General Rules and Directions for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer.

carried out, as well as the date for time allowed for carrying out the work to be deposited with the tender, and the amount to be deposited by the successful tenderers from bills. It will also state whether the tenderers will be required to deposit securities and drawings and estimated quantities required in connection with the work. The Engineer for the purpose of identification by contractors at the office of the Executive Engineer.

2. In the event of a tender being submitted by a firm, it must be signed by each partner thereof, or in the event of the absence of a partner, it shall be signed on his behalf by a person holding a power-of-attorney authorizing him to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out; he is willing to tender take the work. Only one rate of such percentage, on all the items shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have the name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amounts of the several tenders in a comparative statement in a suitable form. In the identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money for deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tenders shall have right of selecting all or any of the tenders.

General Rules and Directions for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a

2. In the event of the tender being submitted by a firm it must be
signed by the partner or partner thereof or in the event of the absence of
any partner shall be signed on his behalf by a person holding a power-of-
attorney authorizing him to do so.

3. Receipts for payments made on account of any work, when executed
by a firm, shall also be signed by all the partners, except where the contrac-
tors are described in their tender as a firm, in which case the receipt shall
be signed in the name of the firm by one of the partners, or by some other
persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form
stating at what percentage above or below the rates specified in Schedule 'B'
memorandum showing items of work to be carried out; he is willing to un-
der take the work. Only one rate of such percentage, on all the ^{Estimated rates} ^{Scheduled rates} shall
be framed. Tenders, which propose any alteration in the works specified in
the said form of invitation to tender or in the time allowed for carrying out
the work, or which contain any other conditions, will be liable to rejection.
No printed form of tender shall include a tender for more than one work,
but if contractors wish to tender for two or more works they shall submit a
separate tender for each. Tenders shall have the name and number of the
work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorised Assistant shall open
tenders in the presence of contractors who have submitted tenders or their
representatives who may be present at the time, and he will enter the amounts
of the several tenders in a comparative statement in a suitable form. In the
identification, sign copies of the specifications and other documents mention-
ed in Rule 1. In the event of a tender being rejected the Divisional Officer
shall authorize the Treasury Officer concerned to refund the amount of the
earnest money for deposited to the contractor making the tender, on his giving
a receipt for the return of the money.

6. The Officer competent to dispose of the tenders shall have right of
rejecting all or any of the tenders.
