AkzoNobel reclaims top ranking on Dow Jones

LAHORE: AkzoNobel has returned to the top of the influential Dow Jones Sustainability Index (DJSI) to lead the rankings again for the fifth time in six years.

The latest listing, published yesterday, places the company first in the Chemicals industry group. It represents a quick and successful response from the company after its run of four consecutive years at the top came to an end in 2016.

"It's a great achievement to be leading our industry again," said AkzoNobel CEO Thierry Vanlancker. "We made a huge effort to improve in areas that needed to be addressed and being ranked first again proves the impact we can have by putting sustainability at the heart of our business strategy."

The company has now featured in the top ten for 12 consecutive years, underlining AkzoNobel's commitment to working with customers to develop sustainable solutions that

make a positive impact on the whole value chain.

"The real value and purpose of the DJSI lies in its effectiveness as a benchmark tool to continue to improve our business," added Vanlancker. "So we're well aware that just because we are leading the ranking again, we can't afford to become complacent. As a leader in sustainability, we are playing a major role in transforming the industries in which we operate. We therefore need to keep improving in order to make the giant leaps required for us to create a more sustainable future."

He pointed to the progress being made by the Decorative Paints business in transitioning to water-based products, and the continued success of partnerships being forged by Specialty Chemicals, as examples of how the company is helping to transform the industries in which it operates. AkzoNobel is also aiming to become carbon natural by 2050. —Agencies

Lawyer seeks ban on media within LHC premises

From Our Correspondent

LAHORE: A lawyer of the Lahore High Court (LHC) yesterday demanded ban on the entry of media into the court premises.

Mohsin Raza Ranjha, an advocate of the high court, has filed an application to President Lahore High Court Bar Association, requesting him to ban media's entry over 'non-factual' reporting. In the application, the advocate claimed that the legal fraternity's solidarity rally for Multan Bar President Sher Zaman was covered by

media in a 'biased' manner.

"The lawyers were portrayed as rowdy and terrorists, that's contrary to facts and a practice of 'yellow journalism' by media channels," he stated.

The lawyer requested the LHC Bar Association's President to permanently stop media persons from entering the high court. The application came two days after police and lawyers clashed outside LHC where contempt of court proceedings were underway against Sher Zaman Qureshi, the president of the Lahore High Court Bar Association's (LHCBA) Multan chapter.

companies was calculated at Rs4.78 per unit in July against the reference price of Rs6.49 per unit, which suggested that the consumers were entitled to a refund of Rs1.70 per unit.

As the power distribution companies had recovered an extra Rs20 billion through electricity bills for July, these would be refunded to the consumers in September bills.

September 2017 will reflect fuel price adjustment charges. Overall, power producers will refund around Rs20 billion to the consumers.

However, K-Electric and agricultural consumers as well as domestic consumers that use less than 300 units of electricity per month will not enjoy the relief.

The National Electric Power Regulatory Authority (Nepra) took the tariff cut decision during the monthly public hearing on Wednesday following a petition filed by the Central Power Purchasing Agency (CPPA), which sought a reduction of Rs1 7090 per unit.

Stop the Genocide of Muslims in the City of Rohingya in Myanmar

KARACHI: Famous Singer and Social worker Somia Khan has strongly condemned the massacre of innocent Muslims in Myanmar. Somia Khan urged the OIC member Estates and the United Nation to act fast to immediately stop the genocide of the innocent Muslims of Rohingya Myanmar, as the Muslims are living there for decades. She exclaimed how Myanmar is killing its own Muslim citizen.

Somia Khan further said that more than a million Muslims in Myanmar are victims of torture abuse and death which includes a huge number

of children's women's and Elderly persons all of them are innocent citizens. More than hundred thousand (100,000) Muslims have already been killed by the Barbarians of Myanmar.

According to the International rules and as per Myanmar rules all the Nationals living in Myanmar since 1830 are the real citizens and nationals of Myanmar and the Myanmar Government is not accepting them as their Citizens which is a clear violation of United Nations Charter. This act of Barbarism must be stopped immediately and the International Community must

act fast to tackle the issue in order to protect the lives and property of the innocent Muslims of Myanmar from the hands of the Barbarians. She also urged United Nations to take a bold step to stop the genocide of Muslims living since decades in Myanmar. United Nations must call an Urgent meeting to discuss the issue with the civilized members of UNO. Further USA and Great Britain to play their effective role in this matter immediately as well as the OIC - Organization of Islamic Countries must play their vital role to resolve this issue at the soonest.

