T.S. No. 1499000/

Percentage Rate Tender and Contract for Works *3000/*

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, bidding and opening tenders and the time allowed for the amount of earnest money to be deposited with the security deposit to be deposited by the successful bidder, if any, to be deducted from bills. It will also state fees, royalties, octroi dues and ground rents will gratifications, designs and drawings and estimated rates schedule documents required in connection with the work and the Executive Engineer for the purpose of identification, and shall be countersigned by contractors at the office of the Executive Engineer.

2. In the event of the tender being submitted separately by each partner thereof, or in the event of it shall be signed on his behalf by a person holding authority to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

Executive Engineer, Division (or his duly authorized assistant), Provincial Highway Division

Dated the \_\_\_\_\_ day of \_\_\_\_\_ 198 Thar at Mithi

Conditions of Contract

Clause 1.—The person whose tender may be accepted (hereinafter called the <sup>Persons</sup> contractor) shall (A) within one day for a contract of Rs. 1,000 or less, or two days for a contract of more than Rs. 1,000 upto Rs. 2,000 and so on, upto a limit of ten days, for a contract of Rs. 10,000 or more of the receipt by him of the notification of the acceptance of his tender) deposit with the Executive Engineer in cash or Government securities endorsed to Executive Engineer (if deposited for more than 12 months) a sum sufficient with the amount of the earnest money deposited by him with his tender to make up the full security deposit specified in the tender), or (B) (permit Government at the time of making any payment to him for work done under the contract to deduct such sum as will (with the earnest money deposited by him) amount to percent of all moneys so payable, such deductions to be held by Government by way of security deposit). Provided always that in the event of the contract or depositing a Lumpsum by way of security deposit as contemplated at (A) above, then and in such case, if the sum so deposited shall not amount to, 2/100 per cent of the total estimated cost of the work, it shall be lawful for Government at the time of making any payment to the contractor for work done under the contract to make up the full amount of 3/100 per cent by deducting a sufficient sum from every such payment as aforesaid. All compensation or other sums of money payable by the contractor to Government under the terms of his contract may be deducted from, or paid by the sale of a sufficient part of his security deposit, or from the interest arising therefrom, or from any sums which is due or may become due to the contractor under this contract and in the event of his security deposit being reduced by reason of any such deduction or sale as aforesaid the contractor shall, within ten days thereafter, make good in cash or with Government securities endorsed as aforesaid any sum or sums which may have been deducted from, or raised by sale of his security deposit or any part thereof. The security deposit referred to, when paid in cash, may, at the cost of the depositor, be converted into interest-bearing securities provided that the depositor has not withdrawn the same.

Security deposit.

T.S. Rs 1500000/-

Percentage Rate Tender and Contract for works Rs 3000/-

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hanging in the office of the Executive Engineer and signed by the Executive Engineer, and the details of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, the amount of earnest money to be deposited with the security deposit to be deposited by the successful tenderer, if any, to be deducted from bills. It will also state the rates for materials, labour, royalties, octroi dues and ground rents will be granted, designs and drawings and estimated rates schedule documents required in connection with the work. The Executive Engineer for the purpose of identification, and shall be countersigned by contractors at the office of the Executive Engineer.

2. In the event of the tender being submitted separately by each partner thereof, or in the event of a firm, it shall be signed on his behalf by a person holding authority to do so.

3. Receipts for payments made on account of any work, or for any other purpose, by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

Conditions of Contract

Clause 1.—The person whose tender may be accepted (hereinafter called the contractor) shall (A) within one day for a contract of Rs. 1,000 or less, or two days for a contract of more than Rs. 1,000 upto Rs. 2,000 and so on, upto a limit of ten days, for a contract of Rs. 10,000 or more of the receipt by him of the notification of the acceptance of his tender) deposit with the Executive Engineer in cash or Government securities endorsed to Executive Engineer (if deposited for more than 12 months) a sum sufficient with the amount of the earnest money deposited by him with his tender to make up the full security deposit specified in the tender), or (B) (permit Government at the time of making any payment to him for work done under the contract to deduct such sum as will (with the earnest money deposited by him) amount to percent of all moneys so payable, such deductions to be held by Government by way of security deposit). Provided always that in the event of the contract or depositing a Lumpsum by way of security deposit as contemplated at (A) above, then and in such case, if the sum so deposited shall not amount to, ..... 2/..... per cent of the total estimated cost of the work, it shall be lawful for Government at the time of making any payment to the contractor for work done under the contract to make up the full amount of ..... 3/..... per cent by deducting a sufficient sum from every such payment as aforesaid. All compensation or other sums of money payable by the contractor to Government under the terms of his contract may be deducted from, or paid by the sale of a sufficient part of his security deposit, or from the interest arising therefrom, or from any sums which is due or may become due to the contractor under this contract and in the event of his security deposit being reduced by reason of any such deduction or sale as aforesaid the contractor shall, within ten days thereafter, make good in cash or with Government securities endorsed as aforesaid any sum or sums which may have been deducted from, or raised by sale of his security deposit or any part thereof. The security deposit referred to, when paid in cash, may, at the cost of the depositor, be converted into interest-bearing securities provided that the depositor has

