## PROCUREMENT OF WORKS

(For contracts costing up to Rs.2.5 Million)

(Website N.I.T)

**NAME OF WORK : EMERGENT REPAIR AND REWINDING OF (40HP) HMA SUBMERSIBLE PUMP AND ELECTRICAL MECHANICAL WORK INSTALLED AT UC-36 P/S PUMP NO. 2 EJECTOR-19 PUMPING STATION AND GHOSHIA PUMPING STATION SPD-II LYARI**

Name of Office

**CHAKIWARA PUMPING DIVISION II**

**CHAKIWARA PUMPING STATION LYARI.**

**Executive Engineer, contact # 0300-2270833**

## **Instructions to Bidders/ Procuring Agencies.**

### **General Rules and Directions for the Guidance of Contractors.**

This section of the bidding documents should provide the information necessary for bidders to prepare responsive bids, in accordance with the requirements of the Procuring Agency. It should also give information on bid submission, opening and evaluation, and on the award of contract.

Matters governing the performance of the Contract or payments under the Contract, or matters affecting the risks, rights, and obligations of the parties under the Contract are included as Conditions of Contract and Bidding *Data*.

The *Instructions to Bidders* will not be part of the Contract and will cease to have effect once the contract is signed.

**1. Notice Inviting Tender/ Invitation for Bid:** All work proposed to be executed by contract shall be notified in a form of Notice Inviting Tender (NIT)/Invitation for Bid (IFB) hoisted on website of Authority and Procuring Agency and also in printed media where ever required as per rules.

NIT must state the description of the work, dates, time and place of issuing, submission, opening of bids, completion time, cost of bidding document and bid security either in lump sum or percentage of Estimated Cost/Bid Cost. The interested bidder must have valid NTN also.

**2. Content of Bidding Documents:** It must include but not limited to: Conditions of contract, Contract Data, specifications or its reference, Bill of Quantities containing description of items with scheduled/item rates with premium to be filled in form of percentage above/ below or on item rates to be quoted, Form of Agreement and drawings.

**3. Fixed Price Contracts:** The Bid prices and rates are fixed during currency of contract and under no circumstance shall any contractor be entitled to claim enhanced rates for any item in this contract.

**4. Right of Rejection:** The Procuring Agency shall have right of rejecting all or any of the tenders as per provisions of PPRA Rules.

**5. Conditional Offer:** Any person who submits a tender shall fill up the usual printed form stating at what percentage above or below on the rates specified in Bill of Quantities for items of work to be carried out: he is willing to undertake the work and also quote the rates for those items which are based on market rates. Only one rate of such percentage, on all the Scheduled Rates shall be framed. Tenders, which propose any alternative in the works specified in the said form of invitation to tender or in the time

allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractor wish to tender for two or more works, they shall submit a separate tender for each.

The envelope containing the tender documents shall refer the name and number of the work.

**6. Measurements:** All works shall be measured by standard instruments according to the rules.

**7. Evidence of Eligibility:** Bidders shall provide evidence of their eligibility as and when requested by the Procuring Agency.

**8. Late submission of bids:** Any bid received by the Agency after the deadline for submission of bids shall be rejected and returned unopened to the bidder.

**9. Eligibility criteria:** Prior to the detailed evaluation of bids, the Procuring Agency will determine whether the bidder fulfills all codal requirements of eligibility criteria given in the tender notice such as registration with tax authorities, registration with PEC (where applicable), turnover statement, experience statement, and any other condition mentioned in the NIT and bidding document. If the bidder does not fulfill any of these conditions, it shall not be evaluated further.

