INVITATION TO PREQUALIFY

1. INTRODUCTION

Greater Karachi Sewerage Plan (S-III) is being undertaken to address the sewage treatment and disposal problems of Karachi city. As an integral part of the project, construction of new sewage treatment plant of 180 MGD capacity is now being initiated.

Site for proposed new sewage treatment plant is located at Korangi Creek Area of Karachi, sufficient land of approximately 300 acres (1,214,048 m²) has already been earmarked for the construction of proposed sewage treatment plant.

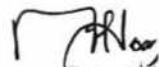

Located on the coast, Karachi has an arid climate with low average precipitation levels (approx. 200 mm per annum), the bulk of which occurs during the July–August monsoon season. Winters are mild and dry, while the summers are warm and humid; the proximity to the sea maintains humidity levels at a near-constant high and cool sea breezes relieve the heat of the summer months.

Karachi Water and Sewerage Board intends to pre-qualify 'Design, Build and Operate (DBO) contractors for establishment of new sewage treatment plant. Under a DBO contract, the contractor will design the Electrical & Mechanical Equipment, associated works, ancillaries and civil works, procure the necessary equipment and materials and construct it. The DBO contractor will also carry out "Operation and Maintenance" of the STP for a specified period after commissioning of the plant.

The Pre-qualification is an assessment made by the Employer, of the appropriate level of experience and capacity of firms expressing interest in undertaking the aforesaid tasks, before inviting them to bid.

Applications are invited for prequalification from the parties who are interested in executing this project on DBO basis.

Client reserve the right to reject any or all application(s) for Prequalification without assigning any reason and without incurring any liability to the Applicant.

3.2.5 Financial Position

The Applicant should demonstrate that he has access to, or has available liquid assets, un-encumbered real assets, lines of credit and other financial means sufficient to meet the construction cash flow for the execution of works. Applicant's commitments for other ongoing contracts shall also be considered.

The audited balance sheets for the past three years should demonstrate the soundness of the Applicant's financial position, showing long term profitability. Where necessary, the Client will make enquiries with the Applicant's bankers.

3.2.6 Litigation History

The Applicant should provide accurate information on a stamp paper of value Rs.100/- mentioning any litigation or arbitration resulting from contracts completed or under execution over the last five years, duly signed and stamped by the Applicant. History of excessive contract arbitration and litigation resulting in decision of two cases against them will be considered sufficient ground for disqualification. (In case of JV Separate Litigation History for all JV / Associate Partners is mandatory)

Project Director (C) -
K W & S B

3.3 JOINT VENTURE (JV)

3.3.1 A Joint Venture of more than three (3) members will not be considered.

An agreement that includes but not limited to the following shall be submitted:

- a) Definition of the future roles & responsibilities of all members in case of the award of tender specifying division & location of works, authorization of a lead member, and etc.
- b) A statement that all members of the Joint Venture shall undertake jointly and severally the obligations of the Joint Venture agreement under any Contract if awarded.
- c) A statement that the composition or constitution of the Joint venture shall not be altered without prior written consent by the Client.
- d) A statement that the members of the Joint Venture will upon award of Contract appoint a single individual as the Project Manager who will have the authority to act on behalf of the Joint Venture.
- e) A statement that, for the purpose of the implementation of the Contract, the Joint Venture shall act as and be considered a single entity and in particular shall have a Joint bank account in its name, submit joint financial guarantees/securities, joint invoices, and joint reports, and that payment into such bank account shall satisfy the Client's payment obligations to any and all members of the Joint Venture and,
- f) Where a member of the Joint Venture is a subsidiary company, such member shall submit an undertaking from a parent company acceptable to the Client that it will enter into a Guarantee with the Client in respect of the obligations of such member under any Contract if awarded.
- g) No more than one application shall be considered from any group of companies.

Project Director (S-III)
K W & S B

3.3.2 The joint venture must comply with following requirements.

- (a) The joint venture must collectively satisfy the criteria of paragraphs 3.2, 3.3 and 3.4, for which purpose the relevant figures for each of the partners shall be added together to arrive at the JV's total capacity.
- (b) Any change in a short listed JV after prequalification, shall be subject to the written approval of the Client prior to the deadline for submission of bids. Such approval may be denied if:-
 - i) Partner(s) withdraw from a JV and remaining partners do not meet the qualifying requirements;
 - ii) The new partners to a JV are not qualified individually or as another JV; or
 - iii) In the opinion of the Client, a substantial reduction in competition would result.
 - iv) Withdrawal of Lead firm shall constitute enough ground for the disqualification of JV.
 - v) Bid shall be signed by all members in the JV so as to legally bind all partners, jointly and severally, and bid shall be submitted with a copy of the JV agreement providing the joint and several liabilities with respect to the contract.

3.3.3 The prequalification of a JV does not necessarily pre-qualify any of its partners individually or as a partner in any other JV or association. In case of dissolution of a JV, each one of the constituent firms may pre-qualify if they meet all the prequalification requirements and any partner of J.V has requested/shall request for the same and then his prequalification shall be subject to the written approval of the Client.