Security deposit.

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the amount of earnest money the security deposit to be deducted from, royalties, control dues and designs and drawings documents required in connection with the work. The Executive Engineer for the purpose by contractors at the office

2. In the event of the tender being signed by two or more partners, it shall be signed by each partner separately by each partner and it shall be signed on his behalf by him to do so.

3. Receipts for payments made on account of any work, shall also be signed by all the partners, except where the contractors are a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printer shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer, and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the mode of opening tenders and the time allowed for carrying out the work. The amount of earnest money to be deposited with the tender, the security deposit to be deposited by the successful tenderer, if any, to be deducted from bills. It will also state the conditions, designs and drawings and estimated rates schedule documents required in connection with the work shall be supplied to the tenderers by the Executive Engineer for the purpose of identification, and shall be signed by contractors at the office of the Executive Engineer.

2. In the event of the tender being submitted by a firm, it shall be signed on his behalf by a person holding a power of attorney to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

FORM B-I  
PUBLIC WORKS DEPARTMENT  
CIRCLE  
DIVISION

Percentage Rate Tender and Contract  
for Works

Stamp of - 5000/-

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, the time all the amount of earnest money to be deposited, the security deposit to be deposited by the tenderer, if any, to be deducted from bills. It will also state the rates, fees, royalties, cartage, and ground rents, designs and drawings and estimated quantities of materials and documents required in connection with the work. The Executive Engineer for the purpose of identification of the tenderers by contractors at the office of the Executive Engineer.

2. In the event of the tender being accepted, the tenderer shall separately by each partner thereof, or in the case of a firm, it shall be signed on his behalf by a person authorized by him to do so.

3. Receipts for payments made on account of any work, when executed by a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' of the memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No contractor shall tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time and the amount of earnest money to be deposited the security deposit to be deposited by the tenderer, if any, to be deducted from bills. It will also state the amount of earnest money to be deposited, if any, to be deducted from bills. It will also state the amount of earnest money to be deposited, if any, to be deducted from bills. It will also state the amount of earnest money to be deposited, if any, to be deducted from bills.

2. In the event of the tender being submitted by a firm, it shall be signed on his behalf by a person authorized by him to do so.

3. Receipts for payments made on account of a firm, shall also be signed by all the partners of the firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No contractor shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

FORM B-1  
PUBLIC WORKS DEPARTMENT

CIRCLE  
DIVISION

Percentage Rate Tender and Contract for Works Amount Rs 3000/-

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for the amount of earnest money to be deposited with the security deposit to be deposited by the successful tenderer, if any, to be deducted from bills. It will also state fees, royalties, royalties and ground rents will grant conditions, designs and drawings and estimated rates schedule documents required in connection with the work shall be submitted to the Executive Engineer for the purpose of identification, and shall be countersigned by the Executive Engineer.

2. In the event of the tender being submitted by a firm, it shall be signed on his behalf by a person holding authority to do so.

3. Receipts for payments made on account of a firm, shall also be signed by all the partners, except the partner who is the tenderer, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorised Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printer form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be executed, the amount of earnest money to be deposited, the security deposit to be deposited by the tenderer, if any, to be deducted from bills. It will also state the time for opening tenders and the time for depositing the security deposit. It will also state the amount of earnest money to be deposited, the security deposit to be deposited by the tenderer, if any, to be deducted from bills. It will also state the time for opening tenders and the time for depositing the security deposit.

2. In the event of the tender being accepted, the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

3. Receipts for payments made on behalf of a firm, shall also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

FORM B-I  
 PUBLIC WORKS DEPARTMENT  
 CIRCLE  
 DIVISION

Percentage Rate Tender and Contract  
 for works estimated Rs 1600/-

General Rules and Direction for the Guidance of Contractors

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for preparation and the amount of earnest money to be deposited with the Executive Engineer and the security deposit to be deposited by the tenderer. It will also state the amount of earnest money to be deposited by the tenderer, if any, to be deducted from bills. It will also state the amount of earnest money to be deposited by the tenderer, if any, to be deducted from bills. It will also state the amount of earnest money to be deposited by the tenderer, if any, to be deducted from bills.