Ambition and feminism have turned into bad words, says Priyanka Chopra

When asked about her career, Priyanka Chopra always replies with "I'm a girl doing her job," but we all know that behind all that success, she's the one steering the wheel. In an interview with Paper Magazine, the Bollywood actor shared that her ambition has led her to where she is. "I'm extremely ambitious and I think it's a really great quality for girls to have. Somehow, ambition and feminism have turned into bad words, and they're not," she said.

***ADDRESS: OPPOSITE TO AGRICULTURE ENGINEERING WORKSHOP NAREJA

Background

Agriculture is Pakistan's largest single sector of the economy, ahead of manufacturing, and accounts for 21.6 percent of the total gross domestic product (GDP). Its share has, however, declined from over 35 percent in the early 1970s to 30 percent in 1980/81 and 21.6 percent at present due to strong growth in the manufacturing and service sectors. The agriculture sector at present employs 17.5 million workers that represents 47.6 percent of Pakistan's total labour force. The livelihoods of 62 percent of population living in rural areas directly or indirectly depends on agriculture. The latest census indicates that there are 5.1 million farmers with an average farm size of 3.8 hectares which is a decrease from 4.7 hectares and 5.3 hectares in 1980 and 1972, respectively. It has been reported that 69 percent of the farmers are owner-operators as compared to 55 percent in 1980 and 42 percent in 1972. The agriculture is, therefore, back bone of country's economy contributing over 60 percent of foreign exchange earnings.

In general agriculture production has kept pace over the years with increasing demand mainly through horizontal expansion. Yields have remained fairly constant and comparable with those of countries having similar agro-climatic conditions. Production of vegetables, in particular tomatoes and potatoes, has tripled in the last 20 years. The potential for horizontal expansion has, however, been largely exhausted. The need for intensification and modernization of agriculture including improved irrigation techniques has, therefore, become more pressing to satisfy the ever-growing food requirements of the country.

6.2 Present Status of Irrigated Agriculture

Attainment of food security for burgeoning population of the province is the priority policy objective of Government, which has already reached 160 million and it will reach 221 million by 2025 at present growth rate of 1.8 percent. The estimates for demand and production of selected agricultural commodities in 2010 and 2025 under "Lower Demand Scenario" for feeding exponentially growing population are given in the Table below.

Crop	Per Capita Demand (Kg/Annum)	Projected Production Requirements (M. Tons)	
		2010	2025
Wheat	154.0	26.69	34.03
Rice	14.5	5.70	6.20
Cotton	8.8	2.10	2.20
Sugar	28.4	55.20	65.00

municipal and industrial water demand is expected to increase from 4.1 MAF in 2004 to about 12.1 MAF in 2025, albeit with some return flow to the river system. It is estimated that the shortfall of irrigation water in 2025 will be about 31.39 MAF.

The situation demands immediate steps to enhance agricultural production to ensure uninterrupted food supply in the coming years but water is becoming major limiting factor in achieving this objective. There are 9.1 million hectares of cultivable land in the country that could not be brought under cultivation due to non-availability of adequate irrigation water. Although, water resources have been developed during last four decades through construction of dams, canals, and mobilization of groundwater but these developments are not consistent with escalating demand. Consequently, the per capita water availability has declined from 5,650 m³ in 1960 to presently about 1,200 m³. It has been projected that Pakistan would enter in the band of water scarce countries of the world by 2010 when water available per person would be less than 1,000 m³.

On farm water management program has already initiated interventions such as improvement of watercourses in the province under various programmes. These initiatives are being successfully implemented and it is expected that improvements being so made will contribute significantly towards enhancing water productivity at the farm level. The proposed project envisages to compliment the efforts for conservation and efficient use of irrigation water. In this project all already lined watercourses of command area and non-command area will be lined maximum for 30% more of remaining length of watercourses.

Fresh water is a finite and vulnerable resource. Its per capita availability is decreasing with increasing population and food requirements. It is, therefore, required to promote new water conservation techniques as quickly as possible. The project aims to meet priority objectives of the water sector by creating awareness and promoting efficient use of available water.

The proposed project is part of the nation-wide on farm water management (OFWM) program with the objective to increase agricultural production to a level where not only domestic needs are met but exportable surplus is also generated for foreign exchange earnings. Improvement of watercourse system on the farm will help produce seepage losses and thus provide additional water for bringing additional areas under cultivation as well as for improving crop productivity and quality to become competitive in international markets.

