If a tender does not comply with the tender dossier, it will be rejected immediately and may not subsequently be made to comply by correcting it or withdrawing the departure or restriction.

**13.3** In the interests of transparency and equal treatment and to facilitate the examination and evaluation of tenders, the evaluation committee may ask each tenderer individually for clarification of its tender including breakdowns of prices, within a reasonable time limit to be fixed by the evaluation committee. The request for clarification and the response must be in writing, but no change in the price or substance of the tender may be sought, offered or permitted except as required to confirm the correction of arithmetical errors discovered during the evaluation of tenders. Any such request for clarification must not distort competition. Decisions to the effect that a tender is not technically compliant must be duly justified in the evaluation minutes.

### **13.4 Financial evaluation**

- where there is a discrepancy between amounts in figures and in words, the amount in words will be the amount taken into account;
  - except for lump-sum contracts, where there is a discrepancy between a unit price and the total amount derived from the multiplication of the unit price and the quantity, the unit price as quoted will be the price taken into account.
- b)** Amounts corrected in this way will be binding on the tenderer. If the tenderer does not accept them, its tender will be rejected.

### **13.5 Award criteria**

- The sole award criterion will be the required/given technical specification and price.
- SZABIST ZABTech iTVE reserve the right to split the contact between two or more suppliers as per received offers.
- The technically compliant tender that offers the best price-quality ratio will be chosen.

The unit prices quoted in the tender shall be used.

**14.5** Within 7 days receipt of the contract signed by the SZABIST ZABTech, the selected tenderer must sign and date the contract and return it, with the performance guarantee (if applicable), to the SZABIST ZABTech. On signing the contract, the successful tenderer will become the Contractor and the contract will enter into force.

**14.6** If it fails to sign and return the contract and any financial guarantee required within 14 days after receipt of notification, the SZABIST ZABTech may consider the acceptance of the tender to be cancelled without prejudice to the SZABIST ZABTech’s right to seize the guarantee, claim compensation or pursue any other remedy in respect of such failure, and the successful tenderer will have no claim whatsoever on the SZABIST ZABTech.

**16.2** Without the SZABIST ZABTech’s prior written authorization, a Contractor and its staff or any other company with which the Contractor is associated or linked may not, even on an ancillary or subcontracting basis, supply other services, carry out works or supply equipment for the project. This prohibition also applies to any other projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the Contractor.

**16.3** When submitting a tender, tenderers must declare that they are not affected by a conflict of interest and have no equivalent relation in that respect with other tenderers or parties involved in the project. Should such a situation arise during execution of the contract, the Contractor must immediately inform the SZABIST ZABTech.

**16.4** Contractors must at all times act impartially and as faithful advisers in accordance with the code of conduct of their profession. They will refrain from making public statements about the project or services without the SZABIST ZABTECH ITVE’s prior approval. They may not commit the SZABIST ZABTech in any way without its prior written consent.

**16.5** For the duration of the contracts, Contractors and their staff must respect human rights and undertake not to offend the political, cultural and religious mores of the beneficiary state. In particular, and in accordance with the legal basic act concerned, tenderers that have been awarded contracts must abide by core labour standards as defined in the relevant International Labour Organization conventions (such as the Conventions on freedom of association and collective bargaining; Abolition of forced and compulsory labour; Elimination of forced and compulsory labour; Abolition of child labour).

**16.8** The contract governs the Contracting Parties’ use of all reports and documents drawn up, received or presented by them during the implementation of the contract.

**16.9** Contractors must refrain from any relationship likely to compromise their independence or that of their staff. If the Contractor ceases to be independent, the SZABIST ZABTech may, regardless of injury, terminate the contract without further notice and without the Contractor having any claim to compensation.

**16.10** The Commission reserves the right to suspend or cancel project financing if corrupt practices of any kind are discovered at any stage of the award process and if the SZABIST ZABTech fails to take all appropriate measures to remedy the situation. For the purposes of this provision, ‘corrupt practices’ are the offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a contract or implementation of a contract already concluded with the SZABIST ZABTech.

**16.11** All tenders will be rejected or contracts terminated if it emerges that the award or implementation of a contract has given rise to unusual commercial expenses. Such unusual commercial expenses are commissions not mentioned in the main contract or not stemming from a properly concluded contract referring to the main contract, commissions not paid in return for any actual and legitimate service, commissions remitted to a tax haven, commissions paid to a recipient who is not clearly identified or commissions paid to a company which has any appearance of being a front company.

**16.12** The Contractor undertakes to supply the Commission on request with all supporting documents relating to the conditions of the contract’s execution. The Commission may carry out whatever documentary or on-the-spot checks it deems necessary to find evidence in cases of suspected unusual commercial expenses.

### **17. Cancellation of the tender procedure**

If a tender procedure is cancelled, tenderers will be notified by the SZABIST ZABTech. If the tender procedure is cancelled before the tender opening session the sealed envelopes will be returned, unopened, to the tenderers. Cancellation may occur, for example, if:
