47	Incinerator	1							
	Model		AES 100 - 2SEC						
	Make		Addfield Cremate						
	Capacity 30-40 Kg / hour Solid Waste		50 kg						
	COMBUSTION CHAMBER:								
	Horizontal cylindrical design		Vertical						
	Inner surface carried out with first-rate refractory material , high-temperature proof		Insulated with 100 mm						
	Combustion chamber volume: 5,3 approximately;		0.118 cms						
	1No. Loading door set on the frontal edge of the burning chamber, having a whole section crossing, suitable to load the Hospital waste material and to unload the ashes		Frontal it has top 10 edging						
	Burner capacity (under full power): 30-40 kg/h approximately		50 kg						
	Operating temperature: 700-900CXC		850 C						
	Standard color : black – red		Black						
	POST-COMBUSTION CHAMBER

Post-combustion oven, pyrolytic working with planed combustion, structured so that the gas generated due to the incineration process will be kept even in the worst condition, to a temperature of >850°C/1100°C
Design: horizontal or vertical cylindrical
Inner covering: carried out with first-rate refractory material, high temperature proof
1 No. inspection door on whole section, similar to the one on duty of the incineration chamber, covered with refractory material, rotating on hinges, to make easier any further inspection and the planned maintenance.
Free oxygen content: >6%
Rate gas: >10 m/s.
Time contact gas: >2l"
Working temperature: 1000/1100°C
Standard color : black - red
COMBURENT AIR SYSTEM
The comburent air system is fitted with an centrifugal fan and a steel pipeline, provided with shutters for its regulation. The comburent air supply system will provide the post-combustion chamber with the right quantity of preheated air, necessary to pyrolytic combustion.
COMBUSTION SYSTEM
Combustion installation composed of:
N.1 diesel automatic burner marked CE.
N.1 diesel supply burner marked CE.

The oven is provided with a supply burner which turns on automatically when the temperature of the gas combustion, after the last air combustion injection, falls under the target temperature of 850 CXC or 1.100 CXC. The burner is used as well during the start and stop system operations, this is to guarantee a regular temperature of 850 CXC or 1.100CXC during these operations and as long as the waste material remains in the combustion chamber.

All burners have a non-stop ventilation system, to avoid damages to stoke wholes, openings), and to the deflector group, caused by high working temperatures they are exposed, when reached the fixed limit they go on stand-by. Burners are also provided with instruments for the pyrometric temperature check, to keep automatically the incineration oven and the post-combustion chamber to the fixed planned temperatures.

CHIMNEY

Next to fumes exit will be placed a chimney having the following features:

Chimney Made of Stainless Steel 8m from Ground. The building will be fully covered with refractory non-conductive material having a low heat transmittance coefficient. On demand it will be built in stainless steel AISI 304.

Cylindrical shape

Fumes dissipator put on its top to accelerate the way out and to lift the fumes up in the atmosphere

Standard color : black – red

ELECRTC SWITCHBOARD FOR COMBUSTION

The incineration system has an electric switchboard controlling all the electric equipments, switches, warning lights etc. The system is also provided with two temperature regulators which have digital showings, suitable to keep the oven at a planned regular temperature. (one for combustion chamber and one for post-combustion chamber) The control panel is commanded by microprocessor equipment It will be delivered and installed a timer for the incineration cycle. Power: 380/415 V 50 Hz - Installed electrical power: 5 kw

 Sindh Public Procurement Regulatory Authority,
Govt. of Sindh, Karachi.

SUBJECT NIT NO. PD/DHQ/838/2017 DATED 09-10-2017 (SR. NO. 34735)

Please refer to your letter No. AD (ASMT)/SPPRA/34735/2017-18/8053 Dated 02-02-2018 on the subject cited above. The replies of observations raised are given as under:

Examine and put up early

Jan 26/2018

Sl. No.	Observation	Reply
1.	Response of this authority's earlier letter dated 15-11-2017 is still awaited.	The reply has already been sent to your good office vide letter No. PD/DHQ/984/2017 Dated 20-11-2017. Receipt from SPPRA on office copy of the same is attached herewith for ready reference. However, the copy of the same is enclosed as an <i>annexure-A</i> for ready reference.
2.	Designation of Representative of Treasury Office is "Accountant" as mentioned in the attendance sheet. However, in the bid evaluation report (BER) his designation is mentioned as "Treasury Officer". Clarification is required.	Technical proposal was opened on 27-10-2017 but due to non-availability of Treasury Officer he nominated his "Accountant" to attend the meeting. However, during Technical & Financial Proposals opening / meeting the Treasury Officer was present. Therefore, he signed both the evaluation reports.
	Conducting technical evaluation is the domain of Procurement Committee in terms of Rule-08 of Sindh Public Procurement Rules, 2010 (amended 2017). In the instant case Technical Evaluation has been conducted by the Committee other than Procurement Committee. Clarification is required.	Since Procurement of Medical Equipment / Instruments and Hospital Furniture is a complex and sensitive issue, therefore, specifications of these items were got evaluated through a notified Technical Committee consisting of senior professors of Dow University Medical & Health Sciences, Jinnah Postgraduate Medical Center (JPMC), Karachi and Civil Hospital, Karachi. However, other technicalities of bids except specifications were evaluated by the Procurement Committee (PC).

4.	Technical bids were opened on 27-10-2017. However, bid validity period of 90 days expired on 25-01-2018. Therefore, clarification regarding extension of bid validity period (if any) is required.	The bid validity period expired on 25.01.2018 due to Technical Evaluation of huge number of items by the technical committee. Whereas; we have finalized bids before expiry date and the same was sent to SPPRA on 24-01-2018. However, after getting approval from the competent authority i.e.; Secretary to Government of Sindh, Health Department the bidders were requested for extension of bid validity. Accordingly they have extended their bid validity period.
----	--	---

In view of above facts, it is requested that result of Technical & Financial Evaluation may kindly be hoisted on SPPRA website in order to comply with the Honourable High Court of Sindh for early operation of District Headquarter Hospital (DHQ) Hospital, Kotri. Copy of the Court order is attached for your perusal.

REF: NO. A.D(A)/(34735/DHQ/THQ)/2017-18/1595 DATED 15-11-2017

Please refer to the subject cited above and to inform that replies of observed Paras are as under:-

Para No.	Replies
Para No. 1 Copies of NIT Published in at least 03 Leading Newspapers of English, Urdu & Sindh Languages in item of Rule-17 (1A) & (2) of SSP Rules 2010 (Amended 2017) are required.	The NIT Published in Newspapers is according to SPPRA Rule 2010 (Amended 2017) copies of the Newspapers are attached for ready reference.
Para No. 2 Procuring Agency (PA) used country of origin i.e. UK/Japan/Germany as well as brand names i.e. HP/Sony/LG etc. without using words "or equivalent" as per Rule-13 of SSP Rules 2010 (Amended 2017).	The overall Specifications are generic as per SPPRA Rule 2010 (Amended 2017). However few items at serial no. 65, 66, 67, 68, 69 & 70 the word "or equivalent" has not been mentioned due to typographic error. Moreover Technical Bids are already opened on 27-10-2017 which are under evaluation process by Technical Committee. Accordingly Technical Committee has been asked to consider "or equivalent" as per Rules in vogue.

Note for Secretary Health

SUBJECT: Extension of Bid Validity in respect of Procurement of Equipment and Hospital furniture in respect of DHQ Hospital Jamshoro @ Hospital/Office furniture for Jamshoro @ Kotri and Tando Muhammad Khan under ADP scheme No. 733 . 2017-18

Kindly refer to the subject cited and to inform that on the order of Honorable High Court (F/A) bid was advertised in the National/ Regional dailies Express Tribune, Jang , Kawish, Sobh & Sukaar on 11-13th October 2017 (F/B) as per SPPRA rule 46(2) Single stage two Envelop procedure. The Technical Bids were opened before Procurement Committee under the Chairmanship of Director General Health Services Sindh on 27th October 2017. All technical bids were sent to Ex-Technical Committee (F/C) under the chairmanship of Professor Saeed Quraishy on 30th October 2017, but he refused to chair the Committee due to pre-occupied in assignment of Vice Chancellor, Dow University of Health sciences Karachi. In this respect a sufficient time was lapsed. Later on the request of Professor Saeed Quraishy, the Health Department modified the Technical Committee on 6th November 2017 under the Chairmanship of Professor Shehryar (F/D) and all technical proposals were sent to new Technical Committee. Due to huge number items to be purchased under this bid (91 items for Equipment and 30 items for Hospital furniture) took long time to evaluate. Finally technical proposals were evaluated and finalized by the Technical Committee. In the light of Technical Evaluation of items the Financial bids were opened before above said Procurement Committee on 9th January 2018. After detailed scrutiny by the Committee, the Financial Bids are evaluated and finalized.

2. Due to modification in Technical Committee, scrutiny of huge items and time required preparation of samples for Hospital/Office Furniture by the Bidders took long time; therefore bid validity has been expired on 24th January 2018.

3. Keeping in view above facts, it is requested that permission for extension of Bid validity may kindly be accorded, so that all qualified bidders may be requested to extend their bid validity for award of to lowest bidder, in order to comply the orders of Honorable high Court for operation of DHQ Hospital Kotri and Tando Aallahyar.
