PREQUALIFICATION OF CONTRACTORS FOR CONSTRUCTION OF DHQ HOSPITAL, MITHI

PREQUALIFICATION DOCUMENT

***N.B:-**

This document is a guideline for prequalification of contractor and the contractor must submit his proposal for evaluation as per the guideline given, in this document.

1.0 Introduction

The basic aim of the pre-qualification is intended to eliminate, early in procurement proceedings, contractors that are not suitably qualified to perform the contract. The pre-qualification specifically means selection of competent bidders. It is required for large and complex civil works contracts, turnkey contracts, and contracts for the fabrication of expensive and technically complex plant and equipment. This is to ensure that only firms with appropriate experience, a proven track record, and necessary annual turnover, and that can provide all the equipment required in a timely manner and will be only invited for opening of bid. Thus assessment by an implementing agency of the suitability of firms to carry out a particular contract **prior** to being invited to submit a bid is a process called **pre-qualification**.

2.0 Sindh Public Procurement Rules 2010 (Amended 2017)

When and how to engage in the bidding process, is clearly explained in SPP Rules 27 & 28, 2010 (Amended 2017) and same may be referred for further guidance.

3.0 The Pre-qualification Process

3.1 Advertisement and Notification

The invitation for post qualification notice shall be advertised in the manner explained in the SPP Rules 15, 17 & 18 of 2010 (Amended 2017).

3.2 Preparing and Issuing of Bidding Document

The Procuring Agency is responsible for preparing and issuing the Pre-qualification Document to all interested bidders. All information and data particular to each individual pre-qualification process must be provided by the agency in the following sections of the Pre-qualification Document:

- 4.0 Section I. Instructions to Bidders (ITB);**
- 5.0 Section II. Eligibility & Evaluation/Qualification Criteria;**
