✓ The Manager (Reforms)
Sindh Public Procurement Regulatory Authority
Karachi.

Subject: NIT NO.SKP/TWD-I/HALA/ 656, DATED 16-03-2015.

Reference: SPPRA's Karachi letter No.Dir(REF)/349/SPPRA/37-1(TWD/HALA)/14-15 /18577, DATED 15-05-2015

Refer letter captioned under reference, the annotated replies of the observations raised in respect of subject NIT are as under:-

S. No.	Observation	Reply
i)	Prequalification process is allowed only for specific work / project / scheme in terms of Rule-27(2)(a) of SPP Rules, 2010 (Amended 2013). In the instant case prequalification was carried out by PD SCARP for different works regrouped all into one.	It is fact that the Prequalification process is allowed only for specific work / Project / Scheme in term of Rule-27(2) (a) of SPP Rule 2010 (Amended 2013) but due to the emergent nature of work and shortest time and the works will be executed before the Monsoon to save the public and private infrastructure.
ii)	In Prequalification Notice PD SCARP has asked for PEC registration in category C-3, which covers the amount 150-400 million, whereas at NIT stage PA has segregated the works in different parts having amount of as less as 4.00 million, hence, contractors registered in category PEC – 6 who were also eligible for the subject work have been discriminated, PA has thus violated the Rule-44 of SPP Rules, 2010 (Amended-2013).	It is fact that the Prequalification notice called from PEC Registration in Category C-3 but due to the emergent nature of work also the Abkalani / Monsoon Season has already been commenced and time is too short to provide access to the left over packets for immediate disposal of effluent to save the public and private infrastructure, to provide relief to the inhabitants of the catchment area being left over packets.
iii).	The Procuring Agency (PA) has split the works (mentioned in the prequalification notices) in various parts and evaluated as well as recommended all the works separately which is not inconsonance with the spirit of prequalification as well as SPP Rules, 2010 (Amended 2013).	The work has not been split. According to SPP Rule 11(2) review & update to complete the project within specified time and economically the work was divided in the packages without changing Prequalification criteria.
iv).	Prequalification Notice issued by PD SCARP has not envisaged the estimated costs of various works as per standard templates for prequalification notice of SPPRA guidelines.	The estimated cost of various works has already been mentioned in prequalification documents.

v)	Neither any work is of large & complex nature nor short listing has been done for the specific assignment as provided by Rule-27(1) of SPP Rules, 2010 (Amended-2013)	Short listing was carried out in specific assignment as provided by under Rule 27(1) of SPP Rules, 2010 (Amended-2013), due to emergent nature of work and time constraint the work in necessarily to be carried out before Monsoon season 2015. The work was assigned as per packages for early execution of work to provide relief to the inhabitants of the catchment area being left over packets not covered under any Drainage Scheme.
vi).	PA has failed to provide bidding document for hoisting in terms or Rule-21(4) & 24(2) of SPP Rules 2010.	The Bidding documents has already been submitted with SPPRA along with NIT Dated: 16-05-2015
vii).	PA has also failed to furnish Attendance Sheet of bidders, Minutes of bid opening meeting and Bidders Qualification Report in terms of relevant provisions of SPP Rules 2010.	Copies enclosed

It is further stated that the works invited are of emergent nature, as the abkalani season has already been commenced, and if the works under subject NIT are not executed before Monsoon 2015, there is apprehension, that there will be devastation in catchment. In order to save the public & private infrastructure, and losses sustained by Exchequer, it is requested in the interest of justice to reexamine the documents due to time constraints.

Request is made in the interest of justice/work.
