Expression of Interest – Youth Organizations Online Web Portal

Sports & Youth Affairs Department, Government of Sindh in collaboration and partnership with the Habib University Foundation (H.U.F.), has initiated a project titled "YES" – "Youth Empowering Spaces" – an innovative youth development framework aspiring to create inspiring learning and growing spaces and to provide youth with opportunities to become personally, socially and economically empowered. YES recognizes empowerment as a multidimensional process enabling youth to gain personal power and confidence to manage and improve their own lives and the lives of their families and communities in a conscious, proactive and self-controlled way. YES program is being implemented in Karachi, Jamshoro, Dadu and Khairpur.

Scope of the Services Required

There a numerous youth organizations and groups (formal and informal) working for youth empowerment in Pakistan. There is no centralized database available through which the information about these groups / organizations and their services could be made available to donors or funding organizations. YES is planning to develop an online web portal to meet the following objectives:

- Create a Directory of all Youth groups functioning in Pakistan currently (registered or un registered) and making it available in print and electronic form

- Identify potential youth groups working in Sindh esp. in non Karachi Districts and explore possibilities of partnering with them based on YES core themes

- Promote YES programs and events through these youth groups.

- Interact & collaborate with youth groups via their facilitation reach out to more youth in different areas

Services of a web application developer is required to undertake the following tasks:

1. In collaboration with YES Team develop an online web application along with administration panel.
2. Carry out detailed needs analysis of reporting requirements and design the same.
3. Complete the project and make it functionally available.

The complete CMS portal (front end and back end) is required to be developed with the following tools

- PHP
- MYSQL
- Or customizable open source including 1 year domain hosting.

What needs to be submitted?