2. In the event of the tender being submitted by each partner thereof, or in the event of the tender being submitted by a person acting on his behalf by a person authorized by him to do so.

3. Receipts for payments made on account of a firm, shall also be signed by all the partners of the firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' memorandum showing items of work to be carried out, he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No contractor shall include a tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule I. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer, concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders,

L (iii) 7/69-1

The above tender is hereby accepted by me on behalf of the Government of Sind. (Signature) Executive Engineer, Divisional Engineer (Assistant).

Dated the [blank] day of [blank] 198

Conditions of Contract

Clause 1.—The person whose tender may be accepted (hereinafter called the contractor) shall (A) within one day for a contract of Rs. 1,000 or less, or two days for a contract of more than Rs. 1,000 upto Rs. 2,000 and so on, upto a limit of ten days, for a contract of Rs. 10,000 or more of the receipt by him of the notification of the acceptance of his tender) deposit with the Executive Engineer in cash or Government securities endorsed to Executive Engineer (if deposited for more than 12 months) a sum sufficient with the amount of the earnest money deposited by him with his tender to make up the full security deposit specified in the tender), or (B) permit Government at the time of making any payment to him for work done under the contract to deduct such sum as will (with the earnest money deposited by him) amount to percent of all moneys so payable, such deductions to be held by Government by way of security deposit). Provided always that in the event of the contract or depositing a Lumpsum by way of security deposit as contemplated at (A) above, then and in such case, if the sum so deposited shall not amount to, ..... per cent of the total estimated cost of the work, it shall be lawful for Government at the time of making any payment to the contractor for work done under the contract to make up the full amount of ..... per cent by deducting a sufficient sum from every such payment as has aforesaid. All compensation or other sums of money payable by the contractor to Government under the terms of his contract may be deducted from, or paid by the sale of a sufficient part of his security deposit, or from the interest arising therefrom, or from any sums which is due or may become due to the contractor under this contract and in the event of his security deposit being reduced by reason of any such deduction or sale as aforesaid the contractor shall, within ten days thereafter, make good in cash or with Government securities endorsed as aforesaid any sum or sums which may have been deducted from, or raised by sale of his security deposit or any part thereof. The security deposit referred to, when paid in cash, may, at the cost of the depositor, be converted into interest-bearing securities provided that the depositor has

Security deposit.

Percentage Rate Tender and Contract  
 for Works

General Rules and Direction for the Guidance of Contractors

Stamp duty Rs 1200/-

1. All work proposed to be executed by contract shall be notified in a form of invitation to tender posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer, and the detailed of the works to be tendered will be supplied to the prospective tenderers on their request.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the amount of earnest money to be deposited with the successful tenderer, the security deposit to be deposited by the successful tenderer, if any, to be deducted from bills. It will also state the amount of earnest money to be deposited with the successful tenderer, if any, to be deducted from bills. It will also state the security deposit to be deposited by the successful tenderer, if any, to be deducted from bills. It will also state the amount of earnest money to be deposited with the successful tenderer, if any, to be deducted from bills. It will also state the security deposit to be deposited by the successful tenderer, if any, to be deducted from bills.

2. In the event of the tender being submitted by a firm, it shall be signed on his behalf by a person holding a power of attorney from him to do so.

3. Receipts for payments made on account of any work shall also be signed by all the partners, except in the case of a firm, in which case the receipt shall be signed in the name of the firm by one of the partners, or by some other person having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up the usual printed form, stating at what percentage above or below the rates specified in Schedule 'B' he is willing to undertake the work. Only one rate of such percentage, on all the estimated rate/schedule rates shall be framed. Tenders, which propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No contractor shall be allowed to tender for more than one work, but if contractors wish to tender for two or more works they shall submit a separate tender for each. Tenders shall have name and number of the work to which they refer written outside the enveloped.

5. The Executive Engineer or his duly authorized Assistant shall open tenders in the presence of contractors who have submitted tenders or their representatives who may be present at the time, and he will enter the amount of the several tenders in a comparative statement in a suitable form. In the event of a tender being accepted, the contractors shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for return of the money.

6. The Officer, competent to dispose of the tender shall have the right of rejecting all or any of the tenders.
