binding and conclusive against the contractor. If the contractor shall fail to comply with the requirements of this clause as to the removal of scaffolding surplus materials and rubbish, and cleaning of dirt on or before the date fixed for the completion of the work, the Engineer-in-charge, may, at the expense of the contractor, remove such scaffolding, surplus materials and rubbish, and dispose of the same as he thinks fit and clean off such dirt as aforesaid; and the contractor shall forthwith pay the amount of all expense so incurred, but shall no claim in respect of any such scaffolding or surplus materials as aforesaid except for any sum actually realized by the sale thereof.

Final Certificate

re, if the Engineer-in-charge so requires by a notice in writing under his hand, but the contractor shall not be entitled to return any such materials except with the consent of the Engineer-in-charge and he shall have no claim for compensation on account of any such material supplied to him as aforesaid but remaining unused by him or for, any wastage in or damage to any such materials.

Clause 13. —The contractor shall execute the whole and every part of the work in the most substantial and work-man-like manner and both as regards materials and all other matter in strict accordance with specification, lodged in the office of the executive Engineer and initialled by the Engineer-in-charge, the said specification being a part of the contract. The contractor shall also confirm exactly, in writing and faithfully to the designs, drawings, and instructions in writing relation to the work signed by the Engineer-in-charge and lodged in his office and to which the contractor shall be entitled to have access at such office or on the site of work for the purpose of inspection during office hours and the contractor shall, if he so requires, be entitled at his own expense to make or cause to be made copies of the specifications, and of all such, drawings, and instructions as aforesaid.

Works to be executed in accordance with specification, drawings orders etc.

Clause 14.— The Engineer-in-charge shall have powers to make any alterations in, or additions to, the original specifications, drawings, designs, and instructions that may appear to him to be necessary or advisable during the progress of the work, and the Contractor shall be bound to carry out the work, in accordance with any instructions in this connection which may be given to him in writing signed by the Engineer-in-charge and such alterations shall not invalidate the contract; and by order or additional work which the contractor may be directed to do in the manner above specified subject to the limit laid clause 38 below as Part of the work shall be carried out by the Contractor on the same conditions in all respects on which he agreed to do the main work, and at the same rates, as are specified in the tender for the main work. The time for the completion of the work shall be extended in the proportion that the additional work bears to the original contract work and the certificate of the Engineer-in-charge as to such proportion shall be conclusive, and if the altered or additional work includes any class of work for which no rate is specified in this contract, then such class of work shall be paid for at* (.....) percent below/above the rate shown for such work in the schedule of rates of the Division and if such last mentioned class of work is not entered in the schedule of rates of the Division, the contractor shall, within seven days of the date of receipt by him of the order to carry out the work inform the Engineer-in-charge of the rate which it is his intention to charge for such class of work, and if the engineer-in-charge is satisfied that the rate quoted is within the rate worked out by him on detailed rate analysis, then he shall by notice in writing be at liberty to cancel the order in order to carry out such class of work and arrange to carry it out in such manner as he may consider advisable provided always that if the contractor shall commence work or incur any expenditure in regard thereto before the rates shall have been determined as lastly hereinbefore mentioned, then in such case he shall only be entitled to be paid in respect of the work carried out for expenditure incurred by him prior to the date of the determination of the rate as aforesaid according to such rate or rates as shall be fixed by the engineer-in-charge. In the event of a dispute, the decision of Superintending Engineer of the circle will be final. In case the contractor is still not satisfied with the decision he may bring the matter for arbitration accordance with the procedure laid down in clause—52.

Alteration in Specification and designs not to invalidate Contracts.