**10. Bid security:** Bid without bid security of required amount and prescribed form shall be rejected.

**11. Arithmetical errors:** Bids determined to be substantially responsive shall be checked for any arithmetic errors. Arithmetical errors shall be rectified on the following basis:

- (A) **In case of schedule rates,** the amount of percentage quoted above or below will be checked and added or subtracted from amount of bill of quantities to arrive the final bid cost.
- (B) **In case of item rates,** if there is a discrepancy between the unit rate and the total cost that is obtained by multiplying the unit rate and quantity, the unit rate shall prevail and the total cost will be corrected unless in the opinion of the Agency there is an obvious misplacement of the decimal point in the unit rate, in which case the total cost as quoted will govern and the unit rate corrected. If there is a discrepancy between the total bid amount and the sum of total costs, the sum of the total costs shall prevail and the total bid amount shall be corrected.

Executive Engineer

Authority Issuing Bidding Document.

## Conditions of Contract

**Clause – 1: Commencement & Completion Dates of work.** The contractor shall not enter upon or commence any portion or work except with the written authority and instructions of the Engineer-in-charge or of in subordinate-in-charge of the work. Failing such authority the contractor shall have no claim to ask for measurements of or payment for work.

The contractor shall proceed with the works with due expedition and without delay and complete the works in the time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. And further to ensure good progress during the execution of the work, contractor shall be bound, in all in which the time allowed for completion of any work exceeds one month, to achieve progress on the prorate basis.

**Clause – 2: Liquidated Damages.** The contractor shall pay liquidated damages to the Agency at the rate per day stated in the bidding data for each day that the completion date is later than the intended completion date; the amount of liquidated damage paid by the contractor to the Agency shall not exceed 10 per cent of the contract price. Agency may deduct liquidated damages from payments due to the contractor. Payment of liquidated damages does not affect the contractor's liabilities.

### **Clause – 3: Termination of the Contract.**

**(A)** Procuring Agency/Executive Engineer may terminate the contract if either of the following conditions exists:-

- (i) contractor causes a breach of any clause of the Contract;
- (ii) the progress of any particular portion of the work is unsatisfactory and notice of 10 days has expired;
- (iii) in the case of abandonment of the work owing to the serious illness or death of the contractor or any other cause;
- (iv) contractor can also request for termination of contract if a payment certified by the Engineer is not paid to the contractor within 60 days of the date of the submission of the bill;

**(B)** The Executive Engineer/Procuring Agency has power to adopt any of the following courses as may deem fit:-

- (i) to forfeit the security deposit available except conditions mentioned at A(iii) and (iv) above;
- (ii) to finalize the work by measuring the work done by the contractor.

(C) In the event of any of the above courses being adopted by the Executive Engineer/Procuring Agency, the contractor shall have:-

- (i) no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials, or entered into any engagements, or made any advances on account of, or with a view to the execution of the work or the performance of the contract,
- (ii) however, the contractor can claim for the work done at site duly certified by the executive engineer in writing regarding the performance of such work and has not been paid.

Procuring Agency Engineer may invite fresh bids for remaining work.

**Clause – 4: Possession of the site and claims for compensation for delay.** The Engineer shall give possession of all parts of the site to the contractor. If possession of site is not given by the date stated in the commencement order, no compensation shall be allowed for any delay caused in starting of the work on account of any acquisition of land, water standing in borrow pits/ compartments or in according sanction to estimates. In such case, either date of commencement will be changed or period of completion is to be extended accordingly.

**Clause – 5: Extension of Intended Completion Date.** The Procuring Agency either at its own initiatives before the date of completion or on desire of the contractor may extend the intended completion date, if an event (which hinders the execution of contract) occurs or a variation order is issued which makes it impossible to complete the work by the intended completion date for such period as he may think necessary or proper. The decision of the Executive Engineer in this matter shall be final. Where time has been extended under this or any other clause of this agreement, the date for completion of the work shall be the date fixed by the order giving the extension or by the aggregate of all such orders, made under this agreement.

When time has been extended as aforesaid, it shall continue to be the essence of the contract and all clauses of the contract shall continue to be operative during the extended period.