3.3.4 Foreign Contractors

According to clause 2 of PEC Engg Works Bye Laws 7:

A foreign constructor or foreign operator wishing to participate in the Bidding Process in Pakistan shall obtain an appropriate license from the Council before initiating any activity which is a subject of these Bye- laws. The foreign Contractors or foreign operator may be granted license only for specific projects which need expertise and specialized technology of construction or operation not available with a Pakistani constructor or Pakistani operator. Any such foreign constructor or foreign operator shall enter into a joint venture agreement with the Pakistani constructor or Pakistani operator in which share of foreign constructor or foreign operator shall be limited to the expertise and technology not available with the Pakistani constructor or Pakistani operator. The establishment of a joint venture shall be subject to the condition that share of the Pakistani constructor or Pakistani operator shall not be less than thirty percent.

A foreign firm has to get ENLISTED with PEC before participating in the Bidding Process in Pakistan. Upon enlistment a certificate on Form PEC-5B shall be issued to the foreign constructor, or as the case may be, foreign operator on payment of requisite fee for allowing him to operate in Pakistan.

On fulfillment of conditions set out in clause (2) of bye- law 7 and submission of the relevant documents, the foreign constructor or foreign operator, if interested in bidding negotiation for any project, can obtain a license as prescribed in clause (4) of Engineering Works Bye Laws of Pakistan Engineering Council, upon depositing the requisite processing fee for that specific project.

Project Director (S-III)
K W & S B

3.4 CONFLICT OF INTEREST

3.4.1 The Applicant (including all members of a JV) must not be associated, nor have been associated in the past, with the consultant or any other entity that has prepared the conceptual design, specifications, and other prequalification and bidding documents for the project, or was working as Engineer for the contract, over the last five years. Any such association may result in disqualification of the Applicant.

3.5 UPDATING PREQUALIFICATION INFORMATION

3.5.1 Bidders shall be required to update the financial, personnel and equipment information used for prequalification at the time of submitting their bids, to confirm their continued compliance with the qualification criteria and verification of the information provided at the time of prequalification. A bid shall be rejected if the Applicant's qualification thresholds are no longer met at the time of bidding.

3.6 OTHER FACTORS

3.6.1 Only firms and JVs that have been short listed under this procedure shall be invited to bid. A qualified firm or a member of a qualified JV may participate only in one bid for the contract. If a firm submits more than one bid, singly or as a JV, all bids including that bid will be rejected. This rule will not apply in respect of bids which include specialist sub-contractors who are used by more than one bidder.

3.6.2 The Client reserves the right to:

- a) Amend the scope and value of contract to be bid, in which event the bidder(s) will only bid among those short listed bidders who meet the requirements of the contract(s) as amended. However the Client has to review the disqualified bids who originally do not meet the specified criteria for Pre-qualification.
- b) Reject or accept any application; and
- c) Cancel the prequalification process and reject all applications.

The Employer shall inform the Applicant of the grounds for rejection, if requested by the Applicant.

4.0 EVALUATION CRITERIA

4.1 Applicant meeting the minimum requirements besides other factors shall be considered for pre-qualification. No compromise shall be made on relevant experience and Financial Capacity of the Applicant. History of excessive contract arbitration and litigation resulting in decision of two cases against them will be considered sufficient ground for disqualification. Applicant shall not conceal any information in this request.

The Applicants not fulfilling / submitting the any one of the following mandatory information / requirements shall not be pre-qualified and shall be considered as non-responsive.

- 1) Valid PEC Registration as described in Notice Inviting Prequalification.
- 2) Average Annual Turn Over (minimum Rs. 3000 million).
- 3) Auditor's Balance Sheets for the last 3 years (2016-2017, 2015-2016 & 2014-2015).
- 4) Litigation History on Stamp Paper of Rs.100/- duly signed and stamped by the Applicant (In case of JV Separate Litigation History for all JV / Associate Partners is mandatory).
- 5) A sewage treatment plant design firm of international repute should essentially be a part of the JV or Association members or proof of in house design capability.
- 6) Proof of registration with Income Tax Authority (FBR) and Sindh Revenue Board (SRB), for national (local) firms.
- 7) No Blacklisting Declaration on Stamp Paper of Rs.100/- duly signed and stamped by the applicant. The applicant is never blacklisted from any Government, Semi-Government, Authorities or Autonomous Bodies etc.

4.2 The following weightages as detailed in 4.3 will be used in the Evaluation of the applications for Pre-qualification.

S.No	Category	Maximum Weightage Points	Minimum acceptable Weightage Points
1	Qualification of Firms		
	a. Experience in execution of mega waste water treatment projects executed during last 10 years	50	35

The applicant must submit the list for (1) Equipment owned and (2) Equipment to be hired.