Clause 15— If at any time after the execution of the contract documents the Engineer-in-charge shall for any reason whatsoever not require the whole or any part of the work as specified in the tender to be carried out at all or carried out in part, he shall give notice in writing of the fact to the contractor, who shall thereupon have no claim to any payment or compensation whatsoever on account of any profit or advantage which he might have derived from the execution of the work in full but which he did not so derive in consequence of the full amount of the work not having been carried out, neither shall he have any claim for compensation by reason of any alterations, having been made in the original specifications, drawing, designs and instructions, which may involve any curtailment of the work as originally contemplated. Where materials, have already been collected at site of the work before the receipt of the said notice to stop or curtail the work, the contractor shall be paid for such materials at the rate determined by the Engineer-in-charge provided they are not in excess of requirements and are of approved quality.

No. claim to any payment of compensation for alteration into restriction of work

Clause 16.— Under no circumstances whatever shall the contractor be entitled to any compensation from Government on any account unless the contractor shall have submitted a claim in writing to the Engineer-in-charge within one month of the cause of such claim occurring.

Time limit for unforeseen claims

Clause 17.— If at any time before the security deposit is refunded to the contractor, it shall appear to the Engineer-in-charge or his subordinate-in-charge of the work, that any work has been executed with unsound, defective or unskilful workmanship or with materials of inferior quality, or that the materials or articles provided by him for the execution of the work are unsound, or of a quality

Action and compensation payable in case of bad work.

B. S. Sumran

B

precautions, and to pay any damages and costs which may be awarded in any such suit action or proceedings to any such person, or which may with the consent of the contractor be paid for compromising any claim by any such person.

Clause 22.— The contractor shall not set fire to any standing jungle, trees brush-wood or grass without a written permit from Executive Engineer

Measures for prevention of fire

When such permit is given, and also in all cases, when destroying cut or dug up trees, brush wood, grass, etc., by fire the contractor shall take necessary measures to prevent such fire spreading to or otherwise damaging surrounding property.

The contractor, shall make his own arrangements for drinking water for the labour employed by him.

Clause 23.— Compensation for all damage done intentionally or unintentionally by contractor's labour whether in or beyond the limits of Government property including any damage, caused by the spreading of fire mentioned in clause 22 shall be estimated by the Engineer-in-charge subject to the decision of the Superintending Engineer, on appeal shall be final and the contractor shall be bound to pay the amount of the assessed compensation on demand failing which the same will be recovered from the contractor as damages in the manner prescribed in clause 12 or deducted by the Engineer-in-charge from any sums that may be due or become due from Government to the contractor under this contract or otherwise.

Liability of contractor for any damage done in or outside work area

The contractor shall bear the expenses of defending any action or other legal proceedings that may be brought by any person for injury sustained by him owing to neglect of precautions to prevent the spread of fire and he shall pay any damages and cost that may be awarded by the court in consequence.

Clause 24.— The employment of female labourers on works in the neighbour-hood of soldier's barracks should be avoided as possible.

Employment of female labour

Clause 25.— No work shall be done on a Friday without the sanction in writing of the Engineer-in-charge.

Work on Fridays

Clause 26.— The contract shall not be assigned or sublet without the written approval of the Engineer-in-charge. And if the contractor shall assign or sublet his contract or attempt so to do, or become insolvent or commences any proceedings to be adjudicated an insolvent or make any composition with his creditors, or attempt so to do, the Engineer-in-charge may, by notice in writing rescind the contract. The contractor shall keep full and true accounts shall respect of the contract works in the regular course of business and shall whenever called upon by the Engineer-in-charge by notice in writing produce them for inspection by him or by any officer appointed by him in that behalf. Also if any bribe, gratuity, gift, loan, reward or advantage precautionary or otherwise, shall either directly or indirectly be given, promised or offered by the contractor or any of his servants or agents to any public officer or person in the employ of Government in any way relating to his officer or employment or if any such officer or person shall become in any way directly or indirectly interested in the contract or if the contractor does not keep accounts or fails to produce them as aforesaid the Engineer-in-charge may by notice in writing rescind the contract. If the event of a contract being rescinded the security deposit of the contractor shall thereupon stand forfeited and be absolutely at the disposal of Government and the same consequences shall ensue as if the contract had been rescinded under clause 3 thereof and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

Work not to be sublet.

