## Liaison on CPEC project in Battagram after negotiation negotiations

Baig Khan said that they had stopped the construction work so that the government can listen to the residents' grievances.

Attaullah Khan Baniyan, a member of the CPEC action committee, said that district administration made a number of commitments to the residents in the past but did not honour them, which were the main reason behind the halt of construction work.

Haroon told the Jirga that all the legal demands of the people affected by the CPEC project have been accepted by the administration.

According to the deputy commissioner, it was decided that payment of compensation amount would start from August 15.

Discussing other details of the agreement he added: "From Kas Pul to Thakot area, on property

declared as commercial, commercial rate will apply. In areas where mutation tax is collected on commercial basis, the matter of fruit trees will be taken up with the forest conservator and compensation amount will be paid according to the Abbottabad and Mansehra rates. Chair lifts which come within the CPEC route will be reassessed by XEN C&W before their value is declared. All link roads which intersect the CPEC route will be constructed as underpasses or flyovers. Haroon added that he had told members of the CPEC committed to establish their office in Battagram for better liaison between them and the area's residents.

"All the legal concern of the people affected by the project will be addressed but the people need to trust the departments involved," he added.

support and excellent work by WAPDA engineers, the project was re-energised and is likely to see the light of the day after 15 years.

WAPDA Chairman

Thereafter, water will be discharged to the distribution system for irrigation in August. He said that 72,000 acres of virgin land will be irrigated in August.—Agencies
