In Mardan, an eight-year-old girl was allegedly sexually assaulted by a person while she was returning home on Saturday in Kharkai area of Mardan. However, the case was reported on Sunday. The suspect was taken into custody by the local police after family members of the girl lodged a complaint at the police station.

Official sources said that alleged victim was taken to Mardan Medical Complex for medical examination. They said that they were waiting for the medical report.

DSP Ikhtizar Khan confirmed the

same area.

The SHO said that after watching the condition of the boy and recording his statement, they informed district police officer, who ordered arrest of the suspect.

Police said that they had taken the affected child to Brawal hospital where his medical examination was made by Dr Kamran, who verbally confirmed the assault on him. However, police said that due to non-availability of forensic test facility at the hospitals in Upper Dir the boy was shifted to DHQ hospital in Timergara from where he was referred to Khyber Medical College Peshawar for forensic test.

All the suspects, according to complainant, molested him and captured the offense in mobile phone camera. They intimidated the victim and forced him to keep mum otherwise they would upload the video clips on the social media.

The victim, according to his uncle, did not share his ordeal with the family for avoiding stigma but had to disclose when the suspects shared the stuff with a couple of boys from the same locality.

The complainant, however, declined to have medical examination of the victim. Police on Saturday night registered criminal case against the three alleged rapists.