The underlying objectives of the envisaged initiative are consistent with those of the agriculture sector as a whole which aims at increasing farm productivity, ensuring food security, economic uplift of small farmers, and improving economy of the province as a whole.

Project Components and Provisions

The proposed project would have the following component.

Additional Lining of 500 Already Improved Watercourses for 30% of the remaining length for the year 2017.

For improvement of watercourses following alternatives are proposed.

1. Brick Lining.
2. Pre-Cast Lining(PCPL)
3. Pipe Lining.

Expected benefits of the Project:

Financial Benefits

The project will have both tangible and intangible benefits but there will be no direct income from the scheme to the government. Increase in crop yields, cropping intensity, cropped area, better change in cropping pattern, good quality produce etc. resulting from implementation of envisaged interventions will, however, have an indirect impact on its income side. The same would result in substantial increase in farm returns and provide enhanced employment opportunities to the rural population of project area.

11.2 Economic Benefits

As per calculation the EIRR is about 37.46% and Cost benefit ratio is 1: 2.00

11.3 Environmental Impact

The project is environment friendly and would not cause any adverse environmental affects normally associated with the new development, resettlement, depletion of land and water resources, and loss of wildlife habitats. .

Consultancy Requirement:

The project is under execution of Director On Farm Water Management Sindh Hyderabad, Agriculture supply and prices department, Government of Sindh. Under this project only those watercourses will be considered which are already partially/initially lined by the department under any scheme. This project is participatory project in which government contributes to 80% of construction material and farmers are paying 20% of material cost along with skilled and unskilled labours used for the construction of watercourse. The watercourses material is provided by the government through qualified approved suppliers in three milestones i.e 40%, 40% and 20%. The consultancy will be hired for the validation of watercourses for the year 2017 and to check quality, quantity, workmanship and other issues of watercourses. .

Duration of Assignment

From date of contract agreement to 30-06-2018. The estimated cost of the assignment is 19.743 million.PEC registered consultants should submit information indicated in the attachment. Firms are required to support their experience in stated objectives of the project specifically.

- 2. Introduction**
- 2.1 The Procuring agency named in the Data Sheet will select a consulting firm/organization (the Consultant) from those listed in the Letter of Invitation, in accordance with the method of selection specified in the Data Sheet.
- 2.2 The eligible Consultants (shortlisted if so) are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
- 2.3 Consultants should familiarize themselves with rules / conditions and take them into account while preparing their Proposals. Consultants are encouraged to attend a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is, however optional. Consultants may liaise with procuring agency's representative named in the Data Sheet for gaining better insight into the assignment.
- 2.4 Consultants shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. The Procuring Agency reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.
- 2.5 Procuring Agency may provide facilities and inputs as specified in Data Sheet.

3. Conflict of Interest

- 3.1.1 Consultants are required to provide professional, objective, and impartial advice and holding the Procuring Agency interest paramount. They shall strictly avoid conflict with other assignments or their own corporate interest. Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of the Procuring Agency, or that may reasonably be perceived as having such effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.
- 3.1.2 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be recruited, under any of the circumstances set forth below:
- (i) A consultant that has been engaged by the procuring agency to provide goods, works or services other than

consulting services for a project, any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firm's consulting services for such preparation or implementation.

- (ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for another Procuring Agency.
- (iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Procuring Agency's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved.

Conflicting Relationships

3.2 Government officials and civil servants may be hired as consultants only if:

- (i) They are on leave of absence without pay;
- (ii) They are not being hired by the agency they were working for, six months prior to going on leave; and
- (iii) Their employment would not give rise to any conflict of interest.

4. Fraud and Corruption

It is Government's policy that Consultants under the contract(s), observe the highest standard of ethics during the procurement and execution of such contracts. In pursuit of this policy, the Procuring Agency follows the instructions contained in Sindh Public procurement Rules 2010 which defines:

“ corrupt and fraudulent practices” includes the offering, giving, receiving, or soliciting, directly or indirectly of anything of value to influence the act of another party for wrongful gain or any act or omission ,including misrepresentation, that knowingly or recklessly misleads or attempt mislead a party to obtain a financial or other benefit or to avoid an obligation;

Under Rule 35 of SPPR2010, “The PA can inter-alia blacklist Bidders found to be indulging in corrupt or fraudulent practices. Such

barring action shall be duly publicized and communicated to the SPPRA. Provided that any supplier or contractor who is to be blacklisted shall be accorded adequate opportunity of being heard”.