Contract may be rescinded and security deposit forfeited for subletting it without approval or for bribing public officer or if Contractor becomes insolvent.

Clause 27.— All sums payable by a contractor by way of compensation under any of these conditions shall be considered as a reasonable compensation to be applied to the use of Government without reference to the actual loss or damage sustained and whether any damage has or has not been sustained.

Sum payable by way of compensation to be considered as reasonable compensation without reference to actual loss.

Clause 28.— In the case of a tender by partners any change in the constitution of a firm shall be forthwith notified by the contractor to the Engineer-in-charge for his information.

Changes in the constitution of firm to be Notified

Clause 29.— All work to be executed under the contracts shall be executed under the direction and to the approval of the Superintending Engineer of the Circle for the time

Work to be under direction of superintending Engineer

account of water standing in borrow pits or compartments. The rate are inclusive for hard or cracked soil, excavation mud, sub-soil water or water standing in borrow pits and no claim for an extra rate shall be entertained, unless otherwise expressly specified.

Clause 42.— Contractor shall not enter upon or commence any portion of work except with the written authority and instructions of the engineer-in-charge or of his subordinate-in-charge of the work. Failing such authority the contractor shall have no claim to ask for measurements of or payment for work.

Entering upon or Commencing any portion of work

Clause 43— (1) No contractor shall employ any person who ins under the age of 12 years.

Minimum age of persons employec, the employment of donkeys or other animals

out, as well as the date for submitting and opening the work; also the amount of earnest money to be e security deposit to be deposited by the successful icted from bills. It will also state whether refund of its will granted, Copies of the specifications, designs and any other documents required in connection with neer for the purpose of identification, and shall also fice of the Executive Engineer during office hours.

mitted by a firm, it must be signed separately by each of any partner, it shall be signed on his behalf by a ag him to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

Estimate Schedule vide PWD/DP/54 Dated-23.5.2011 Amounting to Rs. 0.831 cr

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule "B" memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor, in regard to any matter relating to this tender or the contract shall be valid and binding on Government unless it is signed by the Executive Engineer.

8. No memorandum of work to be tendered for and the schedule of materials to be supplied

Conditions of Contract

Clause 1. — The persons whose tender may be accepted (hereinafter called the contractor) shall (A) within one day for a contract of Rs. 1,000 or less, or two days for a contract of more than Rs. 1,000 up to Rs., 2,000 and so on, upto a limit of ten days, for a contract of Rs. 10,000 or more of the receipt by him of the notification of the acceptance of his tender) deposit with the Executive Engineer in cash Government securities endorsed to Executive Engineer (if deposited for more than 12 months) a sum sufficient with the amount of the earnest money deposited by him with his tender to make up the full security deposit specified in the tender), or (B) (permit Government at the time of making any payment to him for work done under the contract to deduct such sum as will (with the earnest money deposited by him) amount to percent of all moneys so payable, such deductions to be held by Government by way of security deposit). Provided always that in the event of the contract or depositing a Lumpsum by way of security deposit as contemplated at (A) above, then and in such case, the sum so deposited shall not amount to, per cent of the total estimated cost of the work, it shall be lawful for Government at the time of making any payment to the contractor for work done under the contract to make up the full amount of per cent by deducting a sufficient sum from every such payment as last aforesaid. All compensation or other sums of money payable by the contractor to Government under the terms of his contract may be deducted from, or paid by the sale of a sufficient part of his security deposit, or from the interest arising therefrom, or from any sums which is due or may become due to the contractor under this contract and in the event of his security deposit, or from the interest arising therefrom, or from any sums which is due or may become due to the contractor under this contract and in the event of his security deposit being reduced by reason of any such deduction or sales aforesaid the contractor shall, within ten days thereafter, make good in cash or with Government securities endorsed as aforesaid any sum or sums which may have been deducted from, or raised by sale of his security deposit or any part thereof. The security deposit referred to, when paid in cash, may, at the cast of the depositor, be converted into interest, bearing interest at the rate provided that the depositor has expressly desired this in writing.