**Clause – 6: Specifications.** The contractor shall execute the whole and every part of the work in the most substantial and work-man-like manner and both as regards materials and all other matters in strict accordance with the specifications lodged in the office of the Executive Engineer and initialed by the parties, the said specification being a part of

the contract. The contractor shall also confirm exactly, fully and faithfully to the designs, drawing, and instructions in writing relating to the work signed by the Engineer-in-charge and lodge in his office and to which the contractor shall be entitled to have access at such office or on the site of work for the purpose of inspection during office hours and the contractor shall, if he so requires, be entitled at his own expense to make or cause to be made copies of the specifications, and of all such designs, drawings, and instructions as aforesaid.

**Clause - 7: Payments.**

**(A) Interim/Running Bill.** A bill shall be submitted by the contractor as frequently as the progress of the work may justify for all work executed and not included in any previous bill at least once in a month and the Engineer-in-charge shall take or cause to be taken the requisite measurements for the purpose of having the same verified and the claim, as far as admissible, adjusted, if possible before the expiry of ten days from the presentation of the bill, at any time depute a subordinate to measure up the said work in the presence of the contractor or his authorized agent, whose countersignature to the measurement list will be sufficient to warrant and the Engineer-in-charge may prepare a bill from such list which shall be binding on the contractor in all respects.

The Engineer-in-charge shall pass, certify the amount to be paid to the contractor, which shall be considered final and payable in respect thereof, subject to deduction of security deposit, advance performance money made to him and taxes.

All such intermediate payment shall be regarded as payments by way of advance against the final payment only and not as payments for work actually done and completed, and shall not preclude the Engineer-in-charge from recoveries from final bill and rectification of defect and unsatisfactory items of works pointed out to him during defect liability period.

**(B) The Final Bill.** A bill shall be submitted by the contractor within one month of the date fixed for the completion of the work otherwise Engineer-in-charge's certificate of the measurements and of the total amount payable for the works shall be final and binding on all concerned.

**Clause - 8: Reduced Rates.** In cases where the items of work are not accepted as so completed, the Engineer-in-charge may make payment on account of such items at such reduced rates as he may consider reasonable in the preparation of final or on running account bills with reasons recorded in writing.

**Clause - 9: Issuance of Variation and Repeat Orders.**

**(A) Agency may issue a Variation Order** for procurement of works, physical services from the original contractor to cover any increase or decrease in quantities, including the

introduction of new work items that are either due to change of plans, design or alignment to suit actual field conditions, within the general scope and physical boundaries of the contract.

(B) Contractor shall not perform a variation until the Procuring Agency has authorized the variation in writing subject to the limit not exceeding the contract cost by of 15% on the same conditions and respects on which he agreed to do them in the work, and at the same rates, as are specified in the tender for the main work. The contractor has no right to claim for compensation by reason of alterations or curtailment of the work.

(C) in case the nature of the work in the variation does not correspond with items in the Bill of Materials, the estimation by the contractor is to be in the form of new rates for the relevant items of which one of the Engineer-in-charge is satisfied that the rate quoted is within the rate worked out by him on detailed rate analysis, and then only he shall allow him that rate for approval from higher authority.

(D) The time for the completion of the work shall be extended in the proportion that the additional variation bears to the main contract work.

(E) In case the quantities of work executed result the Initial Contract Price to be exceeded by more than 15%, the Engineer can adjust the rates for those quantities causing excess the cost exceeding beyond 15% after approval of Superintending Engineer.

(F) Any variation of more than 15% beyond the 15% of initial contract amount, shall be subject of a separate contract to be worked out if the works are separable from the original contract.

#### Clause 5 - Inspection and Tests

(A) Immediately before the expiry of the security deposit is refunded to the contractor and before the final period of retention in bid data, the Engineer-in-charge or his authorized representative of the works may demand the contractor to uncover and test any part of the work which he considers may have a defect due to use of unsound materials or workmanship. He may require the contractor to carry out a test at his own cost if he expects to find workmanship approved for work.