5. Integrity Pact

Pursuant to Rule 89 of SPPR 2010 Consultant undertakes to sign an Integrity pact in accordance with prescribed format attached hereto for all the procurements estimated to exceed Rs. 2.5 million. (Annex-A)

6. Eligible Consultants

6.1 If short listing process has been undertaken through REOI, as outlined under Rule 73 and 74 of SPPR2010 for the Contract(s) for which these RFP documents are being issued, those firms - in case of Joint Ventures with the same partner(s) and Joint Venture structure - that had been pre-qualified are eligible.

6.2 Short listed consultants emerging from request of expression of interest are eligible.

7. Eligibility of Sub-Consultants

A shortlisted Consultant would not be allowed to associate with Consultants who have failed to qualify the short listing process.

8. Only one Proposal

Shortlisted Consultants may only submit one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. Participation of the same Sub-Consultant, including individual experts, to more than one proposal is not allowed.

9. Proposal Validity

9.1 The Data Sheet indicates Proposals validity that shall not be more than 90 days in case of National Competitive Bidding (NCB) and 120 days in case of International competitive Bidding (ICB). During this period, Consultants shall maintain the availability of Professional staff nominated in the Proposal.

The Procuring Agency will make its best effort to complete negotiations within this period. Should the need arise; however, the Procuring Agency may request Consultants to extend the validity period of their proposals. Consultants who agree to such extension shall confirm that they maintain the availability of the Professional staff nominated in the Proposal, or in their confirmation of extension of validity of the Proposal, Consultants may submit new staff in replacement, who would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.

9.2 Consultants shall submit required bid security along with financial proposal defined in the data sheet (which shall not be

less than one percent and shall not exceed five percent of bid amount).

10. Clarification and Amendment in RFP Documents

10.1 Consultants may request for a clarification of contents of the bidding document in writing, and procuring agency shall respond to such queries in writing within three calendar days, provided they are received at least five calendar days prior to the date of opening of proposal. The procuring agency shall communicate such response to all parties who have obtained RFP document without identifying the source of inquiry. Should the PA deem it necessary to amend the RFP as a result of a clarification, it shall do so.

10.2 At any time before the submission of Proposals, the Procuring Agency may amend the RFP by issuing an addendum/corrigendum in writing. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the Procuring Agency may, if the amendment is substantial, extend the deadline for the submission of Proposals.

11. Preparation of Proposals

11.1 In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies (deviation from scope, experience and qualification of personnel) in providing the information requested may result in rejection of a Proposal.

11.2 The estimate number of professional staff months or the budget required for executing the assignment should be shown in the data sheet, but not both. However, proposal shall be based on the professional staff month or budget estimated by the consultant.

12. Language

The Proposal as well as all related correspondence exchanged by the Consultants and the Procuring Agency shall be written in English. However it is desirable that the firm's Personnel have a working knowledge of the national and regional languages of Islamic Republic of Pakistan.

13. Technical Proposal Format and Content

13.1 While preparing the Technical Proposal, consultants must give particular attention to the following:

- (i) If a consultant considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with individual consultant(s) and/or other firms or entities in a joint venture or sub-

consultancy, as appropriate. The international consultants are encouraged to seek the participation of local consultants by entering into a joint venture with, or subcontracting part of the assignment to, national consultants.

- (ii) For assignments on a staff-time basis, the estimated number of professional staff-months is given in the Data Sheet. The proposal shall, however, be based on the number of professional staff-months estimated by the firm. For fixed-budget-based assignments, the available budget is given in the Data Sheet, and the Financial Proposal shall not exceed this budget.
- (iii) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or have an extended and stable working relationship with it.
- (iv) Proposed professional staff must, at a minimum, have the experience indicated in the Data Sheet, preferably working under similar geographical condition.
- (v) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) shall submitted for each position.

13.2 The Technical Proposal shall provide the following information using the attached Standard Forms (Section 3):

- (i) A brief description of the consultant organization and an outline of recent experience on assignments (Section 3B) of a similar nature. For each assignment, the outline should indicate, *inter alia*, the profiles of the staff, duration of the assignment, contract amount, and firm's involvement.
- (ii) Any comments or suggestions on the Terms of Reference and on the data, a list of services, and facilities to be provided by the PA (Section 3C).
- (iii) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member, and their timing (Section 3E).
- (iv) CVs recently signed by the proposed professional staff and the authorized representative submitting the proposal (Section 3F). Key information should include number of years working for the consultant and degree of responsibility held in various assignments during the last _____ (PA may give number of years as per their requirement) years.
- (v) Estimates of the total staff input (professional and support

staff; staff time) needed to carry out the assignment, supported by bar chart diagrams showing the time proposed for each professional staff team member (Sections 3E and 3G).