3.2.5 Financial Position

- 3.2.5.1 The Applicant should demonstrate that he has access to, or has available liquid assets, un-encumbered real assets, lines of credit and other financial means sufficient to meet the construction cash flow for the execution of works. Applicant's commitments for other ongoing contracts shall also be considered.

[The duration for the ongoing contracts are calculated by allowing the time of construction from beginning of month invoiced plus the time needed for the Engineer to certify the pay estimate plus the time needed by the Employer to pay the certified amount]

Project Director (S-III)
K W & S B

- 3.2.5.2 The audited balance sheets for the last Three years should demonstrate the soundness of the Applicants' financial position, showing long term profitability and should submit Bank Letter showing currently available credit line. Where necessary the Employer may make enquiries with the Applicant's Auditors.

3.2.6 *Litigation History*

The Applicant should provide accurate information on any litigation or arbitration resulting from contracts completed or under execution over the last five years. History of excessive contract arbitration and litigation resulting in decision of two cases against them will be considered sufficient ground for disqualification.

3.3 **Joint Ventures**

- 3.3.1 Joint Venture must comply with the following requirements:-

- a) Following are minimum qualification requirements:-
- i) The lead partner shall meet not less than 60 percent of all qualifying criteria given in the para 3.2.2 and 3.2.5.
 - ii) Each of the partners shall meet not less than 40 percent of all the qualifying criteria given in para 3.2.2 and 3.2.5..
 - iii) The joint venture must collectively satisfy the criteria of paras 3.2, 3.3 and 3.4, for which purpose the relevant figures for each of the partner shall be added together to arrive at the JV's total capacity. The weightage points shall be given on the basis of this total capacity.
- b) Application shall be signed by all members of the JV so as to legally bind all partners, jointly and severally, and the bid shall be submitted with a copy of the JV agreement providing joint and several liability with respect to the contract.

- 3.3.2 The Pre-qualification of a JV does not necessarily pre-qualify any of its partners individually or as a partner in any other JV or association. In case of dissolution of a JV, the pre-qualification of JV shall cease to exist.

3.3.3 *Foreign Contractors*

In accordance with Clause 2 of PEC Engg Works Bye Laws 7:

A foreign constructor or foreign operator wishing to perform any construction or operation of engineering works in Pakistan shall obtain an appropriate license from the Council before initiating any activity which is a subject of these Bye- laws. The foreign constructors or foreign operator may be granted license only for specific projects which need expertise and specialized technology of construction or operation not available with a Pakistani constructor or Pakistani operator. Any such foreign constructor or foreign operator shall enter into a joint venture agreement with the Pakistani constructor or

Pakistani operator in which share of foreign constructor or foreign operator shall be limited to the expertise and technology not available with the Pakistani constructor or Pakistani operator. The establishment of a joint venture shall be subject to the condition that share of the Pakistani constructor or Pakistani operator shall not be less than thirty percent.

A foreign firm has to get ENLISTED with PEC before initiating any assignment in Pakistan. Upon enlistment a certificate on Form PEC-5B shall be issued to the foreign constructor, or as the case may be, foreign operator on payment of requisite fee for allowing him to operate in Pakistan.

On fulfillment of conditions set out in clause (2) of bye-law 7 and submission of the relevant documents mentioned below, the foreign constructor or foreign operator, if interested in bidding negotiation for any project, can obtain a license as prescribed in clause (4) upon depositing the requisite processing fee for that specific project.

3.4 Conflict of Interest

- 3.4.1 The Application (including all members of a JV) must not be associated, nor have been associated in the Past, with the consultant or any other entity that has prepared the design, specifications, and other pre-qualification and bidding documents for the project, or was proposed as Engineer for the contract, over the last five years. Any such association may result in disqualification of the Applicant.

3.5 Updating Pre-qualification Information

- 3.5.1 Bidder shall be required to update the financial, personnel and equipment information used for pre-qualification at the time of submitting their bids to confirm their continued compliance with the qualification and verification of the information provided at the time of pre-qualification. A bid shall be rejected if the Applicant's qualification thresholds are no longer met at the time of bidding.

3.6 Others Factors

- 3.6.1 Only firms^a and JVs that have been qualified under this procedure shall be invited to bid. A qualified firm or a member of a qualified JV may participate only in one bid for the contract. If a firm submits more than one bid, singly or as a JV, their bids including that of bidder will be rejected.
- 3.6.2 The Employer reserves the right to:-
- a) Amend the scope and value of any contract(s) to be bid, in which event the bidder(s) will only bid among those pre-qualified bidders who meet the requirements of the contract (s) as amended. However the Employer has to review the disqualified bids who originally do not meet the specified criteria for Pre-qualification.

- b) Reject or accept any application; as per SPPRA Rules 2010 and
- c) Cancel the Pre-qualification process and reject all applications.

The Employer shall inform the Applicant of the grounds for rejection, if requested by the Applicant.

Project Director (S-III)