(B) Contractor shall be bound to rectify or remove any construction work specified in whole or in part, as the case may require. The contractor shall correct the notified defect within the Defects Correction Period mentioned in the bill.

#### (C) Unsoundness of Materials

(1) In the event of any such failure, the Engineer-in-charge shall give the

contractor at least 14 days' notice of his intention to use a third party to correct a defect. He may rectify or remove, and re-execute the work or remove and replace the materials or articles complained of as the case may be at the risk and expense in all respects of the contractor.

- (ii) If the Engineer considers that correction of a defect is not essential and it may be accepted or waived, he shall be within his discretion to accept the same, such rectification or he may fix therefore.

**Clause 17.1 (Access to Work)** The contractor, his engineer and his subordinates, shall at all reasonable times have access to the site for supervision and inspection of work under or in connection with the execution of the contract and the contractor shall afford every facility for such assistance, reserving the right to such access.

**(B) Dates for Inspection and Testing.** The Engineer shall give the contractor reasonable notice of the intention of the Engineer, his agent or his subordinate to visit the work shall have been given to the contractor, the contractor himself be present to receive orders and instructions, or having a representative duly accredited in writing present for that purpose, or a person duly authorized by a written agent shall be considered to have the same force and effect as if they had been given to the contractor himself.

**Clause 17.2 (Measurement of Work)** The contractor shall

(A) If any work is situated at a height or in a position out of view/beyond the reach without giving any notice to the Engineer, the contractor shall be ready for examination and the Engineer shall, without giving any notice, find it unnecessary and advises the contractor accordingly, and the contractor shall be responsible for examining and measuring such part of the works or excavation and its foundation as is

(B) If any work is out of view or situated beyond the reach of measurement without such notice having been given, the same shall be measured at the contractor's expense, and in default thereof no payment shall be made for such work, or for the materials or labour used thereon.

**Clause 17.3 (Retention of Money)** The contractor shall be responsible for all risks of loss of or damage to physical property, and of the contents of the premises and of personal injury and death or other loss, and for the consequences of his performance of the contract, if any claim or demand is made or becomes apparent within three months after the date of completion, final or otherwise, the contractor shall make good the same, and in default the Engineer may cause the same to be made good, and the contractor shall be liable for the expenses from retention money lying with the Engineer.

Clause 15. The Contractor shall prevent all fire and safety **measures**. The contractor shall not set fire to any standing jungle trees, bush-wood or grass without a written permit from the Hyderabad Engineer. When such permit is given, and also in all cases when despoiling, cutting or uprooting trees, bush-wood, grass, etc by fire, the contractor shall take necessary measures to prevent and stop spreading to or otherwise damaging surrounding property. The contractor is responsible for the safety of all its activities including protection of the environment and animals of the site. Compensation of all damage done intentionally or inadvertently on or off the site by the contractor's labour shall be paid by him.

Clause 16. The Contractor shall not subcontract the whole of the work, nor shall he assign the whole of the contract. The contractor shall not subcontract any part of the work without the written consent of the Engineer. Any such contract shall not release the contractor from his liability or obligation under the contract and he shall be held liable for the negligence and neglects of any subcontractor, his agents or employees, if the results or neglects were those of the contractor. The provisions of this contract shall apply to subcontractors and their employees of the contractor.

Clause 17. Any dispute arising in connection with the present contract, and which cannot be amicably settled between the parties, the decision of the Superintending Engineer, Hyderabad, or the authority higher to awarding authority shall be final. The Superintending Engineer shall be referred to the contract upon all questions relating to the interpretation of the contract, drawings, and instructions, but he shall not be liable for any error or omission, or materials used on the work, or for the execution of any contract, or thing whatsoever in any way arising out of or connected with the contract, drawings, specifications, estimates, instructions, or any other documents or things concerning the work, or the execution of the contract, or any thing arising, during the progress of the work, or at any time thereafter.