- (vi) A detailed description of the proposed methodology, work plan for performing the assignment, staffing, and monitoring of training, if the Data Sheet specifies training as a major component of the assignment (Section 3D).
- (vii) Any additional information requested in the Data Sheet.

13.3 The Technical Proposal shall not include any financial information.

14. Financial Proposals

14.1 The Financial Proposal shall be prepared using the attached Standard Forms (Section 4). It shall list all costs associated with the assignment, including (a) remuneration for staff (in the field and at the Consultants' office), and (b) reimbursable expenses indicated in the Data Sheet (if applicable). Alternatively Consultant may provide their own list of cost. If appropriate, these costs should be broken down by activity. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items.

15. Taxes

15.1 The Consultant will be subject to all admissible taxes including stamp duty and service charges at a rate prevailing on the date of contract agreement unless exempted by relevant tax authority.

16. Submission, Receipt, and Opening of Proposals

16.1 Proposal shall contain no interlineations or overwriting. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 3, and FIN-1 of Section 4. All pages of the original Technical and Financial Proposals will be initialed by an authorized representative of the Consultants (Individual Consultant). The authorization shall be in the form of a written power of attorney accompanying the Proposal

16.2 All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original governs.

16.3 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "TECHNICAL PROPOSAL" Similarly, the original Financial Proposal (if required under the selection method indicated in the Data Sheet)

shall be placed in a sealed envelope clearly marked “FINANCIAL PROPOSAL” followed by name of the assignment, and with a warning “**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**” If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.

16.4 The Proposals must be sent to the address indicated in the Data Sheet and received by the PA no later than the time and the date indicated in the Data Sheet, or any extension to this date. Any proposal received by the PA after the deadline for submission shall be returned unopened. In order to avoid any delay arising from the postal or PA’s internal despatch workings, Consultants should ensure that proposals to be sent through couriers should reach a day before the deadline for submission. .

17. Proposal Evaluation

17.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the PA on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence the PA in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants’ Proposal.

Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

18. Evaluation of Technical Proposals

18.1 The evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it fails to achieve the minimum technical score indicated in the Data Sheet.

In the case of Quality-Based Selection, Selection Based on Consultant’s Qualifications, and Single-Source Selection, the highest ranked consultant or firm selected on a single-source basis is invited to negotiate its proposal and the contract on the basis of the Technical Proposal and the Financial Proposal submitted.

**Public Opening and Evaluation of Financial Proposals:
(LCS , QCBS, and Fixed Budget Selection Methods Only)**

18.2 After the technical evaluation is completed, the PA shall notify in writing Consultants that have secured the minimum

Qualifying marks, the date, time and location, allowing a reasonable time, for opening the Financial Proposals. Consultants' attendance at the opening of Financial Proposals is optional.

Financial proposals of those consultants who failed to secure minimum qualifying marks shall be returned unopened.

19. Evaluation of Financial Proposals

- 19.1 Financial Proposals shall be opened publicly in the presence of the Consultants' representatives who choose to attend. The name of the Consultants and the technical scores of the Consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copy of the record shall be sent to all Consultants.
- 19.2 The Evaluation Committee will correct any computational errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures the formers will prevail. In addition to the above corrections, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items.
- 19.3 In case of **Least Cost Selection LCS Method**, the bid found to be the lowest evaluated bid shall be accepted.
- 19.4 **In case of Quality and Cost Based Selection QCBS Method** the lowest evaluated Financial Proposal (Fm) will be given the maximum financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the Data Sheet: $S = St \times T\% + Sf \times P\%$. The firm achieving the highest combined technical and financial score will be invited for negotiations.
- 19.5 In the case of Fixed-Budget and Quality Based Selection, the Procuring Agency will select the firm that submitted the highest ranked Technical Proposal.

20. Negotiations

20.1 Negotiations will be held at the date and address indicated in the Data Sheet. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff. Failure in satisfying such requirements may result in the PA proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

21. Technical negotiations

21.1 Technical Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The PA and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services”. Minutes of negotiations, which will be signed by the PA and the Consultant, will become part of Contract Agreement.

