The main objective of the Khairpur Special Economic Zone (KSEZ) Project is to strengthen the industrial base of Sindh, to improve the regional economic conditions and to develop Khairpur as a future hub of Agro processing and other related industries. The Zone, being in the proximity of date growing areas, is ideal for setting up date processing and packaging plants for exporting different varieties of dates as a value-added product in the international market. It is designed to bring about a socio-economic revolution in Khairpur District in particular and in the entire region in general.

5. EXAMINATION AND EVALUATION OF BIDS

Scrutiny based on original copies of Bids was carried out to check if the Bids received were responsive and in accordance with the terms and conditions of the Bidding Documents.

The scope of evaluation has been broadly divided into three areas:-

- Contractual Evaluation
- Technical Evaluation
- Financial Evaluation

5.1 Contractual Evaluation

5.1.1 Preliminary Examination Requirements

A check list for Preliminary Examination Requirements updated on the received information is enclosed at "Annexure D" based on "Bid Submission requirement and Eligibility Criteria" as stated in "Notice Inviting Tender" and Bidding Document.

Hence going through Annexure-D, we conclude that both the Bidders are enlisted in PEC Specialization category CE-10 but are not enlisted in CE-02, as was required in the NIT. However, Blue Stone Associates, the lowest bidder submitted documentary evidence of having carried out about 1200 Nos. piles which is attached to this report as Annexure "G".

It is noted that Blue Stone Associates has not filled the "Form of Bid" and this being not a major deviation as per IB 16.6 does not make the bid un-responsive.

5.1.2 BID SECURITY

Bid Securities submitted by the bidders along with their Bids are as per requirement of the Bidding Documents. (Copies of Bid securities are enclosed at Annexure "E")

5.1.3 SCRUTINY OF BILL OF QUANTITIES

Following is the methodology adopted for Scrutiny of Bill of Quantities in this Bid Evaluation

- First of all the Bid Security is checked and if any bidder is found short of it, his bid is rejected,
- All arithmetical errors are corrected,
- Comparison is done on the basis of Permanent Works including Preliminaries,
- The comparison is done after applying any rebate on the arithmetically corrected total amount as offered by any bidder.
- The lowest Bidder's rates are compared with Engineer's Estimate,
- The rates of all other Bidders are also compared with Engineer's Estimate and with those of the lowest Bidder as well.

i) Bid Submitted by M/s. Blue Stone Associates.

After checking of arithmetical errors, they stand as the lowest bidder with their Bid Amounting to **Rs. 23,888,900/-** for the Works.

Following arithmetical errors found in their bid have been corrected.

Discipline	BOQ_Page No.	Item No.
Civil works	4	Sum

Bid Security in the form of Pay Order from Summit Bank amounting to Rs. 480,000/- was submitted by the bidder as recorded in the Bid Opening Report.

As compared with the Engineer's Estimate of **Rs. 32,785,105/-**, their bid amount is **Rs. 23,888,900/-** which is **27 % lower** than Engineer's Estimate.

ii) Bid Submitted by M/s. Waliullah Bhutto

After checking of arithmetical errors, they stand as the highest bidder with their Bid Amounting to **Rs. 33,901,483/-** for the Works.

As such there is no Arithmetical error in their bid.

Bid Security in the form of Cheque from Allied Bank Limited amounting to Rs. 717,492/- was submitted by the bidder as recorded in the Bid Opening Report.

As compared with the Engineer's Estimate of **Rs. 32,785,105/-** their bid amount is **Rs. 33,901,483/-** which is **3.40% higher** than Engineer's Estimate whereas when compared with the lowest bidder their amount is **42% higher**.

After the above exercise the Bidders position is shown as:

S.No:	CONTRACTOR	BID AMOUNT (Rs.)
1	M/s Blue Stone Associates.	23,888,900
2	M/s Waliullah Bhutto	33,901,483

5.2 TECHNICAL EVALUATION

On perusal of all the bids, it is noted that both the Bidders have not fulfilled the requirements of Instruction to Bidders Sub-Clause I.B 8 (c & g) as noted in Technical Evaluation enclosed as "Annexure-F". This is not a major deviation as per IB 16.6 to make the bid un-responsive and the information can be sought from the lowest evaluated bidder at the time of award of the work.

5.2 FINANCIAL EVALUATION

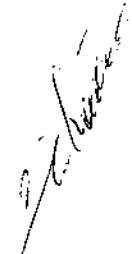

Scrutiny of the rates quoted by the Bidders was carried out and Comparative Statement with copies of Bill of Quantities enclosed at "Annexure-H"

6. CONCLUSION

The Bids are compared against Engineer's Estimate (EE) based on Market Rates. The complete detail of Bid Comparative Statement is shown at Annexure-H. After the detailed scrutiny of all the above bids, the bid of M/s Blue Stone Associates stands as the lowest bid and is 27 % lower than the E.E.

7. RECOMMENDATION

In the light of the above, we recommend that the work to be awarded to the lowest bidder, Blue Stone Associates, at the corrected bid amount of Rs 23,888,900.00 to avoid the re-tendering process for the third time but an undertaking must be obtained that they make a suitable arrangement for the Piling Works and further undertake to complete the Work within scheduled time of completion by mobilizing specific recourses independent of other Packages of the scheme in hand.
