Manager (Procurement)

TORs for Individual Consultants
SHORT TERM CONSULTANCIES:

Consultancy for: Profiling of 150 Schools

Duration of Consultancy: 70 to 90 days

Reporting Line: Director, POR

Terms of Reference:

The Consultant will be required to carry out the following main task during the consultancy duration:

- *Undertake visits to 150 randomly selected schools across the target districts for assessing current status of schools on key indicators i.e. student enrolment, head count, teacher regularity, presence of trained teacher(s), availability and maintenance of basic amenities (clean drinking water and functional toilet), infrastructure conditions of the school building.*

Sub tasks are enumerated below:

- Development of data collection tool for information gathering from the schools. The draft tool will be submitted to the Supervisor (in this case Director POR) for review and feedback based on which it will be finalized by the Consultant.
- A detailed field plan will be developed and submitted to the Supervisor for review and feedback based on which it will be finalized by the Consultant. The field plan should essentially entail a comprehensive school wise itinerary of visits.
- A data analysis and reporting framework will be prepared and submitted for review and finalization to the Supervisor based on which it will be finalized by the Consultant. The purpose of the framework will be to highlight how data was collected from the field will be tabulated for analyses and how key findings will be reported.

Consultancy Deliverable:

A comprehensive consultancy report entailing:

- Narratives
- Key findings
- Profile of each school visited