Security deposit.

If the amount of the security deposit to be paid in a lumpsum within the period specified at (A) above is not paid tender / contract already accepted shall be considered as cancelled and legal steps taken against the contractor for recovery of the amounts.

Compensation for delay.

The security deposit lodged by a contractor (in cash or recovered in instalments from his bills) shall be refunded to him after the expiry of three months from the date on which the work is completed.

Note:— A work should be considered as complete for the purpose of refund of security deposit to a contractor from the last date on which its final measurements are checked by a competent authority, such check is necessary otherwise from the last date of recording the final measurements.

Clause 2. — The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with, with the due diligence (time being deemed to be of the essence of the contract on the part of the contractor) and the contractor shall pay as compensation an amount equal to one

E. S. S. S.

B

Clause 5.— In any case in which any of the powers conferred upon the Executive Engineer by the clause 3 and 4 thereof shall have become exercisable and the same shall not have been exercised, the non-exercise thereof shall not constitute a waiver of any of the conditions hereof and such powers shall notwithstanding be exercisable in the event of any future case of default by the contractor for which under any clause or clauses hereof he is declared liable to pay compensation amounting to the whole of his security deposit and the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Executive Engineer taking action under sub-clause (a) or (c) of clause 3, he may, if he so desires, take possession of all or any tools, plant, materials and stores in or upon the works, or the site thereof or belonging to the contractor, or procured by him and intended to be used for the execution of the work or any part thereof, paying or allowing for the same in full at the contract rates, or in a case of contract not being applicable, at current market rates, to be certified by the Executive Engineer, whose certificate thereof shall be final. In the alternative the Executive Engineer, may after giving notice in writing to the contractor or his clerk of the works, foreman or other authorised agent require him to remove such tools, plant, materials, or stores from the premises within a time to be specified in such notice, and in the event of the contractor failing to comply with any such requisition, the Executive Engineer, may remove them at the contractor's expense or sale them by auction or private sale on account of the contractor and at his risk in all respects, and the certificate of the Executive Engineer as to the expense of any such removal and the amount, of the proceeds any expense and such sale shall be final and conclusive against the contractor.

Contractor responsible to pay compensation if action not taken under clause 3 and 4

Power to take possession of or require removal of or sale contractors' plant

Clause 6.— If the contractor shall desire an extension of the time for completion of the work on the ground of his having been unavoidably hindered in its execution or on any other ground, he shall apply in writing to the Executive Engineer within 30 days from the date on which he was hindered as aforesaid or on which the ground of asking for extension arose and in any case before the date of completion of the work, and the Executive Engineer may, if in his opinion there are reasonable grounds for granting an extension grant such extension he thinks necessary or proper. The decision of the Executive Engineer in this matter shall be final.

Selection of time.

Provided that where the contractor is hindered in the execution of the work on account of any act or omission on the part of the P.W.D. or any of its authorised officers the Executive Engineer, may at any time before the date of completion and on his own initiative extend the time for completion of the work for such period as he may think necessary or proper.

Where time has been extended under this or any other clause of this agreement the date of completion of the work shall be the date fixed by the order giving the extension or by the aggregate of all such orders, made under this agreement.

When time has extended as aforesaid, it shall continue to be the essence of the contract and all clauses of the contract shall continue to be operative during the extended period.

