INVITATION TO TENDER

Percentage Rate - one third contract for works

General Rules and Directives for the Guidance of Contractors

1. All work proposed to be executed shall be fully detailed in the specification to be later posted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer.

This form will state the work to be done, the date for submitting and opening tenders, and the time allowed for carrying out the work. The amount of estimated money to be deposited with the tender, and the amount of the deposit to be deposited by the successful tender and the percentage, if any, to be deducted and if it is returned, whether a refund of quarry fees, royalties, petrol charges and other expenses be granted. Copies of the specifications, designs and drawings and estimated bills of materials and any other documents required in connection with the work shall be made available to all persons for the purpose of obtaining bids and shall also be open for inspection of your office during the normal office hours.

2. In the event of the tender being returned by a firm, it must be signed separately by each partner thereof, or in the event of the firm being a partnership, it must be signed by a person holding a power of attorney and validly attested.

3. Receipts for payments made on account of any work when also be signed by all the partners, except where the contractor is a sole proprietor, in which case the receipts shall be signed in the name of the firm by some other person having authority to receive and to receive payment for the

4. Any person who submits a tender shall fill up the margin part percentage above or below the rates specified in the bill of materials and to be carried out by him or his agent. If he is willing to undertake the work at any rates below the estimated rates/schedule rates shall be invited. In all tenders, the conditions specified in the said form of invitation to tender, or any conditions allowed for which contain any other conditions, will be taken to be the conditions for a tender for more than one week, but if the contractor wishes to tender for a lower price, he shall submit a separate tender for each. Tenderers shall have to name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer of the only authority awarded shall be present in the presence of contractors who have submitted tenders and their representative shall be present at the time, and he will enter the amount of the bids of the tenders in a comparative statement in a suitable form. In the event of a tender being accepted, the contractor shall, for the purpose of identification, sign copies of the specifications and other documents referred to in the event of a tender being rejected, the Executive Engineer shall authorize the University Accounts Department to refund the amount of the deposit, or to be repaid to the contractor for making the tender, or his giving a receipt for the refund.

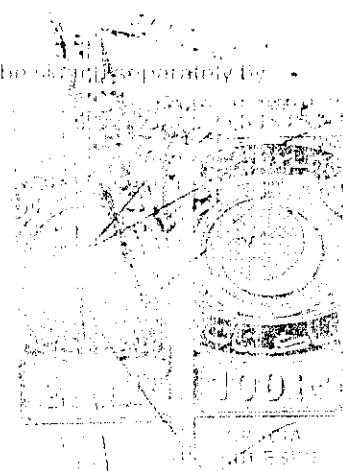

6. The officer in-charge of the tenders shall have the right of rejecting all or any of the tenders.

7. No receipt for any payment made by or for the contractor in any matter relating to this tender or the contract shall be given, including any the University Accounts Department, signed by the Executive Engineer.

8. The memorandum of conditions of tender and specifications to be supplied by the University shall be made available to all persons for the purpose of obtaining bids, and before the tender form is issued, the contractor shall be allowed to inspect the same and if necessary, he shall request for clarification of the same during the office hours of his tender.

9. All work shall be executed in accordance with the specifications and drawings and shall be subject to the Public Works Department.

10. The contractor shall be responsible for the maintenance of the work during the progress of the work.