Clause 18. In the course of the work, the contractor shall be liable to stop work at any time, if so ordered by the Engineer in-charge. If such order is given, the work shall be given nor shall the work be resumed until the Engineer in-charge shall have removed all temporary structures and all other things which are not for operation for title, including earth, trees, etc. The contractor shall be liable to comply with the requirements of the law, and shall be liable for the expense of the contractor remove and deposit the same in a safe place. The amount of all expenses so incurred shall be paid by the Engineer in-charge. The contractor shall have no claim in respect of any such expenses, or for any sum actually realized by the State.

Contractor shall be liable for the above said amount.

(A) For the above said amount, the contractor shall

(B) be liable for the above said amount for the period of 12 months.

The contractor shall be liable only against imperishable materials and utilities which are consumed/utilized on the work within the period of 12 months after the date of issue of secured advance and will be liable for the purchase of materials for the entire period of 12 months. The value of materials on site shall not exceed the amount of secured advance.

The contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance. The contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance. The contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance.

Contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance. Any sum due to the Government by the contractor shall be paid to the Government of Land Revenue.

Contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance. On completion of the work, the contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance. The contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance. The contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance.

Official Accountant

Contractor shall be liable for the above said amount for the period of 12 months after the date of issue of secured advance. Engineer/Project In-charge

**Evaluation Criteria Sheet**  
**in Terms of Rule-21-A of SPP Rules 2010 (amended 2013).**

- 1- Contractor should registered with Sindh Revenue Board (SRB), for Income Tax, Sale Tax and registered with Pakistan Engineering Council (where applicable) and copy must be available with tender.
2. The Pay Order of Bid security as mentioned in M/E and must be attached with the tender.
3. 5 years experience certificate of similar nature of job must be available with the tender.
4. Turnover Statement at least last three years i.e. minimum amount of Rs. 30,00,000.
5. Similar nature of Bidding Document form of SPPRA with filled Bidding Data must be available with BOQ otherwise the tender cannot be accepted.
6. Rate must be quoted in figure & Words by contractor.
7. Bid shall be properly signed by contractor with stamped, address and contact No. etc.
8. If the estimate are based on Selv 2011 and premium can be allowed within allowable limit.
9. If the estimate are preparing on M/R and 10% profit is included in L.V & excess quoted cost cannot be consider.
10. Conditional bid cannot be accepted.
11. Bid must be submitted in sealed cover.
12. Contractor firm should not be debarred in KW&S.

Dated: 15-03-2013

### OFFICE ORDER

In pursuance of Rule-07 of the Sindh Public Procurement Rules, 2010, instruction of SPPRA communicated vide No.Dir(Ent-I)/SPPRA/1-3/(GEN)/12-13/8001, dated: 26-02-2013 and with the approval of Managing Director, KW&SB, Procurement Committee is hereby re-constituted for performing the functions prescribed in Rule-08 of Rules ibid for the works for which evaluation report required to be hoisted on Sindh Public Procurement Authority's Web Site, as under:

S.No	Nominee	Position in P.C
1	Chief Engineer (IPD)	Convener
2	Chief Engineer (Concerned)	Member
3	Representative of D.G (TS) KMC	Member
4	Representative of Finance Advisor, KMC	Member
5	Accounts Officer (Concerned)	Member / Secretary

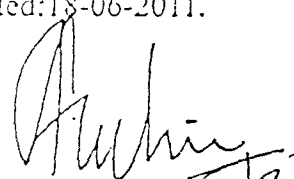

The office of the Convener / Chief Engineer (IPD), shall be headquarter for Procurement Committee.

The Concerned office of Chief Engineer shall maintain the record of procurement proceedings as required under Rule-9 of SPPRA 2010.

Uniform criteria for assessment of bids shall be used by all the Procurement Committees, to ensure uniformity of assessment of similar items and works.

This modifies the earlier order bearing No.MD/KW&SB/2011/197/L dated:18-06-2011.

This issue with the approval of Managing Director, KW&SB.