Clause 7.— One month before the completion of the work the contractor shall be furnished with a certificate by the Executive Engineer (hereinafter called the Engineer in-charge) of such completion, but no such certificate shall be given and the work has been executed, or other parts of any Building in or upon which the work the premises on which the work shall have been executed all scaffolding, surplus materials and rubbish, and shall have cleaned off the work from all woodwork, doors, windows, walls, floors, or other parts of any building in or upon which the work has been executed, or other parts of any Building in or upon which the work has been executed, or of which he may have had possession for the purpose of executing the work, nor until the work shall have been measured by the Engineer-in-charge or where measurements have been taken by his subordinates until they have received the approval of the Engineer-in-charge, the said measurements being binding and conclusive against the contractor. If the contractor shall fail to comply with the requirements of this clause as to the removal of scaffolding surplus materials and rubbish, and cleaning of dirt on or before the date fixed for the completion of the work, the Engineer-in-charge, may, at the expense of the contractor, remove such scaffolding, surplus materials and rubbish, and dispose of the same in such manner as he thinks fit and clean of such dirt as aforesaid; and the contractor shall forthwith pay the amount of all expense so incurred, but shall have no claim in respect of any such scaffolding or surplus materials as aforesaid except for any sum actually realized by the sale thereof.

Final Certificate

D.O

store, if the Engineer-in-charge so requires by a notice in writing under his hand, but the contractor shall not be entitled to return any such materials except with the consent of the Engineer-in-charge and he shall have no claim for compensation on account of any such material supplied to him as aforesaid but remaining unused by him or for, any wastage in or damage to any such materials.

Clause 13.—The contractor shall execute the whole and every part of the work in the most substantial and work-man-like manner and both as regards materials and all other matter in strict accordance with specification; lodged in the office of the executive Engineer and initialled by the parties, the said specification being a part of the contract. The contractor shall also confirm exactly, fully and faithfully to the designs, drawings, and instructions in writing relation to the work signed by the Engineer-in-charge and lodged in his office and to which the contractor shall be entitled to have access at such office or on the site of work for the purpose of inspection during office hours and the contractor shall, if he so requires, be entitled at his own expense to make or cause to be made copies of the specifications, and of all such, drawings, and instructions as aforesaid.

Works to be executed in accordance with specification, drawings orders etc.

Clause 14.— The Engineer-in-charge shall have powers to make any alterations in, or additions to the original specifications, drawings, designs, and instructions that may appear to him to be necessary or advisable during the progress of the work, and the Contractor shall be bound to carry out the work, in accordance with any instructions in this connection which may be given to him in writing signed by the Engineer-in-charge and such alterations shall not invalid the contract; and by altered or additional work which the contractor may be directed to do in the manner above specified subject to the limit laid clause 38 below as Part of the work shall be carried out by the Contractor on the same conditions in all respects on which he agreed to do the main work, and at the same rates, as are specified in the tender for the main work. The time for the completion of the work shall be extended in the proportion that the additional work bears to the original contract work and the certificate of the Engineer-in-charge as to such proportion shall be conclusive, and if the altered or additional work includes any class of work for which no rate is specified in this contract, then such class of work shall be paid for at* (.....) percent below/above the rate shown for such work in the schedule of rates of the Division and if such last mentioned class of work is not entered in the schedule of rates of the Division, the contractor shall, within seven days of the date of receipt by him of the order to carry out the work inform the Engineer-in-charge of the rate which it is his intention to charge for such class of work, and if the engineer-in-charge is satisfied that the rate quoted is within the rate worked out by him on detailed rate analysis, then he shall by notice in writing be at liberty to cancel his order to carry out such class of work and arrange to carry it out in such manner as he may consider advisable provided always that if the contractor shall commence work or incur any expenditure regard thereto before the rates shall have been determined as lastly hereinbefore mentioned, then in such case he shall only be entitled to be paid in respect of the work carried out for expenditure incurred by him prior to the date of the determination of the rate as aforesaid according to such rate or rates as shall be fixed by the engineer-in-charge. In the event of a dispute, the decision of Superintending Engineer of the circle will be final. In case the contractor is still not satisfied with the decision he may bring the matter for arbitration accordance with the procedure laid down in clause—52.

Alteration in Specification and designs not to invalidate Contracts.