22. Financial negotiations

22.1 If applicable, it is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the tax amount to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the firm’s tax liability, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. Consultants will provide the PA with the information on remuneration rates described in the Appendix attached to Section 4 (i.e. Financial Proposal - Standard Forms of this RFP).

23. Availability of Professional staff/experts

23.1 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the PA expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the PA will require assurances that the Professional staff will be actually available. The PA will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within

the period of time specified in the letter of invitation to negotiate.

24. Award of Contract

APPENDIX. FINANCIAL NEGOTIATIONS - BREAKDOWN OF REMUNERATION RATES

(Not to be used when cost is a factor in the evaluation of Proposals)

1. Review of Remuneration Rates

1.1 The remuneration rates for staff are made up of salary, social costs, overheads, fee that is profit, and any premium or allowance paid for assignments away from headquarters. To assist the firm in preparing financial negotiations, a Sample Form giving a breakdown of rates is attached (no financial information should be included in the Technical Proposal). Agreed breakdown sheets shall form part of the negotiated contract.

1.2 The PA is charged with the custody of funds from Government of Sindh and is expected to exercise prudence in the expenditure of these funds. The PA is, therefore, concerned with the reasonableness of the firm's Financial Proposal, and, during negotiations, it expects to be able to review audited financial statements backing up the firm's remuneration rates, certified by an independent auditor. The firm shall be prepared to disclose such audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. Rate details are discussed below.

(i) Salary

This is the gross regular cash salary paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus.

(ii) Social Costs

Social costs are the costs to the firm of staff's non-monetary benefits. These items include, *inter alia*, social security including pension, medical and life insurance costs, and the cost of a staff member being sick or on vacation. In this regard, the cost of leave for public holidays is not an acceptable social cost nor is the cost of leave taken during an assignment if no additional staff replacement has been provided. Additional leave taken at the end of an assignment in accordance with the firm's leave policy is acceptable as a social cost.

(iii) Cost of Leave

The principles of calculating the cost of total days leave per annum as a percentage of basic salary shall normally be as follows:

$$\text{Leave cost as percentage of salary}^1 = \frac{\text{total days leave} \times 100}{[365 - w - ph - v - s]}$$

¹ Where *w* = weekends, *ph* = public holidays, *v* = vacation, and *s* = sick leave.

It is important to note that leave can be considered a social cost only if the PA is not charged for the leave taken.

(iv) Overheads

Overhead expenses are the firm's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the contract. Typical items are home office costs (partner's time, nonbillable time, time of senior staff monitoring the project, rent, support staff, research, staff training, marketing, etc.), the cost of staff not currently employed on revenue-earning projects, taxes on business activities and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The PA does not accept an add-on margin for social charges, overhead expenses, etc., for staff who are not permanent employees of the firm. In such case, the firm shall be entitled only to administrative costs and fee on the monthly payments charged for subcontracted staff.

(v) Fee or Profit

The fee or profit shall be based on the sum of the salary, social costs, and overhead. If any bonuses paid on a regular basis are listed, a corresponding reduction in the profit element shall be expected. Fee or profit shall not be allowed on travel or other reimbursable expenses, unless in the latter case an unusually large amount of procurement of equipment is required. The firm shall note that payments shall be made against an agreed estimated payment schedule as described in the draft form of the contract.

(vi) Away from Headquarters Allowance or Premium

Some Consultants pay allowances to staff working away from headquarters. Such allowances are calculated as a percentage of salary and shall not draw overheads or profit.

(vii) Subsistence Allowances

Subsistence allowances are not included in the rates, but are paid separately and in local currency. No additional subsistence is payable for dependents—the subsistence rate shall be the same for married and single team members.

Standard rates for the particular country may be used as reference to determine subsistence allowances.

2. Reimbursable expenses

2.1 The financial negotiations shall further focus on such items as out-of-pocket expenses and other reimbursable expenses. These costs may include, but are not restricted to, cost of surveys, equipment, office rent, supplies, international and local travel, computer

rental, mobilization and demobilization, insurance, and printing. These costs may be either unit rates or reimbursable on the presentation of invoices, in foreign or local currency.

3. PA Guarantee

- 3.1 Payments to the firm, including payment of any advance based on cash flow projections covered by a PA guarantee, shall be made according to an agreed estimated schedule ensuring the consultant regular payments in local and foreign currency, as long as the services proceed as planned.
