 DIVISION

Items Rate Tender and Contract
 For Worker

All work proposals to be presented by a contractor to the Assistant Engineer or Divisional Officer posted on a Form, having in its office of the Executive Engineer and signed by the

Stamp
 and
 District

Any person who submits a tender shall state in each item of the work, the quantities, stating at what rate he is willing to undertake each item of the work. Tenders which propose any alteration in the work specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions of any sort, will be liable to rejection. No single tender shall include more than one work, but contractors who wish to tender for two or more works shall submit a separate tender for each. Tenders shall have the name and number of the work to which they refer written outside the envelope.

5. The Executive Engineer or his duly authorized Assistant will open tenders in the presence of any intending contractor who may be present at the time, and will enter the amounts of the several tenders in a comparative statement in a suitable form. In the event of a tender being accepted, the contractor shall thereupon, for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected, the Divisional Officer shall authorize the Treasury Officer concerned to refund the amount of the earnest money deposited to the contractor making the tender, on his giving a receipt for the return of the money.

6. The Officer competent to dispose of the tenders shall have the right of rejecting all or any of the tenders.

7. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Government, unless it is signed by the Executive Engineer.

8. For any machinery or work to be tendered for and the schedule of materials to be supplied by the Public Works Department and their rates shall be filled in and completed by the officer of the Executive Engineer before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed, he shall request the said office to have this done before he completes and delivers his tender.

9. All work shall be measured not by standard measure and according to the rules and customs of the Public Works Department, without reference to any contract or award.

10. No contractor shall be entitled to claim enhanced rates for any work done.