Clause 15— If at any time after the execution of the contract documents the Engineer-in-charge shall for any reason whatsoever not require the whole or any part of the work as specified in the tender to be carried out at all or carried out in part, he shall give notice in writing of the fact to the contractor, who shall thereupon have no claim to any payment or compensation whatsoever on account of any profit or advantage which he might have derive from the execution of the work in full but which he did not so derive in consequence of the full amount of the work not having been carried out, neither shall he have any claim for compensation by reason of any alterations, having been made in the original specifications, drawing, designs and instructions, which may involve any curtailment of the work as originally contemplated. Where materials, have already been collected at site of the work before the receipt of the said notice to stop or curtail the work, the contractor shall be paid for such materials at the rate determined by the Engineer-in-charge provided they are not in excess of requirements and are of approved quality.

No. claim to any payment of compensation for alteration into restriction of work

Clause 16.— Under no circumstances whatever shall the contractor be entitled to any compensation from Government on any account unless the contractor shall have submitted a claim in writing to the Engineer-in-charge within one month of the cause of such claim occurring.

Time limit for unforeseen claims

Clause 17.— If at any time before the security deposit is refunded to the contractor, it shall appear to the Engineer-in-charge or his subordinate-in-charge of the work, that any work has been executed with unsound, imperfect or unskilful workmanship or with materials of inferior quality, or that any materials or articles provided by him for the execution of the work are unsound, or of a quality

Action and compensation payable in case of bad work.

Handwritten signature or initials at the bottom right of the page.

precautions, and to pay any damages and costs which may be awarded in any such suit action or proceedings to any such person, or which may with the consent of the contractor be paid for compromising any claim by any such person.

Clause 22.— The contractor shall not set fire to any standing jungle, trees brush-wood or grass without a written permit from Executive Engineer

Measures for prevention of fire

When such permit is given, and also in all cases, when destroying cut or dug up trees, brush wood, grass, etc., by fire the contractor shall take necessary measures to prevent such fire spreading to or otherwise damaging surrounding property.

The contractor, shall make his own arrangements for drinking water for the labour employed by him.

Clause 23.— Compensation for all damage done intentionally or unintentionally by contractor's labour whether in or beyond the limits of Government property including any damage, caused by the spreading of fire mentioned in clause 22 shall be estimated by the Engineer-in-charge subject to the decision of the Superintending Engineer, on appeal shall be final and the contractor shall be bound to pay the amount of the assessed compensation on demand failing which the same will be recovered from the contractor as damages in the manner prescribed in clause be recovered from the contractor as damages in the manner prescribed in clause 12 or deducted by the Engineer-in-charge from any sums that may be due or become due from Government to the contractor under this contract or otherwise.

Liability of contractor for any damage done in or outside work area

The contractor shall bear the expenses of defending any action or other legal proceedings that may be brought by any person for injury sustained by him owing to neglect of precautions to prevent the spread of fire and he shall pay any damages and cost that may be awarded by the court in consequence.

Clause 24.— The employment of female labourers on works in the neighbour-hood of soldier's barracks should be avoided as possible.

Employment of female labour

Clause 25.— No work shall be done on a Friday without the sanction in writing of the Engineer-in-charge.

Work on Fridays

Clause 26.— The contract shall not be assigned or sublet without the written approval of the Engineer-in-charge. And if the contractor shall assign or sublet his contract or attempt so to do, or become insolvent or commences any proceedings to be adjudicated an insolvent or make any composition with his creditors, or attempt so to do, the Engineer-in-charge may, by notice in writing rescind the contract. The contractor shall keep full and true accounts shall respect of the contract works in the regular course of business and shall whenever called upon by the Engineer-in-charge by notice in writing produce them for inspection by him or by any officer appointed by him in that behalf. Also if any bribe, gratuity, gift, loan, reward or advantage precautionary or otherwise, shall either directly or indirectly be given, promised or offered by the contractor or any of his servants or agents to any public officer or person in the employ of Government in any way relating to his officer or employment or if any such officer or person shall become in any way directly or indirectly interested in the contract or if the contractor does not keep accounts or fails to produce them as aforesaid the Engineer-in-charge may by notice in writing rescind the contract. If the event of a contract being rescinded the security deposit of the contractor shall thereupon stand forfeited and be absolutely at the disposal of Government and the same consequences shall ensure as if the contract had been rescinded under clause 3 thereof and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

Work not to be sublet.

Contract may be rescinded and security deposit forfeited for Subletting it without approval or for bribing public officer or if Contractor be comes insolvent.

Clause 27.— All sums payable by a contractor by way of compensation under any of these conditions shall be considered as a reasonable compensation to be applied to the use of Government without reference to the actual loss or damage sustained and whether any damage has or has not been sustained.

Sum payable by way of compensation to be considered as reasonable compensation without reference to actual loss.

Clause 28.— In the case of a tender by partners any change in the constitution of a firm shall be forthwith notified by the contractor to the Engineer-in-charge for his information.

Changes in the constitution of firm to be Notified

Clause 29.— All works to be executed under the contracts shall be executed under the direction and subject to the approval in all respects of the Superintending Engineer of the Circle for the time

Work to be under direction of superintending Engineer

807-01

151

account of water standing in borrow pits or compartments. The rate are inclusive for hard or cracked soil, excavation mud, sub-soil water or water standing in borrow pits and no claim for an extra rate shall be entertained, unless otherwise expressly specified.

Clause 42.— Contractor shall not enter upon or commence any portion of work except with the written authority and instructions of the engineer-in-charge or of his subordinate-in-charge of the work. Failing such authority the contractor shall have no claim to ask for measurements of or payment for work.

Entering upon or Commencing any portion of work

Clause 43— (i) No contractor shall employ any person who is under the age of 12 years.

Minimum age of persons employed, the employment of donkeys or other animals

(ii) No contractor shall employ donkeys or other animals with breeching of string or thin rope. The breeching must be at least three inches wide and should be of tape (Nawar).

(iii) No animal suffering from sores, lameness or emaciation or which is immature shall be employed on the work.

Any contractor who does not accept these conditions shall not be allowed to tender for works and his name shall be removed from the list of contractors.

(iv) The Engineer-in-charge or his Agent is authorised to remove from the work any person or animal found working which does not satisfy these conditions and no responsibility shall be accepted by Government for any delay caused in the completion of the work by such removal.

Clause 44— As far as possible Pakistani Timbers shall be used and there for any reason this is not practicable, preference shall be given first to Burma and then to other Timbers.

Pakistan Timber to be used.

Clause 45— If any materials, such as stones metal bajri, sand etc., are required to be conveyed by rail, the contractors will be granted certificates by the Engineer-in-charge of the work to the effect that the materials are required for Government cessionary freight charges from the railway. In case, however, such a concession is withdrawn by the railway at any time during the currency of the contract, no claim shall be preferable against Government of this account.

Certificates for Cessionary freight Charges from Railway.

Clause 46.— When tendered rates are the same preference will be given at the discretion of the accepting authority to those who tender for the earthing of materials by vehicles having pneumatic tyres.

Precedence of acceptance of tenders when tenders rates are same.

Clause 47.— Any sum due to the Government by the contractor shall be liable for recovery as arrears of Land Revenue.

Recovery of dues from Contractor as arrears Land Revenue.

Clause 48.— Certified that no member of Legislative Assembly is in partnership with me and that government will have the right to terminate the contract at any stage if it is discovered that a member of Legislative Assembly is a partner in the contract.

SCHEDULE-(B)
RENOVATION AND REHABILITATION OF VETERINARY DISPENSARY AT VILLAGE KARAMPUR TALUKA TANGWANI
(ELECTRIC WORK).

No.	Item of work	Qty:	Rate	Unit	Amount
<u>Part "A" Schedule Items</u>					
	Wiring for light or fan points with 1/1 13 (3-029) PVC insulated wire PVC in casing and capping (S.I.No. 18 P-13).	100 Points	538/51	P.P	53851/-
	Wiring for plug points with 1/1 13 (3-029) unit on a prepared board (S.I.No. 17 P-11).	08 Nos.	166/97	Each	1336/-
11.	P&F A.C or D.C electric buzzer 220/250 volts (S.I.No. 22 P-11)	04 Nos.	84/70	Each	339/-
12.	P&F Flush type Electric bell push Button (S.I.No. 23 P-12)	04 Nos.	25/19	Each	101/-
13.	P&F B.C bakelite angular type button holder (S.I.No. 01 P-14).	30 Nos.	53/69	Each	1611/-
14.	P&F S.W. canopy block & bakelite ceiling rose on S/W block (S.I.No. D-3 P-14).	32 Nos.	44/-	Each	1408/-
15.	P&F mild steel bar fan clamps 15.8 mm (5/3") dia suitable for R.C.C. roof (S.I.No. C-1 P-14).	16 Nos.	141/01	Each	2256/-
16.	Erection of ceiling fan i/c wiring of down rod with 1/1 13 mm (3/0.29) PVC wiring fixing or-regulators blade canopy etc are required (S.I.No. D-1 P-14)	16 Nos.	82/16	Each	1315/-
17.	P/F A.C ceiling fan regulator on metal board recessed in the walls column and with plastic sheet (S.I.No. 02 (b) P-14)	16 Nos.	124/30	Each	1989/-

[Handwritten Signature]

o.	Item of work	Qty:	Rate	Unit	Amount
	Providing circuit breaker 100 amps triple pole including fixing on prepared board and necessary connection (Taraski Japan) (S.I.No. 05 P-20)	01 No.	9138/25	Each	9138/-
	P&F earthing set with 2"x2"x1/4" copper plate buried in ground at a depth 20" or less if water comes out from ground level with salt and chorcoal etc i/c making the pit 12" deep by excavation of all type of soil. Earth plate to be connected with No. 1/2 G.L pipe straight from the earth plate upto providing necessary tee (S.I.No. 2 P-26).	01 No.	2570/37	Each	2570/-
20.	Providing circuit breaker 6 Amps: to 63 Amps S.P i/c fixing on a prepared board and necessary connection (S.I.No. F-1 P-20).	20 Nos.	442/02	Each	8840/-
21.	P&F 1-40 watts tube light complete with 40 watts 4-0 long rod chocks starter and putty with Philip components i/c necessary electric connection and fixing on wall or ceiling etc complete (S.I.No. 1 P-33).	24 Nos.	396/-	Each	9504/-
22.	P&F distribution metal board double shutter to accommodate circuit breakers including 4 painting job on surface (S.I.No. 5 P-13).	02.0 Sft	907/96	P.Sft	1816/-
23.	P&F double S.W board to accommodate mains or sub-mains control switches and for sub-mains control switch and for other smaller jobs on surface (S.I.No. 1 P-13).	32.0 Sft	105/88	P.Sft	3388/-
24.	P&F wall bracket light fancy type superior quality i/c necessary electric connection and fixing on wall or ceiling etc complete (S.I.No. F-5 P-33).	20 Nos.	497/-	Each	9940/-
25.	P/F Energy sever superior quality i/c fixing on wall (S.I.No. F-6 P-33).	45 Nos.	497/-	Each	22365/-
26.	P&F ceiling fans 56" size complete as required (S.I.No. D-9 P-14).	16 Nos.	1567/-	Each	25072/-
27.	P&F bulb 100 watts (S.I.No. 7 P-33)	05 Nos.	25/-	Each	125/-
				Total	328292/-

Part "B" Non-Schedule Items

01.	P/F 12" Exhaust fan capacitor type i/c shutter metallic body 60 watts 20 volts S.P complete in all respect (L.Q.R)	01 No.	2500/=	Each	2500/=
02.	S/F Wall bracket fan 18" size A.C Single Phase Superior Quality complete i/c Fixing on wall as required (Royal make) (L.Q.R)	01 No.	3500/=	Each	3500/=
				Total	6000/=
